

**Town of Exeter, New Hampshire**  
**Linden Street Little River Bridge Replacement**

Sealed proposals for the Bridge Replacement over Little River at Linden Street in Exeter, New Hampshire will be received at the Town Office, 10 Front Street (“the OWNER”), Exeter, New Hampshire, 03833 until **2:00 pm, June 8, 2015**. Bids received after the specified time will not be accepted.

The project is located just south of the Exeter Cemetery on Linden Street in the Town of Exeter, New Hampshire. The project begins approximately 150 feet north of NHDOT Bridge No. 087/062 and continues south through the bridge approximately 350 feet. The project consists of removal and replacement of two existing corrugated metal pipe (CMP) arches spanning the Little River with a precast concrete adjacent box beam structure founded on stub abutments with steel pile foundations. At the structure, the channel will have a natural stream bed with riprap channel protection along the banks. The project includes installation of the bridge structure, reconstruction of the paved roadway with profile adjustments, installation of guardrail, slope protection, relocation of a water main, and other ancillary work.

Plans and specifications may be viewed at the offices of:

- (1) Exeter Department of Public Works, Town of Exeter, 13 Newfields Road, Exeter, NH 03833
- (2) CMA Engineers, Inc., 55 South Commercial Street, Manchester, NH 03101
