

**Minutes of the February 7, 2022, meeting of the ECPAC (Exeter Community Power Aggregation Committee)**

**Present: Lew Hitzrot, Nick Devonshire**

**Remote: Stephanie Marshall, Cliff Sinnott**

- Minutes of Jan 10 and Jan. 24 meetings will be approved at our next meeting since a quorum was not present at this meeting
- Cliff was commended for his presentation at the Deliberative Session where he spoke to Warrant Article #32 without the aid of Power Point slides he had prepared.
- The Committee discussed plans for the upcoming Zoom presentations. We agreed that our role in them was to acquaint those attending with community power – what it is and how it will be implemented in Exeter. We agreed that in doing so we should avoid criticism of policies that have caused the state to lag in the adoption and use of renewable energy. However, we also agreed that, at those sessions, we should encourage attendees to pass the word about community power to others in the community.
- We agreed that we should submit letters to local papers in support of Article #32. If one of our Committee members submits a letter, it should be made clear that the author is a member of ECPAC. We hope that we can convince a member of the business community to submit a letter in support of Article #32. Cliff may know of someone who might do this. Lew will check with Renay to see if she has contacts in the business community who would be willing to write.
- Next meeting: Tuesday, February 22, 2022, at 6:00 pm, Exeter Public Library
