

Exeter River Dam Study Work Group

Will meet on

Thursday, April 4, 2013

At 9am

In the Nowak Room, Town Office

- VHB and/or Kleinschmidt Associates will provide a summary of the Measures Analysis and discuss logistics for the April 11th meeting to make a determination on the Final Alternatives Analysis.
- VHB will submit the Revised Sediment Transport Analysis and provide a summary of findings and recommendations.
- VHB will submit the Feasibility Study Progress Draft and provide a brief summary of the overall report, revision and/or new information, and forthcoming information to be included in the May 20th version.
- VHB will submit a draft response to questions received and draft compilation of the May 23, 2012 Public Informational Meeting Q & A Session responses.
- Overview of final Project Schedule and ways to be sure feedback is pointed and timely.
- Brief update on related study (CAPE Project which is using some of the data from this study).
