forestry  
statutory permit by notification for Tax Map 107/8

On January 11<sup>th</sup>, the Conservation Commission conducted a site walk at the aforementioned property to review a forestry statutory permit by notification proposal involving prime wetlands and prime wetland buffer. The committee walked the property and after discussion the applicant indicated they were considering revising their plan to exclude impacts within the town of Exeter and would limit work to Hampton Falls.

The walk concluded at 4:15 pm.
