

Exeter Budget Recommendation Subcommittee

Human Services Budget Mtg.

October 14, 2022

12:30pm

Meeting began at 12:30pm

Members Present: Christine Soutter-Subcommittee Chair, Chris Zigmont-subcommittee Member, Liz Canada-subcommittee member and Pam McElroy-Human Services

The group discussed the human services grant funding requests for this year. Two of the previous fund awardees (Ritchie McFarland and Waypoint) merged over the past year and therefore only one fund request was granted resulting in a 6.3% lower overall funding recommendation. The group discussed the general guidelines used to determine funding eligibility and amounts. The amount of residents served by each organization for the past two years was requested and Pam McElroy will be providing that information to the committee. All documents can be found on the Town website as well. All subcommittee members were in agreement that the funding requested for this year was reasonable.

Meeting was adjourned at noon.

Respectfully submitted,

Christine J. Soutter
