Re: Specifications – Addendum 1

On March 30, 2016 at 10:00AM, the Town of Exeter and its consultant, VHB, held a mandatory pre-bid meeting for the *Great Dam Removal and Exeter River Restoration Project* at the Town of Exeter Library. During the pre-bid meeting, VHB informed the contractors that they would be providing an addendum to the specifications to address updates to insurance and damage responsibilities of the contractor. Addendum 1 only includes changes to section 00800 – *Supplementary Conditions* and the revised section has been uploaded to the Town website. A summary of the updates that were made are provided as follows:

- Added a new paragraph immediately before Paragraph 6.03.A;
- Updated the required Per Occurrence and General Aggregate insurance amounts as part of the Excess or Umbrella Liability Section;
- Referenced Paragraph 6.03.G instead of 6.03.F within SC-6.03; and
- Added new paragraphs immediate following Paragraph 7.12.G
