Subject: Salem street west road width

To: jgilman@exeternh.gov <jgilman@exeternh.gov>, loliff@exeternh.gov <loliff@exeternh.gov>, mcowan@exeternh.gov <mcowan@exeternh.gov>, nbelanger@exeternh.gov <nbelanger@exeternh.gov>, <npapakonstantis@exetnh.gov>, npapakonstantis@exeternh.gov <npapakonstantis@exeternh.gov>, rdean@exeternh.gov <rdean@exeternh.gov>, selectboard@exeternh.gov <selectboard@exeternh.gov>

Dear Select Board,

I spoke last meeting about my driveway length and about traffic safety in regards to the kids and neighbors. That widening the intersection was introducing by more unintended traffic and speed. I saw the posted agenda on Friday Paul's redesign for the meeting. I am under the impression this would be discussed this evening. I woke up this morning to head to work to find the Jamco crew installing the drain and holding tank that will dictate the road width. In asking Jamco's construction manager I was informed Paul informed him of the road change. I am very great full that my driveway was left as is, but I believe it would be better to keep the road and have more sidewalk length for those crossing from Salem onto Oak as well as keeping the current width so people think before heading straight into the neighborhood. Having the drain installed before the meeting negates any discussion on this tonight. As mentioned at last weeks meeting the drain was relocated to be on the roadway.

Thank you for realizing old neighborhoods don't fit today's standard.
