Public Meeting

Lincoln Street Public Input Meeting #2

Thursday, September 21, 2017, at 6:30 P.M.

Lincoln Street School Library
25 Lincoln Street, Exeter, NH

In March 2017, the town voted to approve the Lincoln Street project, which includes improvements to sewer, storm drainage, sidewalks, and roads. A public input meeting was held on June 27, 2017, to seek input from residents, businesses, and other stakeholders on the design of the improvements. This meeting is to discuss the conceptual design that has been developed using the feedback received from the community.

The Department of Public Works, CMA Engineers, and Ironwood Design Group will present an overview of the project and discuss potential improvements with attendees. A conceptual plan of the proposed streetscape will be presented. Following the presentation, attendees are encouraged to share their questions or comments.
