RE: Demolition request, 280 Epping Road

Dear Doug:

On January 11, 2022 the Demolition Review Committee, (DRC), reviewed the request to demolish the existing residence at 280 Epping Road. Present at the site were Pam Gjettum, Bill Campbell, Julie Gilman and John Merkle. It is the opinion of the DRC that the structure is not historically or culturally important to the town of Exeter. The DRC also feels that its removal will not have an adverse effect on the remaining adjacent structures or the existing neighborhood.

Please advise the applicant that they are free to proceed with demolition pending securing other required town approvals.

Sincerely,

A handwritten signature in black ink, appearing to read "John W. Merkle", with a long horizontal flourish extending to the right.

John W. Merkle, Vice Chairman
Exeter Heritage Commission
