

MINUTES Town of Exeter Energy Committee

Wednesday Oct. 9 2019 at 3:30 pm. Town Office, Wheelwright Room, 10 Front Street

Amy Farnham, Jordan Dickenson, Russ Dean

ONGOING BUSINESS:

Minutes approved.

Town Hall Attic Insulation. Russ says Select Board has received a quote from Steeplejacks to clean & restore the cupola in the town hall for \$48k. Russ will scan the full quote to give us an idea of the scope of work, and for us to assess whether it affects the weatherization project.

Solar Array: Dover HS Solar array discussed as to how it pertains to our possible municipal project. We discussed the benefits of a Power Purchase Agreement (PPA), and the general financials of Dover's project.

NEW:

Municipal Aggregation. New bill SB286 signed in Concord, Russ is very interested to learn more about how these work and if they could work for Exeter. A guest will speak on this at November meeting.

Next meeting Nov. 13 at 3:30, Wentworth Room

ACTION ITEMS: All to attend LES (Local Energy Solutions) Conference in Concord on Nov 15

Amy:

Julie:

Robin:
