NEW RATES, ~\$7 MILLION IN VALUE & SAVINGS

Our Board of Directors approved new Community Power rates that will be effective from August 1, 2023 to January 31, 2023. The rates, shown below, will save ~75,000 Community Power customers a combined ~\$5.5 million over the six-month period relative to what customers otherwise would have paid for utility energy service. Coalition communities will simultaneously accrue ~\$1.7 million in community financial reserves over the same period for long-term rate stability, and to enable financing of clean energy projects.

Power Options <i>Electricity supply rates effective 8/1/23 – 1/31/24</i>		Renewable Content	Rate (¢/kWh)	Estimated Cost per Month*	6-month Savings

Ideas for increasing visibility of Opt-Up options

- Table at August 15 Special Town vote: copy of electricity bill, laptop demonstration of how to opt-up online, handout with new rates and instructions on how to opt-up
- Tabling at Exeter farmer's markets
- Mailing to all current community power customers : access to addresses and cost must be determined
- Social media presence on town website, Exeter report and facebook pages
- Other ideas????
