

Police and Fire Subcommittee Minutes

Date: 10/22/18

Present: Corey Stevens, Len Benjamin, Judy Rowan

The subcommittee meeting began at 4:00 PM in the Wheelwright Room of the Town Offices.

The subcommittee went line by line through each department's budget making recommendations for additions or subtractions and adding explanatory information where needed. We developed our recommendations for the 2 FF/EMTs, 1 PT office clerk in the Fire Dept., Fire CIP items, and our rationale for those recommendations. Following our thorough review of the Fire Dept. budget, it again became clear to subcommittee members that a complete study of the department's needs should be undertaken.

We identified additional information desired from each department, questions for each chief, and 2 budgetary updates from the finance director.

Meeting adjourned at 6:30 PM.

Judy Rowan
Subcommittee Chair
