

Draft Minutes  
Swasey Parkway Trustees  
4/16/18

In attendance: Trustees Mark Damsell and Gerry Hamel, Select Board Rep Anne Surman, Josh Jennings (Seacoast Growers), Bruce Kenney (T-Buck Construction), Andy Morrill (Wright Pierce)

Meeting called 11.00.

Weekly construction meeting was held at the pump station next to Swasey Park.

Trustee Hamel and Select Woman Surman joined Trustee Damsell at the weekly meeting to discuss potential problems that could arise with the Thursday Farmers Market that will start the beginning of May.

Josh Jennings was in attendance along with other members of the Seacoast Growers that over see the market.

Bruce Kenney from T- Buck Construction wanted traffic flow to remain the same as the current one way and told members of the market that the area that is shut down to traffic will be needed to get their construction vehicles through. Members from Seacoast Growers will limit the number of cars and find another place to park them during the market. Trustee Hamel suggested getting in touch with Phillips Academy to see if market members could use an area adjacent to the park for parking on Thursdays. Select Woman Surman gave the name of the contact person at the academy to Seacoast Growers to see if they could get permission.

All members of the market said they will be willing to work within any guide lines and were grateful for the cooperation of T-Buck Construction and all parties involved.

Respectfully submitted,

Trustee Gerry Hamel / Scribe
