RE: Demolition request, 50 Linden Street, Barn

Dear Doug:

The Demolition Review Committee (DRC) met today at 50 Linden Street (zone R2; parcel #82/11). The DRC was made up of John Merkle, John Grueter, Pam Gjettum, and me. Gal Peretz, the property owner, was present to answer questions and show us the structure in question. No member of the public was present.

The DRC reviewed the request to demolish the existing barn, which is attached to the house. We were able to view the barn inside and out. It is the opinion of the DRC that the barn is not historically or culturally important to the town of Exeter. The DRC will report this opinion at the next Heritage Commission meeting scheduled for 5/18/22.

Please advise the applicant that they are free to proceed with demolition pending securing other required town approvals.

Sincerely,

A handwritten signature in cursive script, reading "Jay L. Myers", followed by a horizontal line.

Jay L Myers, Chairman
Exeter Heritage Commission
