

Town of Exeter Energy Committee
MINUTES- July 23, 2018 at 6:30pm
Town Office, Nowak Room, 10 Front St

Attendance: Lew Hitzrot, Amy Farnham Renay Allen

**This was a 30-min meeting prior to our first appearance at the 7pm Select Board meeting, to introduce ourselves, our projects, and to propose an EVC for downtown Exeter.

ONGOING BUSINESS:

EV Charging Station: Amy had a quote from ReVision but did not bring it since the other vendor's info had already gone into a packet for the SB that past Friday.

Municipal Energy Audits: Amy brought details on energy consumption from various municipal buildings. According to calculations the top four we will work on in the fall are in this order: Town Hall, Senior Center, Safety Complex, Town Offices. Working with Michelle Sopher.

NEW BUSINESS:

Can we have August meeting on a different day? Since we are scheduled to appear before SB on ~~Monday Aug 6~~ at 7pm, would like to meet briefly before that meeting at 6:15 to plan for EV Test-Drive Event work session, instead of our usual 2nd Wednesday. **Would like to change this date to Aug 27 to give SB more time to get familiar with EVC and parking survey.**

ACTION ITEMS:

- Amy –Invite EV drivers to Sept 16th.
- Robin –Invite EV drivers to Sept 16th.
- Julie – add us to Aug 20 Select Board agenda
- Lew –Invite EV drivers to Sept 16th.
- Renay – confirm date for Oct ButtonUp workshop. Get Leaf/Bolt/Ford/Flags, etc and do EVC PR

Next meeting MONDAY, Aug 27 at 6:15 pm (just before SB meeting) ???
