

ANNUAL REPORTS
OF THE
TOWN AND SCHOOL OFFICERS
OF
EXETER, N.H.

for the

Town Fiscal Year Ending December 31, 1990

School Fiscal Year Ending June 30, 1991

PLEASE DO NOT WASTE THESE REPORTS

Ordinarily, one per family is sufficient.

Once again we are presenting a combined annual report for the fiscal years of the Town and School District. The report is a single source document for residents and is a valuable reference, produced at a cost savings.

The School District report is the second section of the 1990 Report.

GENERAL INFORMATION OF THE TOWN

This year's Town Report is dedicated to Everett P. Holland in recognition and thanks for his 27 years of service as Exeter Town Moderator.

Everett made our Town Meetings work over those 27 years. His fairness, sharp eye and constant good humor ensured that our business was accomplished, while everyone who wished had a chance to speak.

Town Meeting without Everett will not be the same. He will be missed by us all.

The Town thanks Rockingham Planning Commission for their assistance in the draft printing of this report.

W A R R A N T 1 9 9 1

TOWN OF EXETER
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said State, qualified to vote in town affairs: You are hereby notified to meet at the Town Hall in said Exeter on Tuesday, the twelveth day of March next, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School Talbot Gymnasium on Monday, March 18, 1991 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

ARTICLE 1

To choose by ballot and plurality vote one (1) selectman for the term of three (3 years).

ARTICLE 2

To choose by ballot and plurality vote three (3) Trustees of the Library Committee for the term of three (3) years.

ARTICLE 3

To choose by ballot and plurality vote one (1) Trustee of the Trust Fund for the term of three (3) years.

ARTICLE 4

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

ARTICLE 5

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

ARTICLE 6

To choose by ballot and plurality vote two (2) School Board members for a term of three (3) years.

ARTICLE 7 - ZONING AMENDMENT #1

"Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.12, Wetland Conservation District, General by deleting the existing * footnote text in its entirety and replacing with the following: 'Certified soil scientist is interpreted to mean a person certified by the State of New Hampshire Board of Natural Scientists'?"

ARTICLE 8 - ZONING AMENDMENT #2

"Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 4.30, Schedule III, Note 3, by deleting the current text for note 3, and replacing with the following: 'Equal to the side yard of the abutting property or 10, whichever is less. Each side yard setback shall be determined separately'?"

ARTICLE 9 - ZONING AMENDMENT #3

"Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 6.60, 'Gasoline and/or Automotive Service Stations' by deleting the existing text of subsection d. 'Additional Requirements', and replacing with 'All gasoline and/or automotive service stations that abut residential properties shall be screened as regulated in Section 5.80 of this

ordinance'. In addition, delete the existing text of subsection h. 'Intersections'?

ARTICLE 10 - ZONING AMENDMENT #4

"Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 13.30, 'Conflicting Provisions' (currently this section is blank) as follows: 'Where any section of this ordinance conflicts with another, or with any other local regulation or ordinance, the requirement imposing the greater restriction or higher standard shall apply. In addition, the fact that a requirement under this ordinance is less restrictive than a federal or state regulation or statute, does not relieve an applicant from compliance with the terms of such regulation or statute, unless specifically authorized by said regulation or statute'?"

ARTICLE 11 - ZONING AMENDMENT #5

"Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Zoning Map and applicable sections of the Zoning Ordinance by changing the area now designated as C-2 Highway Commercial, along the east side of Epping Road from Industrial Drive to Route 101/51, to C-3 Epping Road Highway Commercial and increasing the depth of this district from 400' to 500' as shown on the map posted herewith'?" (SEE MAP ON FOLLOWING PAGE)

ARTICLE 12 - ZONING AMENDMENT #6

"Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 4.30, Schedule III by increasing the maximum lot coverage for the C-3 Epping Road Highway Commercial District from 20% to 40%?"

ARTICLE 13 - ZONING AMENDMENT #7

"Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Zoning Map and applicable sections of the Zoning Ordinance by eliminating the 'I-3 Epping Road District' and replacing with the 'I Industrial District' as shown on the map posted herewith" (SEE MAP ON FOLLOWING PAGE)

ARTICLE 14 - ZONING AMENDMENT #8

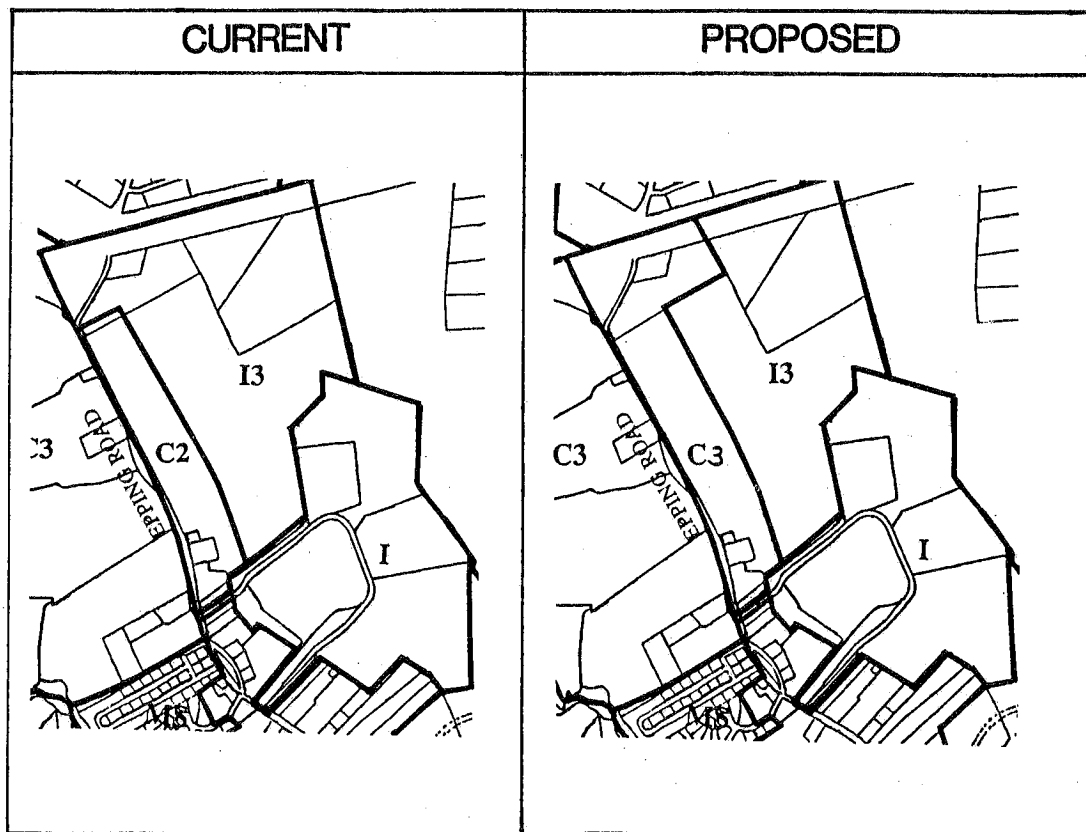

"Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 5.62, Off-Street Loading by adding the following sentence to the requirements for 'Wholesale and Manufacturing':

'1 additional space for each 20,000 sq. ft., or portion thereof, over 45,000 sq. ft.' Delete the last paragraph and replace with the following: 'The first loading berth required in each instance shall not be less than twelve (12) feet in width, fifty (50) in length and fourteen (14) feet in height and may occupy all or any part of a required yard, excepting required driveways, and transition yard (see Section 5.52). However, up to 50% of any additional required berths may be less than fifty (50) feet in length provided that in no case shall any berth be less than twenty (20) feet in length'?"

ARTICLE 15 - ZONING AMENDMENT #9

"Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning

Article 11 - Zoning Amendment #5

Article 13 - Zoning Amendment #7

5.74 DIMENSIONAL REGULATIONS FOR RESIDENTIAL DISTRICTS (Article 17 - Zoning Amendment #11)

Permitted signs in the following zoning districts: RU, R-1, R-2, R-3, R-4, R-5, M, MS.

TYPE OF USE	MAX. AGGREGATE AREA (s.f.) (A)	WALL-MOUNTED SIGNS MAX. AREA (s.f.)	ONE FREESTANDING IDENTIFICATION SIGN MAX. AREA/HEIGHT	ILLUM- INATED SIGN	SIGN PERMIT REQUIRED	OFF-SITE SIGNS (SQ. FT.)	
						TEMP.	PERM.
One and Two Family Dwelling Identification	4	4	4 / 5	NO	NO	NO	NO
Multi-Family Dwellings Apartment & Condominium Identification	24	24	24 / 10	External	YES	NO	NO
Subdivision Identifi- cation (each entrance)	24	N/A	24 / 10	External	YES	NO	NO
Mobile Home Parks (each entrance)	24	N/A	24 / 10	External	YES	NO	NO
Civic Organization Group Displays	40	N/A	40 / 10	NO	YES	24	4
Churches, Museums & Schools (per building)	24	24	24 / 10	YES	YES	24	4
Health Care Facilities & Libraries (per building)	24	24	24 / 10	YES	YES	NO	NO
Home Occupation	4	4	4 / 5	NO	YES	NO	NO
Farm & Nursery Stands	24	24	4 / 5	NO	YES	NO	NO
Temporary Contractor	12	12	12 / 5	NO	NO	NO	NO
Temporary Real Estate Signs							
-Sale, lease or rent	6	6	6 / 5	NO	NO	NO	NO
-Open House/Model Home							
Directional sign (B)	24 (4 off-site signs)	N/A	6 / 5	NO	NO	YES(B)	NO
-Oversized sale, lease or rent signs - shall be located at least 100' from adjacent residential structures.							
Parcels greater than 5 acres	24	24	24 / 10	NO	YES	NO	NO
Subdivision Advertising	48	N/A	24 / 10	NO	YES	NO	NO
One off-site sign allowed for subdivisions of six (6) or more lots.							
-Future Development	24	24	24 / 10	NO	YES	NO	NO
Legal Non-Conforming Use	24	24	24 / 10	YES	YES	NO	NO

Explanatory Notes:

- Maximum aggregate sign area is the sum of all identification and advertising signs that require a sign permit.
- These signs may be used only when a sales person is on duty at the home for sale and in no event may be left overnight even if the homeowner is selling the house himself. The off-site signs must be placed in such a manner as to not create a public hazard.

Ordinance as follows:

Amend Section 9.47 1., Development Along Watercourses by deleting 'RSA 483-A:1-b' and replacing the reference with 'RSA 482-A:3'?

ARTICLE 16 - ZONING AMENDMENT #10

"Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 5.50, Yard Regulations by deleting the last sentence and adding the following sentence: 'Fences, wells, flagpoles, signs, lighting structures and pumps shall be exempt from the requirements of Section 4.30, 'Yard Dimensions' and Section 5.55, 'Accessory Structures in Other Than R-Districts'?"

ARTICLE 17 - ZONING AMENDMENT #11

"Are you in favor of the adoption of Amendment #11 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 5.73, General Regulations (Signs) by adding the following to the list of prohibited signs under sub-section 1: 'f. Any off-site identification or advertising sign unless otherwise herein provided.' Amend Section 5.74, Dimensional Regulations for Residential Districts (Signs), by adding new columns for 'Temporary Off-Site Signs' and 'Permanent Off-Site Signs'. Temporary and permanent off-site signs would be permitted for the following uses: civic organizations, churches, museums and schools. Temporary off-site signs would be limited to a maximum of twenty-four (24) square feet and permanent off-site signs to a maximum of four (4) square feet'"? (SEE TABLE)

ARTICLE 18 - ZONING AMENDMENT #12

"Are you in favor of the adoption of

Amendment #12 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 5.31, Existing Lots of Record by adding the following subsection: 'd. Access. Access to an existing non-conforming lot shall comply with the provisions of RSA 674:41, Erection of Buildings on Streets; Appeals'"?

ARTICLE 19 - ZONING AMENDMENT #13

"Are you in favor of the adoption of Amendment #13 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article VII, Open Space Development by adding the following to subsection 7.60.1: 'a. Bonus - A density bonus of ten (10) percent of the total allowable number of dwelling units may be granted by the Planning Board to an applicant if fifty (50) percent or more of the non-buildable, undeveloped, or common open space land is permanently conveyed to the Town or Conservation Commission for the benefit of the general public for recreational and/or conservation purposes. The density bonus will only be granted upon written notice by the Town or Conservation Commission of their intent to accept a deed or easement conveying an interest in fifty (50) percent or more of said non-buildable, undeveloped, or common open space land to the Town of Exeter or Conservation Commission.' Amend Section 7.20 by adding the following sentence: 'To encourage the conveyance of land and easements for use by the general public for recreational and or conservation purposes, in accordance with the terms of Section 7.60.1.a. Bonus'?"

ARTICLE 20 - ZONING AMENDMENT #14

"Are you in favor of the adoption of Amendment #14 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 12.20, Building Codes by adding the following sentence to the first paragraph: 'The following codes may be revised according to the provisions of RSA 674:52, Part VI'?"

ARTICLE 21 - ZONING AMENDMENT #15

"Are you in favor of the adoption of Amendment #15 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Section 9.34.9.e. by deleting the existing text and replacing with the following: 'The erection of a single family residence or permitted duplex on an official lot of record, as recorded at the Rockingham County Registry of Deeds, prior to the date on which this amendment was posted and published in the Town, provided the Building Inspector determines the following to be true'?"

ARTICLE 22

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and building of bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payment of the Town departments, for lighting the streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

ARTICLE 23

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, and pursuant to NH Revised Statutes Annotated Chapter 33 Section 7, and Chapter 33 Section 7-a to incur debt for temporary loans in anticipation of 1991 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue, therefore, notes of the Town

payable within one (1) year after their date, and to pay or renew the same by issue of new notes payable within one (1) year after the date of the original publication.

ARTICLE 24

To see if the Town will authorize the Board of Selectmen to apply for, receive and expend money from federal and state grants which may become available during the year, in accordance with NH Revised Statutes Annotated 31, Section 95-b, and also to accept and expend money from any other governmental unit or a private source requiring that such sums be used for purposes for which a town may legally appropriate money: to include (but not limited to) such monies as those provided by the Land and Water Conservation Fund (LWCF), the Office of Coastal Zone Management, the Environmental Protection Agency, and the NH Land Conservation Investment Program.

ARTICLE 25

To see if the Town will vote to raise and appropriate the sum of Five Thousand Six Hundred Thirty-Two Dollars (\$5,632.00) to be deposited in the Town Retirement Sick Leave Fund and to authorize the Selectmen to expend such monies from said fund as are required by the Town to meet its obligation to retiring employees.

ARTICLE 26

To see if the Town will vote to authorize the Board of Selectmen to accept, on behalf of the Town, gifts, legacies, and devises made to the Town in Trust for any public purposes, as permitted by NH Revised Statutes Annotated 31:19.

ARTICLE 27

To see if the Town will vote to authorize the Board of Selectmen to

accept the dedication of any street, shown on a subdivision plot approved by the Planning Board, provided that such street has been constructed to applicable Town specifications as determined by the Board of Selectmen or their agent.

ARTICLE 28

To see if the Town will vote to rescind the authority granted at the 1987 Town Meeting approving an appropriation of Three Hundred Sixty Six Thousand Eight Hundred Sixty Dollars (\$366,860.00) for the Court Street Pumping Station, including bonds and notes authorized not to exceed Two Hundred Nineteen Thousand Two Hundred Fifteen Dollars (\$219,215.00) and Federal funding of One Hundred Forty Seven Thousand Six Hundred Forty Five Dollars (\$147,645.00).

ARTICLE 29

To see if the Town will vote to rescind Five Hundred Thousand Dollars (\$500,000.00), of Four Million One Hundred Thousand Dollars (\$4,100,000.00), appropriated at the 1988 Town Meeting for expanding the sewer lagoons.

ARTICLE 30

To see if the Town will vote to authorize the Board of Selectmen to convey real estate at One Tamarind Lane, acquired by the Town by Tax Collector's deed. Such conveyance shall be by deed to Fidelity Guarantee Mortgage Corp. in exchange for back rent of Six Thousand Dollars (\$6,000.00), plus payment of all tax arrearages, interest and costs.

ARTICLE 31

On petition of Lawrence Shaw and others, to see if the Town will vote to authorize and direct the Board of Selectmen to convey property at One Tamarind Lane, acquired by tax collector's deed from Fidelity

Guarantee Mortgage Corp., back to Fidelity Guarantee Mortgage Corp., in exchange for payment of all tax arrearages, interest, and costs.

ARTICLE 32

To see if the town will vote to establish as a Town Forest, as authorized by NH Revised Statutes Annotated 31:110, the following parcel of land: all that land known as Henderson Swasey Park or Fort Rock Park to include the original Henderson gift of 152.6 acres, 3 acres formerly of Ruth Churchill land, 12 acres formerly industrial park land, and all subsequent acquisitions added to the park identified by tax numbers 5-05 018.001, 5-04 1.004, 5-04 1.003, and 5-04 1.002, and to authorize the Conservation Commission to manage the Town Forest under provisions of NH Revised Statutes Annotated 31:112 II, and to authorize the placement of any proceeds which may accrue from said forest management in a separate forest maintenance fund, which shall be allowed to accumulate from year to year as authorized by NH Revised Statutes Annotated 31:113.

ARTICLE 33

On petition of Boyd J. Hinds and others, to see if the Town will vote to adopt a semi-annual Property Tax Policy: one half (1/2) being due and payable July 1st each year based on prior years' assessment, with the other one half (1/2) or balance being due and payable December 1st each year, with a two percent (2%) discount allowed on entire assessment to be deducted from December 1st amount, provided payments have been made and are received as specified.

ARTICLE 34

On petition of Joanna Pellerin and others, to see if the Town will vote to raise and appropriate the sum of Fifty

Thousand Dollars (\$50,000.00) for the use of the Exeter Conservation Commission to enable it to purchase land, easements, or water rights, which purchase or purchases it deems to be in the public interest for the purpose of preserving open space and natural resources of the Town and to provide sites for passive recreation.

ARTICLE 35

On petition of Joanna Pellerin and others, to see if the Town will vote to authorize the Exeter Conservation Commission to withdraw Eighty-Five Thousand Dollars (\$85,000.00) from the Open Space Land Acquisition Reserve Fund to purchase a 1.7 acre parcel north of Swasey Parkway, and to authorize the Exeter Conservation Commission to negotiate and sell said parcel subject to a Conservation easement and architectural covenants for an amount not less than its fair market value to be confirmed by an MAI appraisal with proceeds from the sale to be returned to the Open Space Land Acquisition Reserve Fund.

ARTICLE 36

On petition of Susan M. Coskren and others, to see if the Town will vote to raise and appropriate the sum of Five Thousand Five Hundred Dollars (\$5,500.00) for the Richie McFarland Children's Center, representing \$250.00 for each child served.

ARTICLE 37

On petition of Neil Cronin and others, to see if the Town will vote to authorize the Board of Selectmen to accept Hunter Place as a public street, subject to the Grantors complying with all conditions stipulated by said Board at their January 30, 1991 meeting.

ARTICLE 38

On petition of R. D. Mailhoit, Jr. and others, to see if the Town will vote to

oppose any attempt to open Birch Road to commercial trucking based on the following concerns: (1) diminished quality of life; (2) the safety of our families (3) adverse impact on our water supply, and (4) damage to the wetlands, as it is felt to allow said trucking to operate in this neighborhood is not in the residents' best interests.

ARTICLE 39

On petition of Salvatore G. Colella and others, to see if the Town will vote to adopt the provisions of NH Revised Statutes Annotated 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption, with the optional veterans' exemption of \$100, rather than the current \$50.

ARTICLE 40

On petition of Salvatore G. Colella and others, to see if the Town will vote to adopt the provisions of NH Revised Statutes Annotated 72:35 IV for an optional property tax exemption on residential property for a service-connected total disability, with the optional disability exemption of \$1,400.00, rather than the current \$700.00.

ARTICLE 41

On petition of H. D. Morgan and others, to see if the Town will vote to cease the plowing and sanding of all private roads as of July 1, 1991 and authorize the Board of Selectmen, with the advice of the Director of Public Works, the Police Chief and the Fire Chief, to establish a set of guidelines for the acceptance of private roads for plowing and sanding.

ARTICLE 42

To see if the Town will vote to relinquish whatever rights the Town of Exeter may have to pass and repass over

land, which was above mean high water as of April 1, 1989, adjacent to the Stewart Waterfront Park; said land generally described as northerly of that associated with the Woolworth building, the Merrill Block, and the law offices of Holland, Donovan, Beckett & Hermans. The Town of Exeter reserves the right to repair and maintain a public utility within said area being relinquished so long as they shall be in use.

ARTICLE 43

To transact any other business that may legally come before said meeting.

Given under our hands and seals this 19th day of February, 1991.

Paul Binette, Chairman
Helen Dix, Vice-Chairman
Herbert Moyer, Clerk
Victor Baillargeon
Ronald Roy

EXETER BOARD OF SELECTMEN

We certify that on the 22nd day of February, 1991, we caused a true copy of the within warrant to be posted at the Exeter Town Hall on Front Street, the Exeter Public Library at Founders Park, and at the Exeter High School Talbot Gymnasium on Linden Street in Exeter.

Concord, NH 03301

RE: 1989 Audit Response

Dear Bob:

This letter is in compliance with your request for a response to the "Letter of Comments and Recommendations" associated with Exeter's 1989 annual audit.

A. TAX COLLECTOR'S ACCOUNTS

1. The Tax Collector, Deputy Tax Collector and the Accounting Supervisor will be taking instructional training from your firm and/or the Department of Revenue Administration as to the proper way to complete the MS-61.
2. Book and cash abatements were filed together, but for only the first part of 1989. When the 1988 audit revealed this procedure to be incorrect, we corrected the problem immediately. Due to the time of the audit and the timing of the tax year, it was not possible to change our procedure earlier than May 8, 1989.
3. Land use change taxes were committed to the tax collector for collection, having been signed by the five member Board of Selectmen. Unfortunately, the incorrect form was used. This problem has been corrected, and the proper forms are now being used.

B. TOWN CLERK'S ACCOUNTS

Monthly recap sheets were completed and reconciled. The sheets have been done by, and kept on file with, the Accounting Supervisor. Steps have been taken for this procedure to be maintained by the Town Clerk. A year-to-date summarization of the totals will also be completed.

C. GENERAL TOWN RECORDS AND ACCOUNTING SYSTEM

1. Once again the Board of Selectmen will discuss the efficiency of employing an experienced accountant/financial manager to supervise all town accounting functions.
2. Documentation for accounting policies and procedures will continue to be worked on as time allows.
3. A centralized town purchase order system was instituted on a trial basis in September of 1989. On January 1, 1990, the system was implemented on a town-wide basis. The system is working in an efficient and very successful manner.

D. GENERAL FIXED ASSET ACCOUNTING

With the establishment of the Water and Sewer Enterprise Fund accounting system, fixed assets are now being catalogued. Once completed for Water and Sewer, fixed assets will be established for incorporation in the Town's General Fund.

In closing, I would like to thank you for your time and cooperation throughout the entire audit year.

Sincerely,

George N. Olson
Town Manager

March 23, 1990

To the Members of the Board
of Selectmen and Town Manager
Town of Exeter
Exeter, New Hampshire

We have audited the financial statements of the Town of Exeter for the year ended December 31, 1989 and have issued our report thereon dated March 23, 1990. In connection with our audit, we reviewed and tested the Town's systems of internal accounting control and operating procedures to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. The purpose of our review of these systems was not to express an opinion on internal accounting control, and it would not necessarily disclose all weaknesses in the system.

In the following paragraphs, we present our comments and recommendations for improving specific aspects of the Town's systems and procedures. Most are repeated from prior years. We also refer you to the Appendix to this letter which explains the purpose of our review, its limitations, and the professional standards involved.

GENERAL

Typically, a report of this type places a greater emphasis on findings of a critical nature. Therefore, to put our comments and recommendations in proper perspective, it should be noted that the weaknesses observed are not necessarily the result of poor management. Oftentimes, they are due to factors outside the control of the Town's personnel, such as organizational restrictions, budgetary limitations, or inadequate software systems. We have noted many positive aspects of the Town's financial management and procedures which are not set forth in this report.

A. TAX COLLECTOR'S ACCOUNTS

Again, our examination of the Tax Collector's accounts for the year ended December 31, 1989 was made very difficult because of the following reasons:

1. The Tax Collector Summary of Warrants (State Form MS-61) was not completed accurately for all levies. We had to spend considerable extra audit time reconciling the taxes and preparing the form. One copy of this report must be submitted to the Selectmen and one copy to the Division of Municipal Services.

TOWN OF EXETER

NEW HAMPSHIRE

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1989

2. Book abatements and cash abatements were filed together.
3. Land Use Change taxes were not committed to the Tax Collector for collection.

We again recommend the following procedures be implemented to correct the above situations.

1. Tax Collector Summary of Warrants (State Form MS-61) should be prepared and reconciled with the Bookkeeper for cash received and remitted, abatements issued, and the detail list of uncollected taxes at year end. We cannot over-emphasize the importance of this procedure. Copies should be forwarded to the proper officials/agencies.
2. The Tax Collector should not be concerned with the cash abatements and should only post book abatements issued by the Assessor.
3. Land Use Change taxes should be committed to the Tax Collector under a warrant in the same manner as the property taxes.

B. TOWN CLERK'S ACCOUNTS

Our examination of the Town Clerk's accounts continued to reveal certain weaknesses in reporting activities during 1989.

1. No Summary of Activity for the year was prepared. Monthly recap sheets should be added and summarized with year-to-date totals. The monthly totals should be reconciled with the Bookkeeper, and any differences should be followed up on.

Improvements were made in 1989. The Town Clerk is maintaining a cash book and is listing the auto permits by name and number. All other fees collected must be similarly recorded and included on a year-end report.

C. GENERAL TOWN RECORDS AND ACCOUNTING SYSTEM

1. *Need for Experienced Accountant/Financial Manager to Supervise All Town Accounting Functions*

We continue to recommend that the Town consider hiring an experienced Accountant/Financial Manager to assume the responsibility and supervision of all Town accounting and record-keeping functions. The individual must be competent and experienced in governmental accounting to assume the responsibility for the following:

TOWN OF EXETER

NEW HAMPSHIRE

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1989

- a. Reviewing and appraising the soundness, adequacy and application of accounting, financial and operating controls
- b. Ascertaining the extent of compliance with established policies, plans and procedures, to include State and Federal statutes where applicable
- c. Ascertaining the extent to which the Town's assets are accounted for and safeguarded from losses of all kinds
- d. Supervising the various clerical aspects of the accounting functions, including bookkeeping and responsibility for preparing periodic financial reports, such as the Tax Collector's summary of warrants and tax sale reports
- e. Confirming the reliability of accounting and other data within the organization
- f. Monitoring the data processing systems and applications to determine reliability in processing data in a timely, accurate, and complete manner

We feel that a Town the size of Exeter cannot afford to keep postponing the need for this vital position.

2. *Documentation of Accounting Policies and Procedures*

In our previous management letter, we recommended that, in order to minimize the risk of operational hardships in the event of the unexpected absence of certain employees, consideration be given to the formal documentation of accounting and administrative procedures and to the cross-training of employees in the performance of key accounting functions. While this was not accomplished during 1989, we are pleased that it was considered and that goals have been established for developing these internal control elements in the future.

3. *Centralized Standard Purchase Order System*

We continue to recommend that the Town utilize a centralized standard purchase order system for obtaining goods and services. We suggest the Town develop written purchasing procedures to include the use of prenumbered purchase order forms in order to strengthen the internal control over goods and services purchased. The benefits of such a system are numerous and include the following:

TOWN OF EXETER

NEW HAMPSHIRE

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1989

- a. Controls over all disbursements, including contracted services, thereby creating better management over departmental appropriations
- b. Assurance that all encumbrances are recorded in the proper period and that all unexpended appropriations are returned to the general fund balance, to be available for use in determining the subsequent year's tax rate
- c. Provide a basis of verifying the price agreed upon between the Town and vendors
- d. Provide additional verifications and evidence of receipt of goods

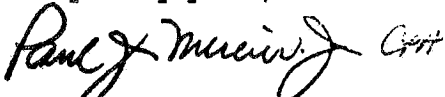

D. GENERAL FIXED ASSET ACCOUNTING

In general, accounting for fixed assets provides information for estimating the amount of insurance needed, monitors asset utilization, provides a safeguard over the asset, and allows for depreciation to be estimated when applicable. The Town does not maintain records for its investment in property, plant, and equipment. Fixed asset accounting should be considered when determination of applications to be automated is made. Revenue sharing and certain grants, as well as generally accepted accounting principles, require that adequate fixed asset records be maintained.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance during the course of our audit has helped us to achieve efficiencies in completing our audit.

If, after you have had the opportunity to review our report, you have any questions, we would be pleased to meet with you at your convenience to discuss them.

Very truly yours,

FLOREK & SANDERSON
Professional Association

TOWN OF EXETER, NEW HAMPSHIRE

PURPOSE AND LIMITATIONS OF REVIEW

The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Town's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Town is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town taken as a whole. However, our study and evaluation disclosed conditions that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Town may occur and not be detected within a timely period.

These conditions are described in the preceding report and were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the 1989 financial statements. This report does not affect our report on these financial statements dated March 23, 1990.

The preceding report is intended solely for the use of management and should not be used for any other purpose. This restriction is not intended to limit distribution of this report which, upon acceptance by the Members of the Board, is a matter of public record.

BOARD OF SELECTMEN

Looking back over 1990, a number of significant events stand out. Most significant, perhaps, was the downturn in the economy and its impact on the everyday life of Exeter residents and Town government. We all looked to ways to save money and to get the most out of the money we must spend.

The year brought some changes in the face of government. Police Chief Caracciolo retired after 17 years of service to the Town, and Stephen MacKinnon of Edgartown, Mass., was selected to replace him. Everett Holland, Town Moderator for the past 27 years retired, to be replaced by Charles Tucker, and Bud Field was appointed as Exeter's first Assistant Harbor Master, with Jim Hall appointed to assist Bud.

In addition to changes in personnel, the Town saw a variety of projects and initiatives during 1990. High Street and Drinkwater Road were rebuilt; the Robert H. Stewart Waterfront Park was dedicated; construction was completed on the sewer treatment lagoons, and the first phase of the water treatment plant upgrade; improvements were made to Portsmouth Avenue, and the new ambulance came on line, just in time to respond to a growing number of calls. The Planning Board, with the help of some fifty volunteers, began the process of updating Exeter's Master Plan; the Recycling Committee was successful in expanding its program to all the Town residents and, in the process, helped Exeter to win the award for the State's best recycling program. And, on the recreation front, program participation grew to an all time high.

Looking into the future, the Town is challenged by a slowing economy and the rising cost of municipal services. To meet this challenge, the Board of Selectmen is dedicated to insuring that innovative management techniques and tight fiscal controls will lead to the provision of quality Town services.

The Board would like to thank the volunteer Town Boards and Commissions, the Town Employees, Department Heads, and Town Manager for their commitment to the community. We look forward to working together in 1991.

THE EXETER BOARD OF SELECTMEN

Paul A. Binette, Chairman
Helen C. Dix, Vice-Chairman
Herb Moyer, Clerk
Victor Baillargeon
Ronald Roy

TOWN MANAGER'S REPORT

Growth and change characterized Exeter in 1990, much as it did through the 1980's. While the decline in the economy locally and nationally began to be felt, the Town continued to reflect the momentum built up over the past decade.

Continuing to improve the quality of life of all our residents was our goal for 1990. The past year saw this focus made real in a variety of different ways including the completion of our sewer lagoon upgrade; the beginning of the sewer separation project on the west side of Town; the opening of the Stewart Waterfront Park, expansion of the recycling program to include all residents; completion of the Town's Emergency Management Plan; purchase of a new ambulance; the rebuilding of High Street and Drinkwater Road, and the end of the building moratorium.

Beyond these major steps, the Town also took some minor steps directed at making life better for its residents. Improvements like a third window for the Town Clerk's Office; a new culvert on Beech Hill Road; removal of the aging loud speakers from, and repair of, the Bandstand roof; even installation of a replacement hoist at the Public Safety Complex, all reflect small steps taken to make Exeter a better place.

Nineteen ninety also saw some changes in personnel, with the retirement of Chief Caracciolo and the hiring of our new Police Chief Steve MacKinnon; a special town meeting to okay the rebuilding of the Linden Street bridge, and the homecoming of Exeter's own original copy of the Declaration of Independence.

As 1991 opens, it is clear that the faltering economy is going to have a real impact on Exeter. For the first time in years, there are no bond issues before Town Meeting, and capital expenditures proposed for the year are down to a fraction of what they were in the past. This belt tightening will continue as long as the economy remains flat. But, belt tightening does not mean that our commitment to quality municipal services will be compromised. New initiatives will be fewer, but expected municipal services will be maintained and improved as we all look to do our work more economically and efficiently.

As in past years, I would like to thank the Selectmen, Department Heads, and all of our fine Town Employees, and you, the residents, for your help and support through the year.

Respectfully submitted,

George N. Olson, Town Manager

TOWN CLERK'S REPORT

Report of Linda M. Hartson, Town Clerk

The Town Clerk's Office continues to be a place of much activity. In spite of the economic crunch which our area of the country is experiencing, the three person staff in this office stays consistently busy. There are times during a day when all three of the windows are open for service and the public still wait in lines.

This Office is responsible for the administration, supervision, and performance of duties in connection with the keeping of official Municipal records and the issuance of various licenses, permits and official documents.

Motor Vehicle registrations remain a major portion of our daily business transactions. In 1990 we processed 12,955 registrations at the Town level - down 133 from last year, and 11,500 registrations were processed at the State level; all transactions providing revenue for the Town. Since July of 1990 new residents of Exeter have been requested to show proof of residency and sign an affidavit of such before the registration process is started. Our Office has processed Title applications and/or vehicle registrations for over 360 people who are new residents to Exeter.

The paper work from the Exeter Hospital and other Exeter healthcare facilities keeps us very busy as well. There were 873 births and 319 deaths recorded in Exeter in 1990. It is the responsibility of the Town Clerk's Office to be sure all necessary information is provided by the parties involved regarding these filings in order to prepare the proper certificates for the Town's records, the State's records and legal certified copies. Also included in this category of paper work are marriage filings. There were 129 marriage certificates issued by our Office in 1990. At the back of this Annual Town Report are the pages listing the 1990 births, deaths, and marriages involving Exeter residents, of which this Office is aware.

The restoration work of the Town records continued this year with two books, which were deteriorating rapidly, restored and rebound by Brown River Bindery in Vermont. It is our hope that this important project can continue so that the Town records of years past will be preserved. The historical value of these records is immeasurable.

This past year we held a State Primary, a State General Election, the Annual Town Election and Town Meeting, as well as a Special Town Meeting to vote on the status of the Linden Street Bridge, and a Special Town Meeting to vote on Zoning Amendments. It is the responsibility of the Town Clerk's Office to conduct the elections as governed by the State and local law to insure the purity of the democratic process.

This coming year, in addition to the Annual Town Election and Town Meeting, the Supervisors of the Checklist will be undertaking an enormous project. Every ten years the State mandates that every Town/City checklist be purged. The last time this was done was 1981. Every Exeter resident who voted in the 1988 General Election, and/or voted in the 1990 General Election, and/or votes in the 1991 Annual Town Election shall be deemed re-registered and does not have to appear for his/her name to remain on the checklist. All other persons listed will need to appear in person at the Town Clerk's Office during regular business hours or

attend an advertised session of the Checklist Supervisors for the purpose of registering and/or re-registering, thereby becoming eligible to vote in future elections.

The Town Clerk's Office is a people oriented office where serving the public is a chief concern. It is our hope to soon be computerized enabling us to service the public more efficiently. We are looking at a program that may provide us to do mail-in renewal registrations, as well as many other functions handled by this Office.

I welcome this opportunity to thank my co-workers, Peg Titus and Lois Mazurka, for their support and help throughout the year in making this Office a productive and friendly place to visit and work. I also thank our Town Manager, the Selectmen, fellow department heads, all the Town employees, and especially you, the residents, for another pleasant year and for voting once again for me to continue serving you as the Town Clerk. I am proud of our Town and happy to be working with and for the residents.

OVERALL FIRE SCENE - EXETER MILL - JANUARY, 1990

PUBLIC WORKS DEPARTMENT

Report of Public Works Director Keith R. Noyes

I am pleased to submit my sixth annual report to the citizens of Exeter. This department oversees and maintains all Town roads, bridges and sidewalks; all municipal buildings and vehicles; the landfill; rubbish and recycling collections; the water/sewer treatment and distribution systems and the Town dams. We also prepare contracts, specifications and plans for in house construction and renovation projects. Reviews and inspections of subdivision and developments are continually being done by our staff in cooperation with the Planning Department.

The highlight of the year has to be the completion of the High Street and Drinkwater Road reconstruction project. I am very satisfied with the quality of work done on these roads and am convinced that the investment of time and money will be worthwhile. I'm sure that motorists and pedestrians that use these roadways appreciate a significantly smoother ride and safer walkway. I'm also pleased to inform the taxpayer that the project came within my budgeted amount.

The water and sewerage treatment facility upgrade projects were completed. The wastewater facility will adequately handle all of the Town's sewerage and septic waste disposal needs for at least twenty years. This is a "state of the art" facility treating the waste with a combination of aeration, settlement and disinfection with the added benefit of only permitting discharges on the outgoing tide. The water plant has seen improvements in the control systems, a new backwash recycling system and reservoir aeration. This project is the first phase of a three phase improvement program. Again, I am elated to report both projects came within budget.

Maintenance of municipal buildings is progressing within the confines of a limited budget. We completed the refurbishing of the soffitt and trim of the Town Hall. We have been actively studying the options available to the Town with solid waste disposal. We are also implementing a vehicle/equipment maintenance program that will insure improved preventative maintenance.

A brief itemization of our performance and accomplishments follows this report. I remind the community that the services we provide are affected by the budget the Townspeople approve. As I have always said, I welcome any input from residents on the service we provide to you. I also invite all residents to tour any of our facilities, particularly the new wastewater treatment facility.

I would like to thank the Selectmen, the Town Manager, fellow department heads and employees for their assistance and guidance this past year. I am proud to be a member of the team that services the community and promise to do my best to serve you well.

1990 PUBLIC WORKS DEPARTMENT

Highway Division

Roads reconstructed: High Street (Drinkwater Road to Route 88)
Drinkwater Road
Hampton Falls Road

Roads shimmed: Water Street (Summer Street to Parkway)
Ashbrook Road
Rocky Hill Road
Powder Mill Road
Holly Court

Sidewalks reconstructed: Water Street
Clifford Street
Main Street

Ice Storms: 10

Snow Accumulation: 52 1/2 inches

Maintenance Division

Major Projects: Implemented energy conservation measures in all Town buildings; built new Sergeant's quarters; removed old loudspeakers, rewired electrical system, cleaned and sealed floor and repaired roof of bandstand; stripped and sealed floor of Town Hall stage.

Water/Sewer Division

Water Treatment Plant

Total water to distribution system	407 million gallons
Exeter River water treated	343 million gallons
Skinner Springs	20 million gallons
Lary Lane Well	44 million gallons

Wastewater Treatment Plant

Total raw wastewater to plant	703 million gallons
Total pounds BOD to plant	6.1 million pounds
Total pounds TSS to plant	6.5 million pounds

Recycling Program

Newspaper	188.05 Tons	Mixed Glass	66.13 Tons
Plastic - PET	8.28 Tons	Tin Cans	18.60 Tons
HDPE	10.84 Tons	Aluminum	8.67 Tons
Scrap Metal	269.10 Tons		

ASSESSOR'S OFFICE

Report from John L. DeVittori, Assessor

The Assessor's Office has had another busy year. We have been actively resolving and adjusting assessments on property abatement requests, building permits and subdivision approvals.

Inquiries on the Elderly Exemption and Hardship abatements have increased due to the change of exemption amounts passed at Town Meeting and the weakening of New Hampshire's economy.

Additional assessed values for 1990 through new construction, houses, garages and decks, amounted to \$ 11,700,000.

If property owners wish to know if they qualify for an Elderly Exemption or Veteran's credit, they have until April 15th to file the appropriate forms. Current Use and Intent to Cut forms are also available at the Assessor's Office.

<u>ITEMIZED</u>	<u>1990</u>	<u>TAX</u>	<u>RATE</u>
School	\$ 12.02	62.4%	
Town	\$ 6.41	33.3%	
County	\$.83	.043%	
<hr/>			
Total	\$ 19.26 at 101% Valuation		

The Assessing Office would like to thank the Planning Department, Building Inspector and Code Enforcement Officer for their input on assessment related issues. Also we wish to thank citizen cooperation during an unstable market place.

EXETER FIRE DEPARTMENT
Report of Chief William Pepler

The Exeter Fire Department responded to a record 1528 emergency calls in 1990. These calls included 918 fire calls and 610 emergency medical calls.

Fire and rescue crews battled several major fires in 1990. In January, a 4-alarm fire heavily damaged the North Building at Exeter Mills. During March, 2-alarm fires were fought at the Studio Restaurant and on Hall Place. The greatest challenge in the history of the department occurred on June 23, 1990 when a major fire broke out in the downtown section of town. Firefighters averted a major disaster by confining the fire to two buildings.

Specific fire department responses included 181 fires, including 31 structure fires, 199 hazardous material emergencies, 195 rescue calls, 217 fire alarms, and 145 other emergency calls. Fire loss in 1990 was \$1,990,000, an increase of \$1,165,000 over 1989. The significant increase in fire loss can be directly related to the increase in major fires.

Emergency medical service was expanded with the purchase of a second ambulance and the graduation of seven firefighters from the Emergency Medical Technician-Intermediate Program. Medical crews are now capable of offering a higher level of care to sick and injured residents. The second ambulance allows medical crews to handle the multiple calls that are frequently received.

Ambulance crews responded to 126 motor vehicle accidents in 1990. Several accidents were serious, entrapping the occupants. The Jaws of Life were utilized frequently to free the trapped occupants. Other ambulance responses included 60 breathing difficulties, 57 fractures and 35 heart attacks.

The Exeter Fire Department has strived to offer the best service possible to the residents of the town. In 1990, fire department personnel devoted 3628 hours to training and advancing their skills. We will continue to keep pace with our rapidly changing environment and attempt to assist our residents in anyway possible.

HEALTH REPORT

Report of Health Officer John E. Carbonneau

In June, Judith Jervis was appointed to fill a vacant inspector position. Her experience in the food service industry has been a tremendous asset in the discharge of her duties.

Throughout the year, this department investigated and inspected restaurants and food service establishments for state and local compliance, as well as residential units, child care facilities, businesses, school and health care facilities.

Major fires at the Studio Restaurant, Hampton Road, and the Chocolatier, Water Street, necessitated extensive plans review and inspections before reopening late in 1990.

Questions of concerns regarding public health issues may be directed to the Exeter Fire Department at 772-1212.

POLICE DEPARTMENT

Report of Stephen MacKinnon, Chief of Police

This past year was marked with a number of changes, the most significant being the retirement of Frank Caracciolo as Chief of Police following 17 years of dedicated service. During his tenure as Chief he worked at establishing a professional police organization, this endeavor allowed a smooth transition in police administrations.

In reviewing Police activity for the year we saw a slight decrease in both call for service and criminal investigations as compared to 1989. Calls for service are the total number of calls officers respond to or initiate on their own. 1990 showed 20,765; 1989 was 21,916 which represents a 5.5% decrease. Total miles patrolled was 253,708.

The Exeter Police Department participates in the UCR (Uniform Crime Report) program whereby we submit statistics to the State on a monthly basis. The Part I crimes in this report (all serious crimes including those listed below) went down by 7.14%. Our clearance rate (those crimes that were solved) for 1990 was 22% (as compared to the National Average of 24.4% for our population group). In order to put this information in perspective, the following chart shows the criminal history for the past five years.

<u>CRIME</u>	<u>1990</u>	<u>1989</u>	<u>1988</u>	<u>1987</u>	<u>1986</u>
Rape	6	0	1	0	1
Robbery	1	2	4	6	1
Aggravated Assault	3	4	1	3	2
Burglary	57	64	43	71	72
Larceny	246	266	203	158	210
M/V Theft	23	24	29	23	17
TOTAL	336	360	281	262	304
Clearance Rate	22%	22.4%	30.25%	30.5%	30%
Calls for Service	20,765	21,916	20,577	17,001	19,657

In viewing these numbers we have observed that as the calls for service and Part I crimes rise, our clearance rates fall. This may be an indicator that there is not enough staffing to handle the increased work load.

A small sampling of other calls for service and general police activity is as follows:

Town Ordinance Violations	261	Runaways	23
Untimely Deaths	21	Safekeepings	100
Trespassing Complaints	28	Alarms (approx.)	1,128
Warrant Services	48	Mental Patients	10
Total Property Stolen	\$ 425,131		
Total Property Recovered	\$ 207,462		

During the past six months the police department has been reviewing the majority of its systems and the way it delivers services to the community. Changes have been implemented, many of which are not visible to the community but it's hoped that we will be more effective in the delivery.

One program announced in 1990 was that of Community Oriented Policing (COP). We have had officers in a few areas of Town and hope to expand this project with more officers and neighborhoods involved. One of many goals of this program will be to allow the community to become more familiar with its officers while the officer becomes more directly involved.

The police facility also experienced change during 1990. With the assistance of Public Works, a jail cell was converted into a new Sergeant's office. Other furniture and office space was moved around and approximately 50% of the rooms were repainted. We are experiencing a severe space shortage but it is hoped these changes will improve operations to some extent.

The goals of the Police Department for 1991 include the continued expansion of services to the community while improving our own professionalism through training and review on how we deliver services. We encourage the community to work with us in meeting our goals and to consider volunteering their time and expertise to that end.

At this time I would like to thank all the officers and employees of the Police Department for making this transition as smooth as it was. I also am appreciative of the continuing efforts and support of the various department heads, their staffs, the Town Manager and Board of Selectmen in the pursuit of our objectives.

PLANNING BOARD

The Planning Board is responsible for the review and approval of all residential, commercial and industrial development within the Town of Exeter. The Board meets on the second and fourth Thursdays of the month at 7:00 p.m. in the Nowak Room in the Town Office Building.

The Planning Board held twenty-eight meetings in 1990 to consider a total of thirty-four applications for site plan review, subdivision review and lot-line adjustment.

The year 1990 was marked by a continuing slowdown in both the local and regional economies. The overwhelming majority of the applications reviewed by the Board in 1990 were non-residential. Some of the more notable projects approved by the Board included a new service station for Mobil on Portsmouth Avenue, a new gymnasium for the Lincoln Street School, seven (7) additional housing units for the Lindenfields development, and the addition of ten (10) loading bays for Apollo Computer. The only significant residential development reviewed by the Board was a proposed fourteen (14) lot subdivision on the Tufts property off of High Street.

In addition to these projects, a total of twenty-four zoning amendments proposed by the Board were approved by voters at the Town Meeting in March and at a special Town Meeting in September. Some of the major amendments approved were recodification and reorganization of the Zoning Ordinance, revision of the boundaries of the Aquifer Protection District, and the addition of elderly congregate health care facilities and accessory dwelling units (mother-in-law apartments) as permitted uses.

In 1991 the Planning Board will be working on updating the Town's Master Plan and subdivision regulations. The Board will also be looking at revising the Growth Management Ordinance and taking the first steps toward preparation of a corridor study for the Epping Road/Route 101 area. In addition to the Planning Board's activities, the Rockingham Planning Commission will be preparing a land use and natural resource inventory of parcels adjacent to the Squamscott River to be used by the Board for regulating future development along the river.

Special thanks to John Graves who left the Board in 1990 after many years of dedicated service.

On behalf of the members of the Board, I would like to express thanks to those Town employees, citizens, and developers who contributed to the planning process in Exeter during 1990.

Respectfully submitted,

Members

PLANNING DEPARTMENT

Report of Zachary D. Gordon, Planning Director

The Planning Department is responsible for a wide range of activities related to residential, commercial and industrial land use and development within the Town. The Department's primary function is to provide staff support as well as administrative assistance to the Planning Board, Zoning Board and Historic District Commission during the course of their review of proposed development. The Department also provides assistance to other Town departments as required for planning and development related issues. A second major function of the Department is building permit approval and inspection for all construction within the Town. Finally, the Planning Department is responsible for code enforcement of the Zoning Ordinance and applicable building codes.

The past year was a busy and productive one for the Planning Department. While both residential and non-residential growth remained slow throughout the Town, substantial progress was made in continuing the restructuring and reorganization of department regulations and procedures started in 1989. Some major accomplishments in 1990 included recodification and reorganization of the Zoning Ordinance; Planning and Zoning Board applications revised to make them more "user friendly"; all department computers tied together to permit their maximum use; and completion of the effort to computerize the building permit system. The goal of these and other changes was to improve the efficiency and effectiveness of our services. It is my feeling that not only has this made Exeter a more attractive community to do business in, but ultimately will result in more quality development for the Town.

The year 1991 will be an equally busy one for the Planning Department as the Planning Board begins work on updating the Master Plan. Some of the major projects planned for the upcoming year in addition to the Master Plan update are: completion of the "Site Plan Review Regulations"; revision of the Town's subdivision regulations; and revision of Planning and Zoning Board rules of procedure.

I would like to thank the staff of the Planning Department for all their hard work and professionalism during the past year. I would also like to thank all those within the various Town departments who assisted my office in reviewing plans for proposed development.

I am grateful for the opportunity to have served the citizens of Exeter this past year. I look forward to a challenging and exciting 1991.

Fighting Fire at Hall Place residence - March, 1990

BUILDING INSPECTOR

Report of E. Melvin Bowley

We, of the Building Inspector's Office, went through a lot of changes this year. The economy went down, construction starts are way down, and the banks are afraid to make loans. We used this lull to become computerized. We are not depending entirely on the machine to store our facts; the Building Inspector's log is still done manually. We now have some way to trace back records which should be a form of permanent record for years to come. We have achieved a good mix of the young and the new; the old and the established.

The Fire Marshall's office is no longer doing plan review for buildings so this will increase the amount of structural review done in our office.

Permits for 1990 were issued in the amount of \$ 9,831,431.84 which generated \$36,310.72 in revenue for the Town.

As in past years, the Building Inspector's Office works closely with the Planning Board, Public Works Department, Fire Department, Health Officer, Police Department, Historic District Commission and the Zoning Board of Adjustment.

My sincere thanks to the citizens of Exeter for allowing me to serve as your Building Inspector.

EXETER PARKS AND RECREATION DEPARTMENT

Your Parks and Recreation Department had one of the busiest years in the history of the department as just about all programs saw an increase. The youth baseball program saw an increase of over one-hundred students from the previous year along with increases in soccer, basketball, flag football, swimming lessons, PlayCamp, and ceramics classes. The department revenues showed an increase also and the Friends Of Recreation saw many donations from civic groups in the area.

The department's community tree program saw ten new trees donated by groups and individuals, with orders in for at least three more in 1991 at the writing of this report. For more information on our tree program, contact the Recreation office, 778-0591, Ext. 130.

We had one new park added to our department in 1990, the Robert H. Stewart Waterfront Park. The park is located behind the downtown stores on the Squamscott River and includes a boat dock, landscaping, and a nice walkway with benches. The Phillips Exeter Academy's new boathouse was also added to the waterfront in 1990 and is a beautiful building that enhances the waterfront area. The Academy also has made a walkway behind the boathouse to allow access from the Stewart Waterfront Park to Swasey Parkway.

The outdoor pool saw continued use throughout the summer months. Evening hours were added during the hot spells thanks to flood lights installed last spring. We gave swim lessons to more than 380 students this year. Free swims were given to elementary school students as part of their end-of-the-school-year outing. We also had more pool rentals than in past years.

The tennis courts were again repaired in the spring. Once the work was completed, the usage was up over the previous year. The outdoor basketball courts continue to see increased play, both at the Recreation Park and Gilman Park.

We have three and one-half (3 1/2) acres of land on Route 111 across from the Brickyard Pond with the possibility of seven to nine more acres available for a westside park. In the years to come that land will enable us to build two minor league ballfields, a soccer field, and if need is there and the funding available, two tennis courts. If the number of participants in our program continues to grow along with the population, the need to develop this area will be of the utmost importance. Again, the funding is a consideration that we must look at.

In 1990 we received three awards for programming from a national publication, Park And Recreation Professionals' Sourceletter. These "Sourceletter Creative Program Awards" are the results of many long hours of dedicated work on behalf of many of our volunteers who give their time, and the continued interest of you, the public. We thank these volunteers, and the many civic organizations who provide some of the funds for special events like our vacation movies, magic shows, summer concerts, and bike race. These are the reasons that make Exeter a nice community in which to live, work, and bring up a family. The quality of life here in New Hampshire is the best. Just look around us and see where else you would like to live: we are ten minutes from the seacoast, two hours from the mountains, and forty-five minutes from Boston!

What do we look for in 1991? We look to continue to improve our services with the funds provided by the Town, and donations. Though we might not expand our

programs to a large extent, we will try to find ways to do things for less.

If you have an idea for a program, just stop by the office and share that idea with us. Maybe we can find a way to implement the idea.

We would like to say a special 'thank you' to Phillips Exeter Academy and to the Exeter School System for their continued support.

We thank the Town Manager, Board of Selectmen, and the Town departments for their continued support. To the Friends Of Recreation: Thank You. To members of the Exeter Recreation Advisory Board: James Tobey, Chairman, Donald Foye, Vice-Chairman, Ella Call, Christopher Davies, Regina Delaney and James Valiquet, we thank you.

Yours in Recreation,

Douglas E. Dicey, CLP
Director

Jan French Dicey, CLP
Ass't. Director

ZONING BOARD OF ADJUSTMENT

The Board of Adjustment sits as a five member quasi-judicial body to hear three types of applications: variance, special exception and appeal from an administrative decision. A variance application alleges that the strict literal interpretation of a particular provision of the zoning ordinance would result in an unnecessary hardship to a property owner. A special exception application is a request to permit a specific use subject to meeting certain criteria set forth in the zoning ordinance. An appeal from an administrative decision involves a request for review of a decision by an administrative official with respect to enforcement of any provision of the Zoning Ordinance.

The Board of Adjustment meets the third Tuesday of each month at 7:00 p.m in the Nowak Room of the Town Office Building to review applications. In 1990, the Board held twelve public meetings and reviewed a total of thirty four (34) applications. Fifteen (15) applications for variance were heard, of which twelve (12) were granted; nineteen (19) applications for a special exception were heard, of which sixteen (16) were granted; and one appeal from an administrative decision was heard and denied.

Special thanks to John Kane who left the Board in 1990 after many years of service.

Respectfully submitted,

Robert Deshaies, Chairman
Douglas Mellin, Vice-Chairman
Linnius Vance, Clerk

WELFARE/MEDIATION

Maureen Barrows, Welfare Director

Direct Relief is a town funded program to assist persons whose income is not sufficient to maintain a decent standard of living. Assistance is temporary and is available on an emergency, as needed basis.

With the downturn in the economy and rise in the unemployment rate, the number of applicants has increased somewhat. Recipients of this aid are expected to reimburse the town and, if able, are asked to work at a town job within their capabilities.

The Exeter Mediation Program, a parent-child dispute resolution process, continues to assist families in resolving conflicts.

May 1991 bring us peace and prosperity.

HISTORIC DISTRICT COMMISSION

The primary purpose of the Historic District Commission is to preserve Exeter's heritage as seen in its exterior architecture while promoting full use and enabling development and renovation consistent with the guidelines of the Zoning Ordinances. The Commission also functions as a resource for those interested in promoting the spirit and intent of the District outside its boundaries.

During 1990 the Commission met for 12 regular meetings. Hearings were held on 24 applications and certificates of approval were issued in all but two cases, one of which is still pending. This year the Historic Districts have been enhanced by major projects at Phillips Exeter Academy's Saltonstall Boat House and the Nathaniel Gilman House. It has been a pleasure to work with the proprietors, organizations and construction professionals involved with these and other projects toward the common goal of a pleasing and historically sensitive improvement to the townscape.

In the year just ended, the Commission reviewed the ordinances governing the Historic Districts. Changes were proposed to the Planning Board to make the ordinances more consistent with the purpose of the Districts. The changes were subsequently approved at Town Meeting. Through the efforts of the Public Works Dept. replacement of the signs designating the boundaries of the Historic Districts has been completed.

The Commission thanks Code Enforcement Officer Peter Dow and Building Inspector Mel Bowley for their efforts in communicating the purposes of the Historic District ordinances and administering the decisions of the Commission on a daily basis.

The Commission administers the Zoning Ordinance relating to the Front Street and Downtown Historic Districts by reviewing applications for changes to property and signs therein. Approval must be given before any work can be performed. Please contact the Planning Department's office for further information if you are considering changes to properties within the Historic Districts. The Historic District Commission may be reached through the Planning Department or in person at its monthly meeting on the third Thursday of each month in the Nowak Room of the Town Office Building, 10 Front St., at 7:00 PM. We thank you for your cooperation and look forward to meeting and working with you.

CONSERVATION COMMISSION

The Conservation Commission is happy to report another productive year. Once again the Exeter Garden Club joined us in sponsoring Exeter students to attend various conservation programs. James French, a senior, was selected to attend the "Managing New Hampshire Lands - Seminar for Future Leaders" offered by the Society for the Protection of New Hampshire Forests and held the week of spring vacation at their North Country Center in Bethlehem, New Hampshire. Jordan Roberge and Tami Oliver were chosen, as eighth graders, to attend the Forest Society's Youth Conservation Camp at Interlocken Camp in Windsor, New Hampshire in June. By all accounts these young people benefited from their experiences and are well on their way to learning the importance of caring for our environment. A big 'thank you' to the Exeter Garden Club for helping to make this possible.

April 22, 1990 marked the 20th anniversary of Earth Day, and in honor of that occasion the Conservation Commission presented a program for 137 fifth graders at Main Street School. Exeter Tree Warden and Conservation Commissioner, Peter Waltz, and County Forester, Phil Auger, led the students in a discussion of the importance of trees in our lives and took them on a walk to visit the largest Norway Spruce recorded in New Hampshire. Near this Champion, Phil Auger demonstrated how to plant seedling evergreens and at the close of school that day each fifth grader was given a fir seedling to plant at home. Other Earth Day activities included providing speakers for local schools and organizations and recommending that the Selectmen direct town offices whenever possible to purchase recycled paper products, adopt the use of high-efficiency compact fluorescent bulbs and ban the use of polystyrene coffee cups.

At a quiet ceremony in spring at the Town Office Building, Allen Street Neighborhood Coalition representatives, led by Annie Laszlo, received the long awaited Land and Water Conservation monies needed to complete the purchase of Allen Street Woodland Park. Within minutes of the completion of the transaction, the Coalition made a formal presentation to the Town of the deed to this beautiful nine acre parcel. No words and no fanfare can possibly demonstrate the importance of this gift to us and to future generations nor can mere words express our gratitude.

A tree planting project was carried out in Henderson Swasey Park under the able leadership of Peter Waltz. Commissioners and other volunteers turned out to plant what we hope will be a splendid grove of chestnut trees for the enjoyment of future generations.

The Commission continued to support Peter Dow, Chairman of the Land Conservation Investment Program Local Task Force, in the preparation of a second application to the program. We thank Peter for his indefatigable efforts and for the scope and breadth of his vision in planning for the preservation of open space and natural resources in Exeter.

The future River Walkway took a few steps forward this year. The area has been mapped for topography and various experts have been consulted on possible layouts of the path. Once again we have Peter Dow to thank for his leadership in this project.

The Commission continues to execute its duties as set forth in NH RSA 36-A and RSA 483-A. We thank all those who have helped with our projects and supported our

program.

EXETER HOUSING AUTHORITY

During the year 1990, the Exeter Housing Authority submitted a proposal to the Housing and Urban Development in Manchester for additional construction of seven new family units on our Linden Fields site. Should this proposal be approved, the Exeter Housing Authority will construct these units the summer of 1991. They will consist of six two-bedroom and one three-bedroom units for families.

The Exeter Housing Authority owns and manages the same number of units with eighty-five apartments at Squamscott View Apartments for the elderly, handicapped or disabled at 277 Water Street; Linden Fields with fifteen family units consisting of two, three and four bedroom apartments; seven family units located on Auburn Street and Portsmouth Avenue of two and three bedrooms.

The Authority Board of Commissioners underwent change in 1990 with Commissioner Rene L. Valiquet, Sr.'s term expiring in April. Commissioner Arlene Stewart replaced Mr. Valiquet for a five year term.

The Authority paid to the Town of Exeter \$18,796. in lieu of taxes for 1990. During its fiscal year, the Housing Authority assisted up to 169 residents in paying \$679,424. to private landlords. We operated 107 public housing apartments at an average rent (without utilities) of \$195.00.

Those interested in our program should contact the office at 277 Water Street, by calling 778-8110.

EXETER PUBLIC LIBRARY

Report of Library Director Ellen L. Hardsog

The effects of the economic downturn have reached the Exeter Public Library. Because taxpayers are tightening their belts, more people are using the library for books, periodicals, videos, books on tape, and activities for their families. Even when personal budgets won't cover entertainment, the library has plenty to offer.

Here's what happened at the Exeter Public Library in 1990:

Hope Godino, Pam Darlington, Denise Kardos, and Barbara Powers of the children's library took more than 500 summer readers on a trip around the world.

Jean Grout, Young Adult Librarian, organized a reading program for teens as well as weekly movies and a "Hip Hair" styling program.

Children enjoyed a weekly After School Story Club, Art Outreach's craft programs, Leslie Smith's puppetry, and Barbara Paster's stories, as well as hands-on exhibits and regular storytimes conducted by the staff.

Our week-long commemoration of the 1965 Exeter UFO sighting attracted national, as well as regional, attention. More than 300 people came for the events, which included movies, crafts, and lectures.

Interlibrary Loan Librarian Judy Schultz processed 830 ILL requests to make more books available to you.

The Children's Room got a computer with educational software, and a new microfilm reader replaced our "antique" model.

The New England Antiquities Research Association arranged to have its collection housed at the Exeter Public Library. These materials will be invaluable to people studying ancient New England cultures.

Adult Services Librarians Nancy Merrill and Pam Gjetton answered more reference and genealogical questions than ever before.

Connie Labrie, Adult Services Assistant, diligently tracked down overdue materials so books will be available when you need them.

More than ever, the library is indebted to volunteers, who complete much of our behind-the-scenes work. All together, they do the work of a full-time employee each week and free the staff for front-line services. We honor our volunteers at a November reception.

Many volunteers belong to Friends of the Library. The Friends' book sale raises money for passes for free admission to six museums. The Friends also sponsor popular book discussion series, featuring guest speakers and lively conversation.

In 1990, the library reorganized its staff to cultivate expertise and to set the stage for future development of services. There are many challenges ahead for libraries, and we are ready to meet them.

The future will bring an increased focus on family literacy. The library already provides sites where tutors may work with new readers. Thanks to generous civic and personal donations, we can distribute high-quality books to young children through the Gift of Reading program. We have more literacy support plans for the coming months.

Automation also lies ahead. We should finalize our preparations for automated circulation in 1991 and install a system in 1992. This will speed the check out/check in process, provide faster response to reserve requests, and make overdue retrieval easier.

Collection development is a top priority. Areas such as travel, computers, and financial management have already been updated. The reference collection is targeted for upgrade in 1991. We plan to make some significant improvements in the quality of the library's collection over the next few years.

I wish to thank the Board of Library Trustees, Friends, and especially the staff for making my first few months on the job so productive, enjoyable, and well, interesting. There is never a dull moment here. And to the people of Exeter, thank you for such a warm welcome to your town.

The Exeter Public Library is your library. There is something here for everyone. Even if you're down to your last dollar, the library is full of food for your mind and fun for your family. Libraries will get you through times of no money better than money will get you through times of no libraries, visit the library soon.

EXETER COUNCIL ON AGING

For the last seventeen years, the Exeter Council on Aging has served the community with many activities and services. The council works with the Exeter Parks and Recreation Department offering the senior discount taxi ride program that enables seniors to purchase special tickets for rides in town and to Shaw's and Market Basket. Ten-thousand tickets are sold to seniors age 62 and over and one-thousand to the general public through a grant from Cooperative Alliance for Seacoast Transportation and the Town of Exeter through the Recreation Department and serviced by Exeter Taxi and Limo Service of Exeter. The taxi program has been offered to the seniors here in Exeter for the last sixteen years with contracts signed for 1991, pending approval by the budget committee and Town Meeting.

At the present time there are three members that have served for the entire seventeen years. They are Flavia Page, Robert Shaw and Doug Dicey. There are new members appointed each year who do a fine job of offering help and assistance to our senior adults in the community.

The council has a newsletter that comes out on a monthly basis with editor Vernon Schnare overseeing this project for many years. It is a fine service to the community. The ads in the newsletter pay the entire cost of printing. More than fifteen-hundred are printed monthly.

The Exeter Council on Aging will be conducting a survey of Exeter senior citizens to see why more do not use the Exeter Senior Citizens Center and to find out what type of activities they would like to see the council and Recreation Department offer. The center was built for senior citizens, but they do not use it like other communities.

New members join the council each year when appointments run out. If you are interested in membership, just send a letter to the Exeter Board of Selectmen requesting an appointment when an opening becomes available.

EMERGENCY MANAGEMENT
Report of Director Bud Field

Nineteen Ninety was a busy year for the Emergency Management Organization. In May, the Selectmen appointed a committee to update the Emergency Preparedness Plan for Exeter, which had not been updated for several years. The Plan has been completed and now the organization will be better able to react to any emergency, either natural or manmade. The Committee has been meeting weekly to work on the Plan since June. The final draft will be presented for approval in January or February, 1991.

The Emergency Management Organization has participated in several drills and exercises during the past year, including an exercise to test the readiness to handle terrorist activities, a railway accident involving hazardous material, and an exercise to test the adequacy of emergency plans involving a nuclear accident.

The Emergency Management Organization is actively recruiting volunteers to assist in various positions. Interested people are encouraged to contact the Emergency Management Office at the Safety Complex or call 772-1212 and leave your information with the fire department secretary.

Special thanks to the members of the Local Emergency Planning Committee: Deputy Matt Palmer, Selectman Helen Carr Dix, Heywood Stanley, Don Schultz, Peter Stroup, Dick Wendell, Bruce Baxter, Bill Pepler, Steve MacKinnon, Keith Noyes, and Mike LaPerle.

VETERAN'S COUNCIL OF EXETER
Report of Walter L. Anderson, President

The Council was very busy this past year, sponsoring both Memorial and Veteran's Days exercises. Due to inclement weather conditions, parades were cancelled on both days with exercises held at the Town Hall. The Pingree-Moss American Legion Post #32 managed the placing of grave marker U.S. Colors flags at cemeteries and also placed wreaths at the usual and customary locations, as well as furnishing luncheon on both days.

The Veterans of Foreign Wars Fuller-Covey Post #2181 placed wreaths and national colors. They also presented the Town with the National Colors and a citation stating it was flown over our nation's capitol. The Disabled American Veterans Squamscott Chapter #13 participated at all holiday and dedications honoring past veterans. They dedicated a flowering tree at the Veteran's Memorial on September 19th, and at the dedication services honoring Robert H. Stewart in the culmination of his projected aims of the Waterfront Park, the D.A.V. played an honored role at this event on October 20th.

Earlier in the year, the Disabled Veterans dedicated their Veteran's Information Service Center in memory of their late member Antonia "Tony" Dube. This occasion was highlighted with State and Local dignitaries present, with a plaque honoring Tony, signifying his concern for all veterans.

We strived to keep within our restrained budget. We could never do so if we were to hire musical groups, but fortunately the Exeter High School Band does support Memorial Day.

The Disabled American Veterans also presented the Town with National Colors and a POW/MIA banner with an inscribed citation, displaying our community's concern of our service people's woes in their plight for an accountability of their whereabouts.

We thank you for the privilege of serving our community.

SWASEY PARKWAY

The Swasey Parkway Trustees saw many groups requesting use of the park in 1990. Summer concerts, a folk festival, the Farmer's Market, and Old Home Day were some of the highlights. The Trustees had to deal with one group about the use of the Parkway, resulting in a denial of use of the Parkway by this group. The Trustees are not paid to serve and try to respond in the best interest of the community when making decisions. The Trustees thank the Town for their support.

The new Phillips Exeter Academy Boathouse was dedicated in October. A pleasant access to the Parkway which runs behind the boathouse from the Waterfront Park was created thanks to a cooperative effort by all involved.

The Exeter Parks and Recreation Department tree program purchased eight new trees for the Parkway with the help of former trustee Francis Sinclair and interested people of the community. It is a goal of the Parkway Trustees to set three to five new trees each year for the next five to ten years to replace the large number that have been taken down.

The funds for upkeep of the Parkway comes from a trust fund set up in 1929 by Mr. Swasey. No Town funds have been used other than when the new walkway and fence were approved at the 1989 Town Meeting. The trustees continue to do their best to keep the Parkway looking good with the limited funds available.

If you would like to purchase a tree or park bench for the Parkway, please contact the Exeter Parks and Recreation Department for more information on cost.

Respectfully submitted by the Trustees of Swasey Parkway,

Douglas E. Dicey
Wayne C. Raymond
Warren Henderson

ROCKINGHAM PLANNING COMMISSION

The Rockingham Planning Commission provided Exeter with a variety of planning related services during 1990. The following is a summary of services provided directly to the Town.

The Epping Road Build-out analysis was completed and provided the Town Planning Office with sets of maps and spreadsheets detailing the possible future sewage capacity of this area. This information may be used to develop an impact fee district to fund future sewer improvements on Epping Road.

Joint Exeter/RPC Coastal Program applications were prepared for funds to develop the open space component of the master plan update and GIS mapping of the Squamscott River Corridor; attended the Coastal Zone Program public hearing regarding the applications being submitted by the Town and RPC.

Periodic consultations were provided to the Planning Department regarding zoning amendments and adoption procedures, site plan review requirements, and public hearing procedures; advised Planning Department on revisions to excavation regulations, on requirements for the installation of a pedestrian crosswalk on Portsmouth Avenue, on statutory requirements for citizen zoning amendment petitions, on requirements for condominium documents, on correct procedures for lot line adjustments, on the regulation of development that occurs along town boundaries, on phasing developments, on conditional approvals and lot line adjustment hearings, and on registration requirements for foresters; assisted and advised Town Planning Director regarding RFP for computer equipment.

Assistance was provided to the Planning Department in preparing 1989 Zoning Amendments, including the reorganization and recodification of the Zoning Ordinance; provided word-processing assistance in compiling the recodified ordinance following its adoption.

Camera-ready copies for several pages of the 1989 Town Report were prepared; installed Recreation Department's microcomputer; compiled year by year population estimates for AREA communities on request of the Town Manager; conducted research for the Town Manager on the contents and status of HB 1248 (relative to solid waste management plan requirements) and on motor vehicle operating costs.

Assistance was provided to the Planning Department on updating the 1985 Master Plan, including: review/advice on Master Plan organizational proposal prepared by Planning Director; met with Planning Board to discuss RPC role in updating plan; met with Master Plan Housing Sub-Committee to explain RPC's region housing needs assessment, to provide specific housing data for Exeter, and to advise the committee on specific housing issues to be addressed in the Master Plan.

A draft of the Exeter Water Resources Management and Protection Plan, including an inventory and analysis of surface and groundwater resources, wetlands, water and sewer systems was completed.

Periodically informed the Town and attended hearings regarding the status of the Route 101 expansion and the NHDOT proposal to replace the Route 101/Squamscott River Bridge; prepared testimony and letters of support for both projects which referenced areas of concern expressed by the Board of Selectmen and Conservation Commission.

A recycling application to the State Recycling Program to fund the purchase of storage trailers for holding commercial and school district recyclables was successfully prepared.

The Town of Exeter Zoning Map was re-drafted to include all zoning amendments made in 1988 and 1989; completed final maps and project narrative of Geographic Information System (GIS) pilot study for Exeter; researched and determined that existing tax maps are referenced to N.H. State Plane Coordinate system; obtained NH Department of Transportation 1:200 scale highway base map for the Town; and researched and prepared a proposal for digitizing the Town tax maps.

Assistance was given to the Exeter Land Conservation Investment Program (LCIP) task force with information on game and non-game animals in support of their 1990 LCIP application; attended public informational meeting regarding the Squamscott River Management Plan currently being prepared by the NH Port Authority.

In addition to the Town-specific assistance, Exeter benefited from the many planning services provided on a region-wide basis to member communities.

Respectfully submitted by the Commissioners representing Exeter,

Joseph Kenick, Jr., Vice-Chairman
Peter A. Dow
Herb Moyer

REPORT OF THE RECYCLING COMMITTEE

Exeter's Recycling Committee met five times during 1990. The Committee is charged by the Board of Selectmen to "...study and evaluate various methods of recycling and the cost effect of same, as well as study the ways and means to integrate recycling with other methods of solid waste disposal to provide for 100% effective disposal plans".

The year was filled with activities, beginning with Town Meeting action to expand the recycling program to include all residential units in town. This led to application for, and receipt of, a state grant to cover half the cost of the additional blue bins needed to bring recycling to all of Exeter's residents. The expanded program went into effect in July, with the help of the Exeter Junior Women's Club and members of the Committee.

In April, the Committee sponsored a poster contest in the Exeter School System and received 500 entries. The winners, in four age categories, and the runners-up were presented prizes at the June 6th meeting of the Board of Selectmen.

Other activities throughout the year included help from Hamilton College's Chris Hertig who organized the Committee's files and prepared news releases for the Committee; the institution of a limited commercial and industrial aluminum can pick-up program carried out by the Town, and the preparation of a successful grant application to cover half the cost of the two storage trailers to be used at the landfill for storage of recyclables.

The recycling year ended on a high note, with Exeter winning the New Hampshire Resource Recovery Association's 1990 award for the State's best curbside recycling program. With special thanks to Committee Member Warren Henderson, who prepared the nomination, the award was presented at the annual meeting of the New Hampshire Municipal Association.

Not forgetting the Committee's responsibilities for a comprehensive solution to Exeter's solid waste problem, much time was also spent at looking to options to provide Exeter with a 20-year refuse solution. While other options were addressed, the focus was on the potential to expand the existing landfill which is now down to a year to a year-and-a-half of life. Engineering and hydrogeological testing was undertaken with results submitted to the State in early fall. The end of the year brought as many questions as answers on this matter of landfill expansion. Nevertheless, the Committee continues to be dedicated to presenting the Board of Selectmen with a recommended solution to refuse disposal by the end of 1991.

Respectfully submitted,

THE RECYCLING COMMITTEE:

George N. Olson, Chairman
Keith Noyes
Richard Sargent
David Eustis
Warren Henderson

Helen C. Dix, Selectmen's Rep.
Salvatore Morgani
Dennis Waters
Robert Ganley
George Bragg

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet at the Talbot Gym at Exeter AREA High School in said Exeter on Monday, the eleventh day of March, 1991, at seven o'clock in the evening to act upon the following articles:

1. Warrant for action on the AREA Agreement. Shall the School District accept the provisions of RSA 195-A (as amended) providing for the amendment of the area school written plan for schools located in Exeter serving the following grades, 7 - 12, from the School Districts of Brentwood, East Kingston, Exeter, Kensington, Newfields and Stratham in accordance with the provisions of the plan on file with the district clerk?

2. To see if the District will vote to authorize the School Board to lease the School Street School to Newmarket-Exeter Child Care Centers, Inc., a non-profit agency providing daycare services, for a term of fifteen years on such terms as the School Board may require including a requirement that Newmarket-Exeter Child Care Centers, Inc. complete at least \$225,000.00 of improvements to the School Street School prior to occupancy.

3. To see if the District will vote to authorize the School Board to make application for, accept, and expend, on behalf of the School District, all gifts, advances, grants in Aid, revenue sharing funds, or any other funds for educational purposes as may now, or hereafter be available or forthcoming from the United States Government, the State of New Hampshire, or any of its municipalities, or any other state, local or federal agency.

4. To hear reports of Agents, Auditors, and Committees or Officers heretofore chosen and pass any vote relating thereto.

5. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials and agents, and for the payment of the statutory obligations of the District.

6. On petition of Nancy Hennigar and nine others: To vote to have the district raise and appropriate the sum of \$90,000.00 (ninety thousand dollars) for the express purpose of adding three (3) elementary classroom teachers. Two teachers to be hired for the second and third grade at the Lincoln Street School, and one to be hired at the Main Street School. We ask this in order to maintain the current 1990-1991 student teacher ratios.

7. To transact any other business which may legally come before the meeting.

EXETER SCHOOL DISTRICT WARRANT

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Town Hall in said Exeter on Tuesday, the twelfth of March, 1991, to choose the following School District Officers, by ballot, the polls to open at eight o'clock in the forenoon, and to close no earlier than eight o'clock in the evening:

1. To choose two School Board members for the ensuing three years.

Given under our hands on this _____ day of February, 1991.

Roy Morrisette

Sally Oxnard

Richard Bergeron

George St. Amour

Linda Henderson

**REPORT OF SAU 16 ADMINISTRATORS
MARCH 1991**

**William J. Clancy, Superintendent
Darrell J. Lockwood, Assistant Superintendent
Kathleen M. Lynch, Assistant Superintendent**

The focus of this report will be the proposed amendment to the AREA Agreement which is on the warrant of the Annual School District Meeting in each of the districts comprising SAU 16, and which warrant comprises a very critical decision to be made by each informed voter in our SAU 16 communities.

We are pleased that the very hard and careful work of the school board members from all six towns has produced a product which can best be characterized as fair and equitable to all towns, and is a prelude to the necessary structural changes at the Exeter AREA High School needed in the near future to address the increasing enrollments as well as instructional areas which require attention.

The proposed amendment has a number of elements which are the product of the compromises developed by the school boards:

- * Tuition will be calculated on the basis of a current year's estimated expenses, and a debit or credit will be assessed to the respective receiving and sending towns depending upon the actual expenditures. The tuition lag will no longer be in effect due to this new method of calculation.
- * The sending communities will have more involvement in the decisions to develop capital improvement plans and projects for the junior and senior high schools as the needs present themselves.
- * The sending communities, in lieu of the annual rental payment which they currently make, will participate in defraying the interest costs of any bond issue which the Exeter taxpayers approve for projects at the junior and/or senior high schools.
- * The rights of the sending communities, as such exist under applicable RSA's, are in no way abridged with regard to the sending communities rights to reassess their continuing membership in the AREA Agreement and to act in their local best interest. The receiving district is also protected against significant changes in AREA membership and does not sacrifice its rights to protect its continuing interests or fiscal situation. In addition, the agreement will be reviewed publicly at least every five years.
- * An important inclusion in this amended plan is the ability for any involved community to submit differences to a resolution process which could result in binding arbitration if the parties were not able to settle the difference(s) locally. This has been an ability absent in the current agreement.

It is our belief that positive action on this amendment will benefit the education of students from all six of our communities and will provide a sharing of costs which are more reflective of the value which each community derives from participation in the AREA schools.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Exeter Area School District
Exeter, New Hampshire

We have audited the accompanying general purpose financial statements of the Exeter Area School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Exeter Area School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.
