Telephone, facsimile, or e-mail proposals will not be accepted in response to a Request for proposals.

The Town will be accepting proposals until _____, 2020 at 4:00PM.

The Town reserves the right to reject any or all proposals, or accept any proposal determined to be in the best interest of the Town. The Town may cancel this Request for Proposals at any time for any reason.

Introduction

The Town of Exeter NH currently has land it is interested in offering for long term lease, or other mutually agreeable arrangement, for the development of a solar array. The area consists of approximately nine (8) acres of land off Cross Rd and Kingston Rd (NH RT 111). A map showing the approximate location of the area is attached. The area for lease comes with restrictions on how the land may be utilized as it is a closed landfill. Ideally, there will be minimal impact to land.

Background

- Area –A portion of Tax Map 98 Lot 3 (see attached map). This lot is part of a former landfill that has been capped. The land can be accessed via Cross Rd. Three phase power is available at the south end of Cross Rd and along Kingston Rd. The existing tree line at the site shall not be disturbed.

The Town is offering up this land for a long term lease opportunity or other mutually agreeable arrangement that make sense, given the restrictions and location.

Submission Requirements & Evaluation Criteria

Parties interested in this area are encouraged to submit proposals outlining the following;

- A brief description of the Person or Firm interested in the property.
- Impact to the land - How will the proposed use impact the property?
- Proposed length of lease and proposed annual lease payment or other proposed arrangement.
- Other anticipated revenue(s) to the Town, if applicable.
- Anticipated schedule for operating on the site.
- Other pertinent information.

The Town will use the above information to evaluate the proposals and determine which proposals are in the best interest of the Town.
