

Town of Exeter

Downtown Parking, Traffic, and Pedestrian Flow Analysis

The Town of Exeter is conducting a parking study Downtown to better understand:

- Do we need more parking?
- Can we better use the parking we have?
- Can finding parking become easier?
- Can traffic flow be improved?
- Can driving be safer?
- How can walking be made safer?

Parking and traffic pains?

There are two upcoming opportunities to tell us your concerns and wishes for parking and mobility in Downtown Exeter.
