Swasey Parkway Trustee Site Walk Meeting Minutes for 10/19/2022

Approved Minutes

Present: Dave Short, Darius Thompson and Dwane Staples

The meeting opened at 4:02pm at the Water Street end. We went to the area behind the Harris Center to discuss what plant material may be installed along the fence. Mr. Thompson took video of the area for reference.

We then moved down along the fence and looked at trees that are in need of pruning and possible removal. The trees in this area that we felt were in need of pruning and removal were captured on video taken by Mr. Thompson.

Pruning of the shrubs was discussed and Mr. Staples is to reach out to a contractor to get pricing since this would be the second year that this has not been done.

A motion to adjourn was made by Mr. Thompson and seconded by Mr. Short.

Adjourn at 4:49pm.

Respectfully Submitted,

Dwane Staples, Chairperson
