

Donald E. Chick

**TOWN OF EXETER**  
**ANNUAL REPORT**

FOR THE YEAR ENDING DECEMBER 31, 1984

**Donald E. Chick**

Donald E. Chick served as the Town Manager in our Town from November 24, 1975 to November 29, 1984, serving the longest period of any manager. During his thirty-three year career in public administration, Don has served as a Civil Defense Coordinator, Tax Assessor, Assistant City Manager, and Manager in six different New England communities. In each of his New Hampshire assignments, Mr. Chick served lengthy terms and became actively involved in state and local associations, along with his duties as Manager.

A Past President of New Hampshire Municipal Association and the New Hampshire Managers Association, as well as the Dover Lions Club, Don is an avid golfer who is now enjoying his retirement while splitting his residency between Exeter and Daytona Beach, Florida.

# Town Warrant

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said state qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Exeter, on Tuesday, the twelfth day of March next, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot, and to take other action required to be inserted on said official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School gymnasium on Monday, March 18, 1985 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

### ARTICLE 1

To choose by ballot and plurality vote one (1) selectman for the term of three (3) years.

### ARTICLE 2

To choose by ballot and plurality vote three (3) members of the Library Committee for the term of three (3) years.

### ARTICLE 3

To choose by ballot and plurality vote one (1) member of the Library Committee for the term of two (2) years.

### ARTICLE 4

To choose by ballot and plurality vote one (1) member of the Library Committee for the term of one (1) year.

### ARTICLE 5

To choose by ballot and plurality vote one (1) Trustee of Trust Funds for the term of three (3) years.

### ARTICLE 6

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

### ARTICLE 7

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

### ARTICLE 8 — Zoning Amendment #1

Are you in favor of the adoption of Amendment #1 to the Zoning Ordinance as proposed by petition of the voters for this Town as follows?

Amend Section 4.10 and the Zoning Map to change the use zone for the property located at 2 Lincoln Street, Exeter from C-1 to R-2.

### ARTICLE 9 — Zoning Amendment #2

Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend the regulations for the Professional/Technology Park, PP District to allow by special exception, the "light assembly of premanufactured components" as an accessory use and establishing requirements and definitions as follows:

a) To amend the "Schedule of Use Controls" for the "PP-Professional/Technology Park", Art. 4.20,

under "Special Exceptions" by adding the following so that it reads:

"Light assembly of premanufactured components for high technology products (i.e., electronics, digital and computer related activities), may be permitted as an accessory use provided such plant assembly area does not exceed 40% of the net floor area of the business."

b) Amend Art. 6, Section 60, "Special Exceptions" by adding under Paragraph "j", new subparagraphs (5) and (6) to read as follows:

"(5) Create traffic or noise activity in excess of that ordinarily associated with the permitted principal uses."

"(6) Result in a proportion of employees that exceeds 30% of such employees being involved in direct labor/assembly functions versus indirect labor."

c) Amend Art. 2, Section 20, "Definitions", by adding the following:

"Light Assembly, For the purpose of this ordinance, light assembly shall mean a mating or integrating of previously manufactured components, parts or sub-assemblies generally utilizing manual labor or light machinery. Such minor alterations of the previously manufactured components as are necessary to the assembly process shall be permitted, limited to bending, punching, crimping, wire stripping.

Primary fabrication processes utilized to convert raw materials into finished or semi-finished components shall not be permitted. Examples of such processes would include casting, molding, or thermal forming of plastics, primary machining, press forming, plating or other primary fabrication processes involving the transformation of raw materials into the shape or form different from its delivered form."

"Net Floor Area. The net floor area of a building or business shall be defined as the area remaining from calculating the gross interior floor area and subtracting out areas devoted to utility rooms, hallways, cafeterias, restrooms, foyers, elevators and other common areas."

### ARTICLE 10 — Zoning Amendment #3

Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

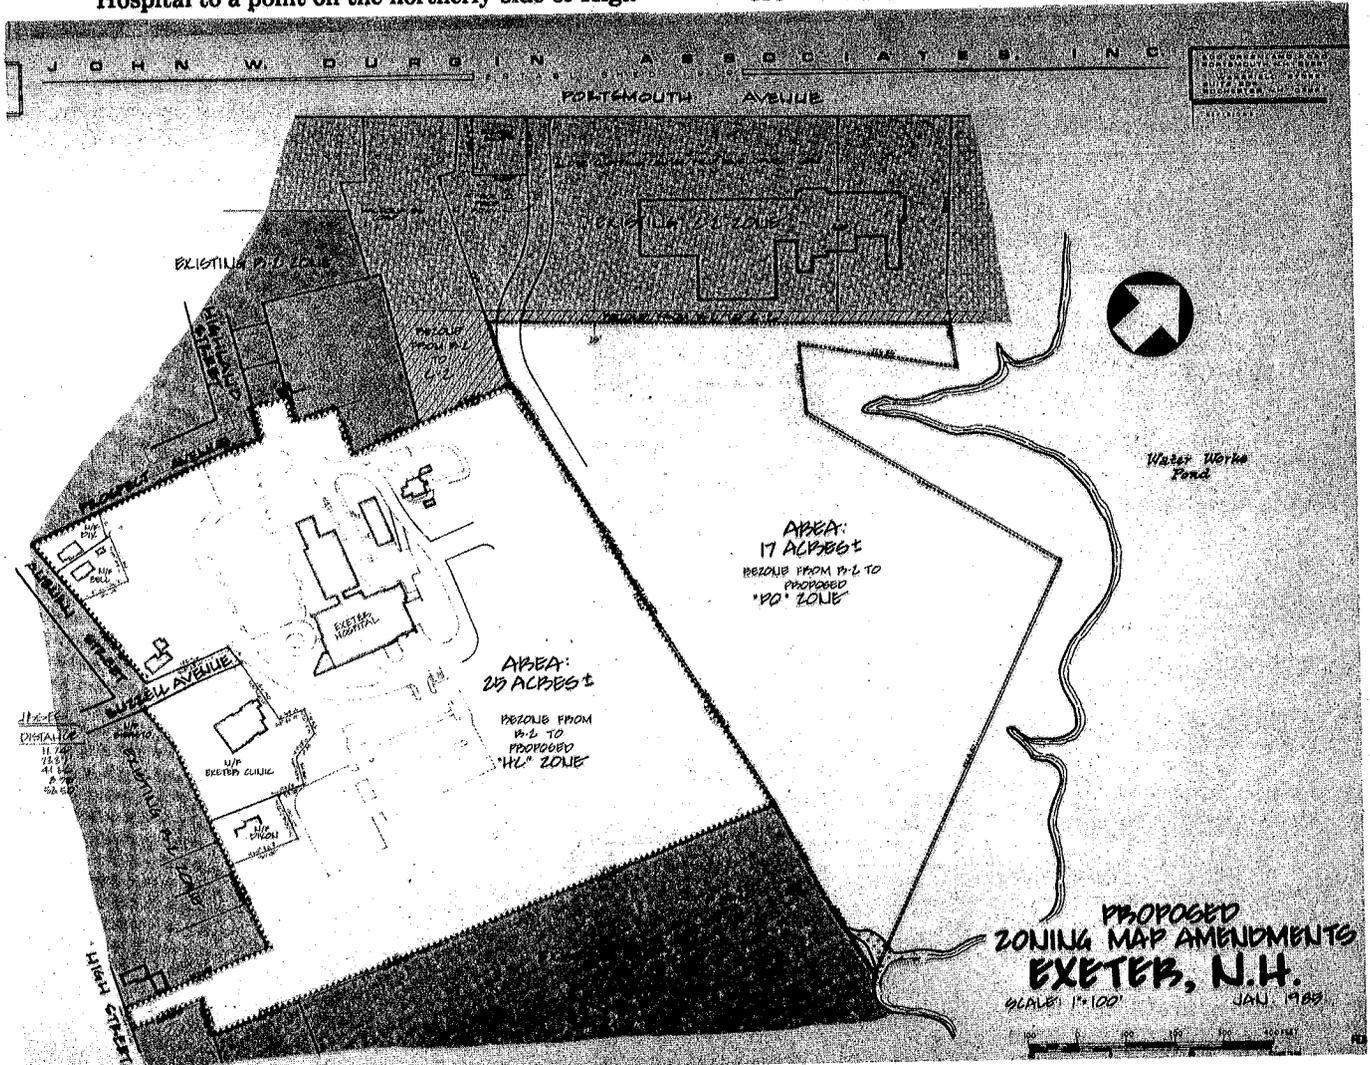

To amend the Town of Exeter Zoning Map and Zoning Ordinances to establish a new district, Health Care Facilities District, on condition that a new street meeting all Town of Exeter standards and running between Portsmouth Avenue and the District hereinafter described, be approved by the Town of Exeter Planning Board. If adopted, this zoning change shall be effective upon the earlier of

the construction of said street or the posting of the appropriate performance guarantee for same if required by the Planning Board. The District shall have the following boundaries, controls, and regulations:

Beginning on the easterly side of Prospect Avenue at its intersection with Highland Street, thence running southerly by Prospect Avenue to its intersection with Auburn Street, thence running Easterly on the northerly side of Auburn Street to its intersection with Buzzell Avenue, thence crossing Buzzell Avenue and running along the southerly side of land of Exeter Clinic to land of Carolyn Dixon, thence continuing to run easterly along the southerly line of land of Dixon to a point, thence running easterly by land of Kearns & Colliander and land of Robert D. Bosak to other land of Exeter Hospital; thence running easterly and southerly by land of Exeter Hospital to a point on the northerly side of High

Street; thence running easterly by High Street to land of Irene A. Barker; thence running northerly and easterly by land of Irene A. Barker to land of Robert and Jeannette Kesler; thence running northerly by land of Robert and Jeannette Kesler and land of Elizabeth F. Smith to land of Margaret Baril; thence running westerly by land of Margaret Baril to land now or formerly of Estate of Ralph W. Turner; thence running southerly and westerly by land of said Turner Estate and land of Town of Exeter to land of the Estate of Florence Walsh; thence running southerly and westerly by land of said Walsh Estate crossing a right of way to land of Harold and Emma Foss to Highland Street; thence running easterly by Highland Street to the point of beginning. (See Proposed Zoning Map Amendments", dated Jan. 1985.

Article 3.10 Establishment of Districts  
 HC — Health Care Facilities District

**Article 4.20 SCHEDULE I: ZONING SCHEDULE OF USE CONTROLS**

DISTRICT	PERMITTED PRINCIPAL	PERMITTED ACCESSORY	SPECIAL EXCEPTION
HC-Health Care Facilities	Hospital, Health Care Facilities, Physicians' Offices Health Care Related Professional offices.	Accessory uses customarily incidental to the principal use.	Essential Services, Expansion of a non-conforming use.

**Article 4.30 SCHEDULE II: ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS:**

DISTRICT	LOT DIMENSIONS		Max. Height Ft./Stories				Max. Cover YARD Dimensions (%) 6				
	No public Water or Sewer	Public Water & Sewer	Min. Lot Area (sq. ft.)	Min. Lot Area per Dwelling Unit (sq. ft.)	Min. Lot Width (feet)	Min. Lot Depth (feet)	Min. Yard (ft.)	Front Yard (ft.)	Side Yard (ft.)	Rear Yard (ft.)	6

<sup>14</sup>For Hospital addition completed in 1979 - 84/7

**ARTICLE 11 - Zoning Amendment #4**

Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

To amend the Exeter Zoning Ordinance and Map to establish a new district entitled "Professional Office Park - P O District" which includes property westerly and to the rear of Portsmouth Avenue, with the following boundaries, controls and regula-

tions:

Amend the zoning map by rezoning 17 acres of land from R-2 to "Professional Office Park" and extending the present C-2 zone from 400' to 425' in depth from Portsmouth Avenue for the length of the First Development Corp property, and also rezone land to the rear of MacDonald's from R-2 to C-2 all as shown on the map titled "Proposed zoning map amendments, Jan. 1985"

Amend Art. 3.10 Establishment of Districts by adding, "PO Professional Office Park District."

And amend Article 4.20 SCHEDULE I: ZONING SCHEDULE OF USE CONTROLS by adding the following:

DISTRICT	PERMITTED PRINCIPAL	PERMITTED ACCESSORY	SPECIAL EXCEPTION
PO Professional/Office Park	Business, professional and banking offices. Data processing facilities.	Customer services as a part of banking offices. Customary accessory uses incidental to the principal uses, including maintenance, recreation and concession facilities.	

And amend Article 4.30 SCHEDULE II: ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS by adding the following:

DISTRICT	LOT DIMENSIONS		Max. Height Ft./Stories				Max. Cover YARD Dimensions (%) 6				
	No Public Water or Sewer	Public Water and Sewer	Min. Lot Area (sq. ft.)	Min. Lot Area per Dwelling Unit (sq. ft.)	Min. Lot Width (feet)	Min. Lot Depth (feet)	Min. Yard (ft.)	Front Yard (ft.)	Side Yard (ft.)	Rear Yard (ft.)	6
PP Professional/Technology Park	Not Permitted	2 acres	2 acres	Not permitted	200	200	50/4	75	30/60	50	20 *13

\*A minimum of 35% of the lot shall be maintained for open space and landscaped areas.

**ARTICLE 12 — Zoning Amendment #5**

Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the terms of Art. 6.88 Growth Management Ordinance so as to increase the annual number of residential building permits from 96 to 132 and other textual changes as indicated so that it reads:

The Town of Exeter deems it desirable to control its growth, size and nature to achieve the following objectives:

To promote the development of an economically sound and environmentally stable "small town" residential community;

To preserve the scenic beauty and present aesthetic values of the Town;

To prevent scattered or premature development of the land;

To protect the health, safety, convenience, property and general welfare of its inhabitants;

To insure that the rate of growth of the Town does not unreasonably interfere with the Town's capacity for planned, orderly and sensible expansion of its services to accommodate such growth;

To promote development harmonious with land capabilities within the Town;

To prevent too rapid a pace of growth that tends to thwart the planning process and to escalate too rapidly the growth and costs of municipal services, especially of schools;

To allow the shared goals, plans and objectives of the Town, its planning officials and its citizens to be realized in a comprehensive fashion as set forth in the Exeter Master Plan.

And whereas it has been determined that the Town can provide a level of services compatible with the rate of growth experienced between 1970 and 1978, which rate of growth is defined as a percentage increase in population from one year to the next.

And whereas, the population of the Town of Exeter has increased at a rate of two to three percent between 1970 and 1978, and approximately 1.2%

(new) between 1980 and 1983.

Now, therefore, this ordinance intends to limit the rate of growth during the term hereof to approximately 3% of the 1984 housing stock which is

(new) 4,500 dwelling units.

**A. Regulations**

1. No more than 132 building permits for new dwelling units shall be issued per calendar year, at the rate of 11 permits to be granted each month.

2. One permit shall be issued for each dwelling unit, with a duplex requiring two permits, etc.

(new) 3. In the event that less than 11 permits are issued in one month, the remaining permits

shall be carried forward and applied to the following month's quota of permits. In the event that less than 132 permits are issued in one calendar year, the remaining permits shall be carried forward and applied to the next calendar year, up to a maximum of 12 permits to be distributed equally over the months of March, April, and May, and subsequently carried forward into the following months if not issued.

(new) 4. The first 15 days of each month shall be set aside for the receipt of all applications for that month; permit applications received at the building inspector's office from the 16th of the month to the end of the month shall be credited to the first day of the following month, one minute apart, in the order of which received at the opening of business. In the event that no more than 11 applications for building permits are received in one month, provisions of a-6, 7, and 10 below shall not apply to the issuance of permits.

5. Permits shall be issued by the 20th of each month.

(new) 6. Upon receipt of more than 11 applications in one month, all such applications shall first be reviewed to insure compliance with other regulations; each application shall then be evaluated according to a "merit system" by the building inspector's office.

(new) 7. According to the "merit system" those 11 having the highest total points in one month are each entitled to receive one building permit for that month.

8. Building permits shall run with the land for a period of two years, after which time a renewal application must be filed with the building inspector as provided for in Section b-7 herein.

9. No single individual, corporation, development project or platted subdivision shall receive more than 3 permits per month or more than 12 permits per calendar year, or more than 3 renewal permits per calendar year.

10. (deleted)

11. The owner of an undeveloped lot of record singly deeded prior to March, 1973, conforming to this zoning ordinance shall be exempt from this section and shall be eligible to receive one building permit. This permit shall override the monthly and annual permit quotas specified under Items a-3 and a-9.

**B. Merit System — Point Allocation**

**Subsection A — To Apply To All Applications:**

1. Proximity to Public Schools (straight line from High School)

(new)	½ mile or less	3 points
	Over ½ mile to 1 mile	2 points

- Over 1 mile to 2 miles 1 point
- 2. Proximity to Services — Fire, Police, Road Maintenance (Straight line).
  - 1 mile or less from Town center (Bandstand) 2 points
  - Over 1 mile to 1.75 miles from Town Center 1 point
- (new) 3. Zoning Requirements
  - Subdivision or plat approved as of Aug. 3, 1980 4 points
  - Meets all zoning requirements 1 point
  - Required a variance 0 point
- 4. Soil Capabilities
  - Less than 25% of required lot area with soils from Soil Groups 1, 2, 5, or 7\* 2 points
  - 25-50% of required lot area with soils from Soil Groups 1, 2, 5, 7\* 1 point
  - 50-75% of required lot area with soils from Soil Groups 1, 2, 5, or 7\* 0 points
  - More than 75% of required lot area with soils from Soil Groups 1, 2, 5, or 7\* -1 point

\* As listed in "Exeter, New Hampshire Soil Survey Report, May 1977", Exeter's soils are each classified under the following conditions: Group 1: Wet Soil Conditions; Group 2: Seasonal Wet Conditions; Group 3: Sandy and Gravelly Soil Conditions; Group 4: Shallow to Bedrock Soil Conditions; Group 5: Hardpan Soil Conditions; Group 6: Deep Stoney (Non Hardpan) Soil Conditions; Group 7: Clayey Soil Conditions.
- 5. Provisions for Sewer and/or Water
  - On Town water w/adequate capacity 1 point
  - On Town sewer w/adequate capacity 1 point
  - On Town water w/o adequate capacity -1/2 pt.
  - On Town sewer w/o adequate capacity -1/2 pt.
  - On private septic system w/in Year 2000 sewer area 1 1/2 pt.
  - On private septic system beyond Year 2000 sewer area 1 point
- 6. Frontage
  - On interior road of subdivision 2 points
  - On existing Town road 1 point
  - On state highway -1 point
- 7. Renewal of permits issued under this ordinance 12 points
- (new) 8. Conversions\* of existing homes 4 points
- 8. Development Design
  - In cluster or OSD design 2 points
  - Conventional design w/all underground utilities (i.e. telephone, electricity) 1 point

Subsection B — To apply on to Development of lots or more.
- 9. Amenities
  - Development of 5% open space for Board approved planned park or recreation area, or more than 15% 1 point

- open space reserved
- Removal of 50% of existing trees over 3" DBH\*\* -1 point
- Structures designed to meet 50% or more of heating needs (as determined by a recognized method of calculation from wood, coal, or solar sources) 1/2 point
- Structures designed to utilize water-saving devices to conserve 30% or more water than conventional home fixtures. 1/2 point
- Structures specified to have R-19 or greater wall insulation and R-32 or greater cap insulation. 1/2 point
- (new) For each month following the Application period that said application is pending receipt of a permit. 1/2 point
- \*\* Diameter Breast Height
- Subsection C — To Apply Only to Developments of 4 or less Lots.
- 10. Amenities
  - Structures designed to meet 50% or more of heating needs (as determined by a recognized method of calculation) from wood, coal or solar sources. 1/2 point
  - Structures designed to utilize water-saving devices to conserve 30% or more water than conventional home fixtures. 1/2 point
  - Removal of 50% of existing trees over 3" DBH\*\* -1 point
  - (new) For each 2 acres that exceeds the minimum lot size, subject to a covenant not to subdivide for 10 years. 3 points
  - Structures specified to have R-19 or greater wall insulation and R-32 or greater cap insulation. 1/2 point
  - (new) For each month following the application period that said application is pending receipt of a permit. 1 point
  - \*\* Diameter Breast Height
- C. Special Exception to Merit System
  - 1. Low Income Housing
    - Housing which is specially funded by local, state or federal government or agencies for the use of elderly, handicapped or economically disadvantaged persons may be excluded from the provisions of this ordinance subject to the granting of a special exception, and provided said proposed housing complies in all other regards with the provisions of the Town of Exeter Zoning Ordinance and Subdivision Regulations. Such housing shall include housing financed and built under Sections 202

and 8 of the Housing and Community Development Act of 1974.

The Board of Adjustment, in considering an application for a special exception under this section, shall find that the following requirements are complied with:

- a) That there is a demonstrated need for the type of housing proposed.
- b) That all rent levels are subsidized by the federal government.
- c) That the proposed housing is consistent with the community's Housing Assistance Plan.

**2. Multi-Family Housing**

The Board of Adjustment may grant a special exception not more than once per year to permit construction of multi-family housing, provided the following are met:

- a) The applicant scores at least 10 points Item b.
- b) The total number of units does not exceed 24.
- c) The granting would not be contrary to Art. 6.60 of the Town of Exeter Zoning Ordinance.
- d) The number of permits exempted from this ordinance by such special exception shall not exceed the lesser of 12 or the number of permits obtained within the provisions of Items a-1 through a-11.

(new) Amend "C" "Special Exception to Merit System" by adding a new section #3 to read as follows:

3. The Board of Adjustment may grant a special exception to exempt a building permit application from the terms of this ordinance if the Board finds that:

- a) The application is limited to a single family dwelling.
- b) The applicant has owned the property for a minimum of 6 months by virtue of a deed recorded at the Rockingham County Registry of Deeds, and, if the property is depicted on a subdivision plan, it is:
  - (1) part of a subdivision creating no more than two (2) lots: or
  - (2) a lot shown on a subdivision plan recorded at the Rockingham County Registry of Deeds prior to 3/15/80.
- c) The applicant is the owner of the property who is building (or has engaged someone to build for him) his own home for the purpose of establishing his primary residence.
- d) The issuance of the permit shall not substantially affect the achievement of the purposes set forth in the preamble to the Growth Management Ordinance.

A permit issued hereunder shall not be counted in any of the monthly or annual permit limits under this ordinance. No person shall receive

more than one such special exception in his/her lifetime.

**ARTICLE 13 — Zoning Amendment #6**

Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinances as follows:

Amend Art. 6.70 "Historic Districts" Section 73-1(2) "Existing Buildings" by adding the words, "unless approved by the Historic District Commission" so that it reads:

"Synthetic siding materials shall not be used to cover or replace existing architectural features unless approved by the Historic District Commission."

**ARTICLE 14**

Are you in favor of the adoption of a report recommended by the Planning Board and Conservation Commission titled "Prime Wetlands a Report", dated Jan. 1983, which identifies certain wetlands as 'prime' for their ecological importance, and to submit this report to the NH Water Supply and Pollution Control Commission as provided by Revised Statutes Annotated Chap. 483-A:7.

This document (on file with the Town Clerk or Planning Department) provides an analysis of the 88 'very poorly drained' soils areas and fresh/salt water marshes in Exeter, and recommends the 46 highest ranking wetlands and Spruce Bog Pond for designation as "Prime Wetlands" for their unspoiled character and uniqueness.

**ARTICLE 15**

To choose all other necessary Town Officers, Auditors, or Committees for the ensuing year.

**ARTICLE 16**

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payment of the Town departments, for lighting streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

**ARTICLE 17**

To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, and pursuant to New Hampshire Revised Statutes Annotated, Section 33.7 and Section 33.7-a to incur debt for temporary loans in anticipation of 1985 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue therefor notes of the Town payable within one (1) year after their date, and to pay or renew the same by issue of new notes payable within one (1) year after the date of the original publication.

**ARTICLE 18**

To see if the Town will vote to establish a Capital

Sched at 6:30 AM.

*By [unclear]*

Reserve Fund for the purpose of purchasing future fire trucks. And authorize the selectmen to act as agents for the Capital Reserve Fund. And to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000.00) to establish the fund.

**ARTICLE 19**

To see if the Town will vote to raise and appropriate the sum of Seventy-Five Thousand Dollars (\$75,000.00) for the purpose of purchasing a Twenty-five cubic yard rubbish packer and chassis, and authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 20**

To see if the Town will vote to authorize the demolition of the buildings owned by the Town on Newfields Road, formerly occupied by the Highway Department.

**ARTICLE 21**

To see if the Town will vote to expend Twenty Thousand Dollars (\$20,000.00) from the Senior Citizen's Capital Reserve Fund, plus any interest earned thereon, for renovation of the Old Fire Station on Court Street.

**ARTICLE 22**

To see if the Town will authorize the Board of Selectmen to apply for, accept, and expend money from the state, federal, or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in New Hampshire Revised Statutes Annotated Chapter 31, Section 95-b, requiring that such sums be used only for legal purposes for which a town may appropriate funds; and provided that the Selectmen hold a prior public hearing on the action to be taken; and that town funds not be expended, including such federal funds as Land and Water Conservation Funds (LWCF) for the purpose of public amenities associated with the purchase and development of the waterfront re: Article 23.

**ARTICLE 23**

To see if the Town will vote to authorize the selectmen to acquire 31,360± square feet of land from Phillips Exeter Academy for the purpose of a public parking lot and future riverfill development. (land formerly called the Sears lot), and vote to raise and appropriate the funds described below, and authorize the selectmen to compensate P.E.A. in the following manner:

Cash payment of \$77,160.00

Convey a deed to P.E.A. for 5,640± square feet of river basin in front of the P.E.A. Boathouse, and

Acceptance of 5,640± square feet of the 31,360± square feet of the land along the river as a donation to the Town, and

to authorize the withdrawal of \$52,500 from the

Federal Revenue Sharing Funds received by the Town in calendar year 1984 and \$24,660 from the Federal Revenue Sharing Funds to be received in calendar year 1985.

**ARTICLE 24**

To see if the Town will raise and appropriate the sum of \$16,920 for partial payments on the Riverfill Project so-called that consists of the construction of a seawall, riverfill, and public amenities along the Squamscott River adjacent to the lot purchased under Article 23, and to authorize the withdrawal of \$16,920 from the Federal Revenue Sharing Funds to be received in calendar year 1985.

**ARTICLE 25**

To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to add to the Library Capital Reserve Fund established in 1982, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 26**

To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars (\$3,500.00) to be added to the Capital Reserve Fund for the purpose of purchasing a replacement for the Recreation bus, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 27**

To see if the Town will vote to raise and appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500.00) to furnish and equip the Senior Citizen's Center at the Old Fire Station, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 28**

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to microfilm, codify, and store town records, and to purchase shelving, filing systems, and hardware to systemize the records of the Town Clerk, Tax Collector, and Billing Clerk, and safety renovations to the Town Office and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 29**

To see if the Town will vote to raise and appropriate the sum of Twenty-Two Thousand Five Hundred Dollars (\$22,500.00) to begin structural renovations to town buildings to eliminate handicapped access restrictions, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 30**

To see if the Town will raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the purpose of repairing the columns and balustrade on the Town Hall, and to authorize the withdrawal of this amount from the Federal Revenue Sharing Funds to be received by the Town in the 1985 calendar year.

**ARTICLE 31**

To see if the Town will vote to expend the sum of Fifty-Three Thousand Dollars (\$53,000.00) for the purchase of a replacement ambulance, and to authorize the withdrawal of this amount from the Ambulance Capital Reserve Fund.

**ARTICLE 32**

To see if the Town will vote to fix the annual salary of the Town Clerk at Twenty-Two Thousand Six Hundred Eighty-One and Eighty-Eight hundredths dollars (\$22,681.88) and to raise and appropriate an additional sum of One Thousand Two Hundred Eighty-Three and Seventy-One hundredths dollars (\$1,283.71) above the sum budgeted therefor.

**ARTICLE 33**

To see if the Town will vote to fix the annual salary of the Tax Collector at Seventeen Thousand Four Hundred Fifty and Ninety-Nine hundredths dollars (\$17,450.99), and to raise and appropriate the sum of Nine Hundred Eight-Eight dollars (\$988.00) above the sum budgeted therefor.

**ARTICLE 34**

To see if the Town will vote to fix the annual salary of the Town Treasurer at Six Thousand Three Hundred Ten and Five hundredths dollars (\$6,310.05), and to raise and appropriate the sum of Three Hundred Fifty-Seven and Seventeen hundredths Dollars (\$357.17) above the sum budgeted therefor.

**ARTICLE 35**

To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) towards the cost of publication of the continuation of Bell's History of Exeter which is being prepared by the Exeter Historical Society for the celebration of Exeter's 350th Anniversary in 1988; the sum so appropriated to be paid to the joint Town/Historical Society Committee appointed in 1983 and to be matched by a like sum paid by the Historical Society.

**ARTICLE 36**

To see if the Town will vote to raise and appropriate the sum of Eight Thousand Eighty-One and Fifty hundredths dollars (\$8,081.50) as its contribution to the Rockingham Planning Commission.

**ARTICLE 37**

To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Five Dollars (\$15,005.00) as partial reimbursement to the Exeter Area Visiting Nurses Association, Inc. for providing

continual home health care services to residents of the Town of Exeter.

**ARTICLE 38**

To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars (\$6,000.00) to defray a portion of the cost of services rendered by the Area Homemaker-Home Health Aide Service, Inc.

**ARTICLE 39**

On the petition of Daniel M. Moriarty and others, to see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars (\$9,000.00) for the Seacoast Regional Mental Health Center.

**ARTICLE 40**

On petition of Marilyn Fellows York and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to assist the Newmarket/Exeter Child Care Centers, Inc., a non-profit child care agency.

**ARTICLE 41**

On petition of Paul R. Mahoney and others, to see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for Seacoast Big Brother/Big Sister, a non-profit volunteer organization, to help defray some of the expenses for fiscal year 1985.

**ARTICLE 42**

On petition of Ella Call and others, to see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Dollars (\$1,600.00) to help defray some of the expenses for fiscal year 1985-1986 of the Retired Senior Volunteer Program.

**ARTICLE 43**

On petition of Helen H. Maginnes and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500.00) to assist Seacoast Hospice, a non-profit organization.

**ARTICLE 44**

On petition of Maureen Barrows and others, to see if the Town will raise and appropriate the sum of Seven Thousand Seven Hundred Forty-Eight Dollars (\$7,748.00) to assist Rockingham Child and Family Services, a private, non-profit social service organization.

**ARTICLE 45**

On petition of Teresa J. Rezendes and others, to see if the Town will vote to raise and appropriate the sum of One Thousand Three Hundred Dollars (\$1,300.00) for A Safe Place, a shelter for battered women and their children operated by the Seacoast Task Force on Family Violence, a non-profit organization.

**ARTICLE 46**

On petition of Karen Moyer and others, to see if the Town will vote to raise and appropriate the sum of Four Thousand Nine Hundred Nineteen Dollars

(\$4,919.00) for the Greater Raymond Community Action Center, a part of Rockingham County Community Action Program, Inc., a private, non-profit, anti-poverty agency.

**ARTICLE 47**

On petition of Richard F. Niebling and others, to see if the Town will vote to authorize the Trustees of the Public Library to expend funds (and accumulated interest) held in the Library Capital Reserve Fund established in 1982, as needed for schematic design and design development for the construction of a new public library.

**ARTICLE 48**

On petition of Richard F. Niebling and others, to see if the Town will vote to dedicate land that is owned by the Town and that may be defined as being bounded by High Street, Pleasant Street, Chestnut Street, Chestnut Hill Street, and the Exeter River, as a site for a public library — such dedication to go into effect upon passage of a bond issue for construction of a new public library on that site.

**ARTICLE 49**

On petition of Richard F. Niebling and others, to see if the Town will vote to discontinue as a public way that portion of Pleasant Street that runs from its conjunction with Chestnut Street to its conjunction with Chestnut Hill Street, and to allow the use of said portion for public library purposes, including access to the Public Library and parking for library staff, library patrons, and the general public — such discontinuance and such use to take effect upon the passage of a bond issue for construction of a new public library in that location.

**ARTICLE 50**

On petition of Stephen Hermans and others, to see if the Town will discontinue (under New Hampshire REVISED STATUTES ANNOTATED 231:43) the old section of Southside Road (not used as a public highway since 1930) which traverses property of Standard Thomson Corporation on the south side of Route 101, in return for the payment to the Town of an amount to be approved by the Town Tax Assessor and the Board of Selectmen as representing the fair value of said road remnant to be abandoned.

**ARTICLE 51**

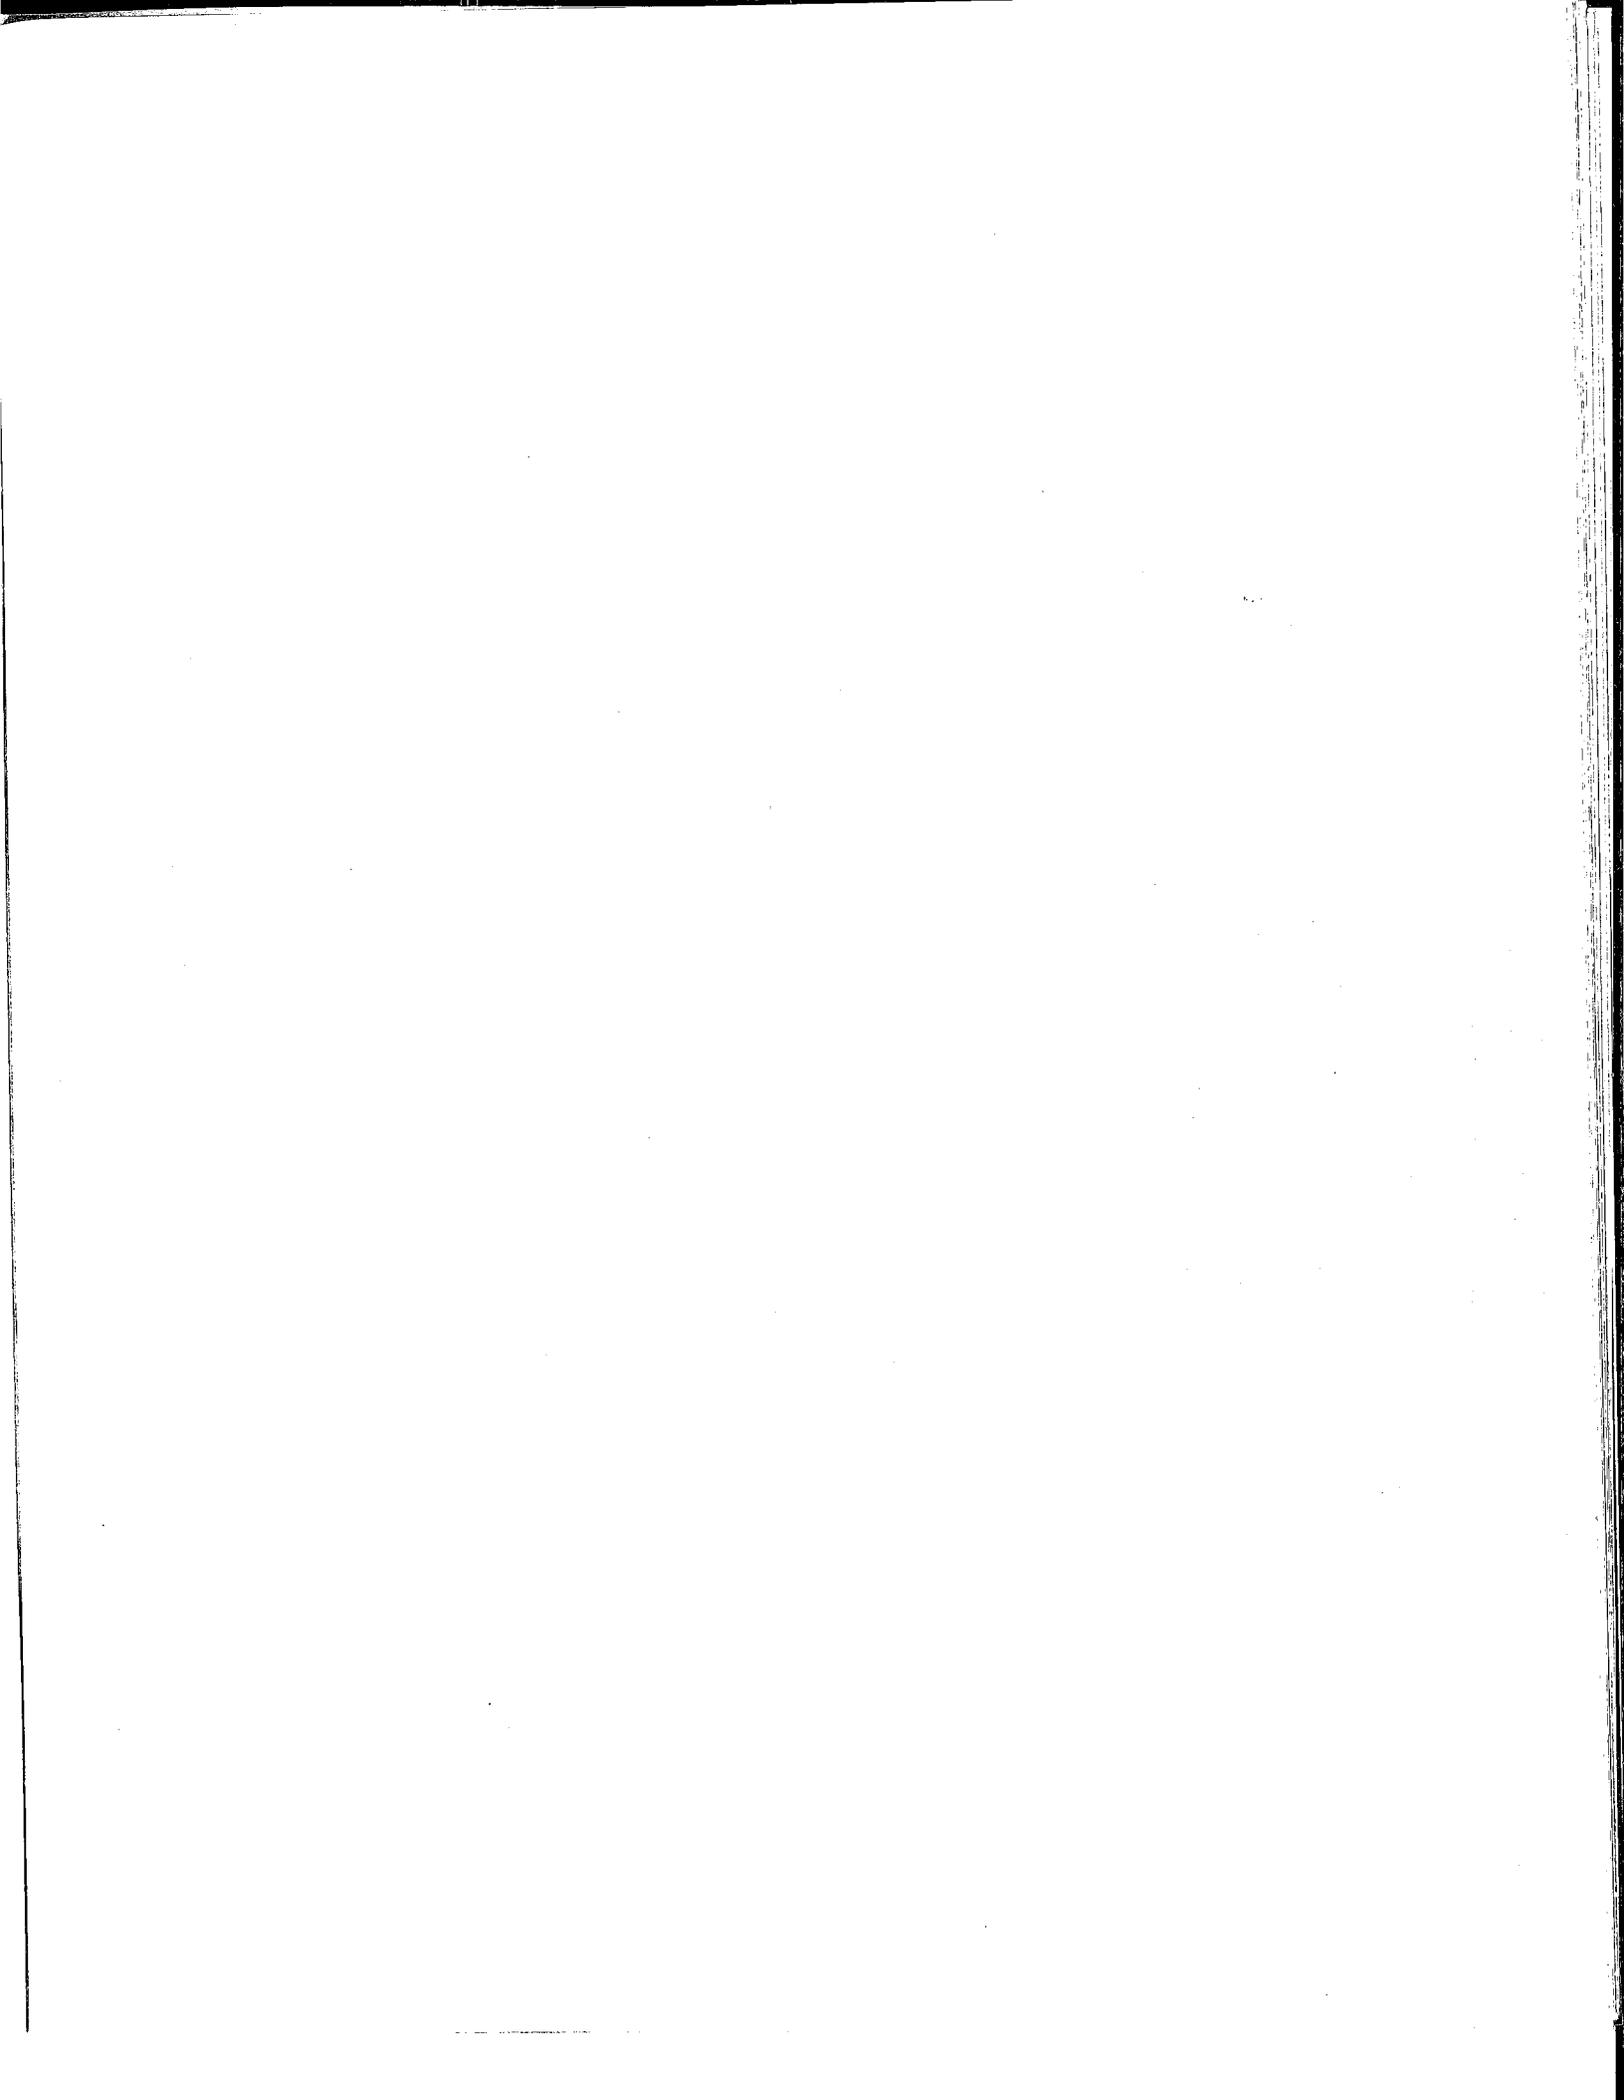

To transact any other business that may legally come before said meeting.

Given under our hands and seals this 25th day of February, 1985

Evelyn H. Zarnowski, Chairman  
Richard M. Heath, Vice Chairman  
Helen C. Dix, Clerk  
Sherman E. Chester  
Robert H. Stewart  
Board of Selectmen.

We certify that on the 26th day of February, 1985, we caused a true copy of the within Warrant to be posted at the Town Hall in Exeter, at Gerry's Variety Store in Exeter, and at the Exeter High School gymnasium in Exeter.

Evelyn H. Zarnowski, Chairman  
Richard M. Heath, Vice Chairman  
Helen C. Dix, Clerk  
Sherman E. Chester  
Robert H. Stewart  
Board of Selectmen.

Paid: .....	136
Rental waived: .....	27

## Selectmen

Looking back over 1984, significant events stand out in a year that the Board of Selectmen, Town employees, and members of all boards and commissions worked together with one goal in mind: the welfare of Exeter and its residents today, tomorrow, and into the future.

Our former Town Manager Don Chick retired and was replaced by former Police Chief Thomas Powers. Police Lieutenant Frank Caracciolo was promoted to Police Chief. It is interesting to note that promotions to these top management positions could be made from within our existing organization. Even with these major changes in personnel, business went on as usual!

Exeter's business climate was very active with significant new business moving into town providing new jobs and increased activity for existing businesses.

Work continues on the storm

water separation project and the upgrading of the sewer system. Completion of these projects will allow Exeter to grow with adequate sewer capacity. Work also continues for the search for a water supply to meet future needs. Although water capacity is not a problem at this time, it is hoped that we find a water supply that would not require any significant amount of treatment, thus reducing the cost. Water has been found in large quantities. We are now involved in the evaluation of the economics and water quality of several sites.

Work is progressing well on the new Senior Citizen's Center that was approved at a special Town Meeting. Our senior citizens will have a well deserved, adequate facility in which to meet and carry out their activities.

Looking ahead, we will be challenged on many fronts. We must find a way to deal with pressures of growth while

maintaining the integrity and identity of this historic town. We, the Board of Selectmen, remain committed to those goals. We will also be striving, through the Town Manager, to introduce new innovative management procedures and maintain a tight control over all expenditures.

We would like to extend our thanks to the Town Manager, Department Heads, Town Employees, and Boards and Commissions for a job well done! We look forward to our working together in the coming year.

Respectfully Submitted,

Evelyn H. Zarnowski,  
*Chairman*

Richard M. Heath,  
*Vice-Chairman*

Helen C. Dix,  
*Clerk*

Sherman E. Chester  
Robert H. Stewart  
*Board of Selectmen*

## Town Manager

For the greater part of 1984, Donald Chick served as your Town Manager. Don held the position in Exeter for nine years and had accumulated over 30 years of public management prior to his retirement in November.

During my first few months as Town Manager, we have initiated a long awaited rehabilitation pro-

gram for our sewer system and continue our combined program of storm water removal. These two programs are key to many other projects and future development for the Town.

As part of the preparation of the 1985 budget, a comprehensive plan concerning capital projects, buildings, and indebtedness

has been developed to use as a guide for budgets in future years. I look forward to working toward the successful completion of many of these projects in the years to come.

Respectfully submitted,  
Thomas F. Powers III,  
*Town Manager.*

## Public Works Highway Division

I respectfully submit the Annual Report for the Town of Exeter's Highway Department.

During the year 1984 there were fourteen (14) storms with a total accumulation of approximately fifty-four (54) inches of snow and five (5) freezing rain storms.

Again Spring Clean-Up was omitted to get an early start on the construction season.

Summer maintenance consisted of the usual cold patching of pot holes, storm repairs, installation and cleaning, as well as trimming and grooming of the roadsides.

The streets done under our Contract Paving Program were Oak St., Salem St., Forest St., Walnut St., Locust Ave., Hale St., Warren Ave., and a little more done in the Westside Drive area.

Our Sidewalk Program work was done on Gill St., Front St., Main St., and High St.

We oiled about three miles of country roads and installed 1,600 feet of culvert on Drinkwater Road along with our other duties of street marking and street sign replacing.

Respectfully submitted,  
Robert D. Strout,  
*Director of Public Works.*

## Public Works Water and Sewer Division

I respectfully submit the Annual Report for the Town of Exeter's Water and Sewer Departments.

Due to the amount of building construction going on and the need to mark out the underground utilities along with making service taps, the Town employees were not able to do any major projects. The jobs they were able to do consisted of water leaks, hydrant repairs, grass mowing, etc.

The Meter Department had another good year installing new meters with outside recorders.

A few more service cross-overs were done on High Street by J. A. Baillargeon who was the low bidder.

The sewer pumping stations have been rebid and are being run by Y.W.C., Inc. who has done a great job of putting them back into shape.

The lagoons have been cleaned and an aeration system installed.

Rodding and pressure cleaning of the sewer mains were taken care of when needed.

Respectfully submitted,  
Robert D. Strout,  
*Director of Public Works.*

## Fire Department

The Exeter Fire Department has completed a basically predictable year in terms of projects and accomplishments, with our Dry Hydrant installations heading the list.

A total of 232 hours of volunteer time was given by our members putting Dry Hydrants in at the Claypit Pond on Route 111, Colcord's Pond, Route 111A, Raine's Farm, Route 87, and Drinkwater Road. Backhoes for the jobs were donated by Gary Raymond Construction, and the Exeter Water and Sewer Department. Several more Dry Hydrants are scheduled for 1985.

All hydrants have been tested and will flow over 1,000 G.P.M.

We have also received a Custom built Mack-Pierce fire pumper to replace our ailing Engine-3 that has served us for the past 20 years.

Another area of major concern was the fire rating change to a lower classification by Insurance Services Office, commercial risk services from Quincy, Massachusetts.

I.S.O. began its rating and testing in November of 1983 with the final report received in April 1984.

By dropping into a lower classification premiums of some mercantile properties may be reduced by as much as 10 percent.

I wish to thank all the members and the other Town Departments for their assistance and cooperation throughout the year.

Respectfully submitted,  
William J. Toland,  
*Fire Chief.*

# Fire Department Ambulance

I wish to thank the citizens, business organizations and other Town agencies of Exeter for their continued support throughout the year.

We are continuing our efforts through training to meet the demands for our service. Advanced and specialized techniques and procedures are necessary to deal with the wide variety of emergency situations encountered during the year.

The number of motor vehicle accidents requiring transport by ambulance remains quite high. Automobile safety restraints help reduce the severity of many injuries and are required by law for children under the age of five.

The summary of services rendered for 1984 are included in this report.

Respectfully submitted,  
John E. Carbonneau,  
*Lieutenant,  
Emergency Medical Services.*

January 17, 1985

## Assessor

For those that may be new to the community, a reminder that we have veteran, elderly and blind exemptions. Please contact the Assessor's Office for qualifications concerning eligibility as to whether you can qualify. Application must be filed with this office on or before April 15, for the year you are applying. We also have Current Use for qualifying land, and there is a penalty for those that build on this type of land.

The upcoming year will have Apollo on the tax rolls, along with Standard Thomson. Condominiums continue to grow and we expect development in the Hampton and Kingston Road areas.

Commercial/Industrial growth will usually enhance our assessment rolls. The conversion of apartments to condominiums are

an excellent addition, although shortages in the rental market will cause problems for those not wanting to purchase.

### ITEMIZED SUMMARY OF ASSESSED VALUATIONS

## Health Department

This is my eleventh yearly report as Exeter Health Inspector. My duties have been the same as in previous years, which includes inspections of all businesses or establishments pertaining to food, including school buses, public buildings, beauty parlors, barbershops, health centers, day care centers, or any other places the public utilizes. I have been paying strict attention to the grease trap problems. I have had good cooperation. I find that it is very important as it effects the proper functioning of our lagoons.

I have been inspecting the new business buildings that are coming into Exeter.

I follow up any call or complaints made to me involving health conditions. With the expanding of business and homes in Exeter, I encounter more to do as the Health Dept. officer on Town Regulations and Ordinances.

Yours in Health,  
J. Harold E. Carbonneau,  
*Health Inspector.*

## Planning Board

With an upturn in the economy the Planning Board held 42 meetings and conducted numerous site walks in 1984. There were 50 applicants before the Board for various subdivisions and site plan reviews. Recently, there have

been numerous meetings dealing with rezoning proposals. At the suggestion of the Board, the Exeter Hospital has been successful gaining permission to construct a roadway to Portsmouth Ave. which will substantially alleviate traffic congestion on surrounding residential streets. This enabled the Planning Board to sponsor a rezoning amendment which will permit the construction of a medical services building, thereby housing additional physicians and expanding several hospital functions.

As development pressure continues, so will our endeavors to analyze these impacts upon the community and balance growth in harmony with the Master Plan.

Members of the Board wish to extend their appreciation for the cooperation shown by developers, business interests, and citizens for their contribution to Exeter's planning process.

William Armstrong,  
*Chairman,*  
Victor Baillargeon,  
Rene Valiquet,  
Joseph Kenick, Jr.,  
Paul Binette,  
Frank Kozacka,  
Robert Stewart,  
*Selectman Representative,*  
Clarence Perkins,  
*Alternate,*  
Douglas Mellin,  
*Planning Director.*

## Swasey Parkway

The trustees wish to thank Bob Eldredge and Gary Lord for their fine work in caring for the Parkway.

The trustees have put in effect a new program whereby anyone who wishes to use the Parkway must obtain an application for use of the Swasey Parkway facilities. Three copies of this request must be made out and returned to the trustees. One copy for the person who wishes to use the Parkway, one copy for the Police Department and one copy for the trustees. These applications can be obtained from any trustee. Some people still think the lawns are roads and vandalism is a major problem.

However, we will continue to try to keep the Parkway a place to enjoy and be proud of.

Respectfully submitted,  
Francis M. Sinclair  
Douglas Dicey  
William Toland,  
*Trustees of Parkway.*

## Housing Authority

The Exeter Housing Authority owns and manages 107 apartment units in Exeter: Squamscott View Apartments (85 units for elderly), Linden Fields (15 units for families with children), and most recently completed in 1984 the properties at 16-20 Auburn Street and 11-13 Portsmouth Avenue (7 units for families with children). EHA's tenants pay 29-30 percent of their adjusted income for rent and utilities. The EHA receives a federal subsidy to provide the difference between

rental income and operating expenses. In EHA's Fiscal Year 1984 a Payment in Lieu of Taxes of \$8,636.45 was made to the Town of Exeter, 28 percent more than in 1983. All EHA owned apartments are occupied and eligible applicants are selected from a waiting list as vacancies occur.

Housing Assistance Payments made via the Section 8 Existing Housing Program increased by 6 percent to \$351,550.00. Through this federally funded program the EHA pays private landlords the difference between 30 percent of a participating tenant's monthly income and the cost of an apartment's rent and utilities. During 1984 the EHA was granted additional funding to increase assistance from 151 to 159 apartments. The EHA assists 125 elderly/handicapped households and 34 families with children through this Program.

There were no changes in the Board of Commissioners or the staff during 1984.

The EHA will continue to strive to provide affordable safe, decent and sanitary housing to Exeter's lower income residents and all interested in our Programs are invited to contact the office at 277 Water Street, 778-8110.

Respectfully submitted,  
Margaret D. Duhamel,  
*Chairman.*  
Rene Leo Valiquet,  
*Vice Chairman.*  
Flavia J. Page,  
Robert Curran,  
Robert A. Coty,  
J. Douglas Guy III,  
*Executive Director.*

## Police Department

In my first report to the citizens of Exeter, I am pleased to present the activities of the Police Department for calendar year 1984.

We are proud to report that the incidents of reportable crime have decreased in the Town of Exeter over the past five years.

We have investigated fewer personal and property crimes over the past five consecutive years. During 1984, we recovered 33 percent of the property stolen and have a resolution rate of about 10 percent in the major crime area, 5 percent below the national average, however have resolved 45 percent of all other criminal offenses.

I would like to emphasize that a police department is no better than the community in which it serves. Members of the police department work very hard for the community under very stressful conditions, because we know that our community supports us in our endeavor to suppress crime. We by no means can do the job alone. We feel that you, the citizen, have helped us greatly in our daily task. Your awareness and cooperation in crime reporting and assistance as court witnesses is all part of the total commitment for a free society. The greater the support, the more effective we are.

The tragic disappearance of one of our young children, Tammy Belanger, has been a test of community support and police vigilance. This investigation has certainly been the most complex and demanding in recent Exeter

history and still requires an enormous amount of total commitment. As a result, a Police Task Force has been assembled and continues to work full time on this case at the time of this report. The Task Force includes members of the Exeter Police Department, New Hampshire State Police and the Federal Bureau of Investigation. We have also been very fortunate to have police officers from other communities assisting us full time since the beginning of this investigation, not to mention the hundreds of volunteers and personnel from the Exeter Fire Department.

Of course, the police department continues to work in many other areas as indicated at the end of this report. We commit ourselves to serving you and welcome your questions and interest in the department.

I wish to thank all members of the Police Department and all other Town agencies for their cooperation and assistance throughout the year.

Respectfully submitted,  
Frank S. Caracciolo,  
*Chief of Police.*

## Visiting Nurse Association

1984 marked the 17th year that the Exeter Area Visiting Nurse Association has provided professional and caring health services to the residents of the Exeter area. From 1958 to mid 1967 the Exeter VNA employed one nurse who visited within the town of Exeter only. Seventeen years later, the Exeter Area VNA is providing skilled and therapeutic services to a population of over 40,000 in 12 towns. The caring and the warmth are still very much evident as the staff provides many more services with up-to-date skills and competence. The Agency has increased from one nurse to a staff of 31, including therapists, nutritionists, physicians and nurse specialists.

16,352 units of service were provided by EAVNA staff during 1984, seven days a week and 24 hours a day. The EAVNA provides Home Care today that meets the increased and fre-

quently technical needs of its clientele as hospitals are discharging patients "quicker and sicker." People are now in need of health services at home that before were thought to be only possible in a hospital. The EAVNA staff is skilled and current in its knowledge and abilities.

The services provided in 1984 by programs are:

**CARE OF THE SICK** — 12,343 visits — These include home and office visits by nurses, aides and therapists.

**MATERNAL AND CHILD HEALTH** — 1,474 units of service — includes home visits and clinic services.

**ADULT HEALTH** — 2,535 units of service — includes Blood Pressure Screenings, Foot Care, Sugar and Iron, Health Risk Appraisals, Diphtheria and Tetanus, Flu Protection, Health Teaching and Nursing Assessments.

The Agency continues to provide a clinical setting for Home

Health to students from area schools and universities.

The shift of health care from hospitals to home and community, which began a few years ago, is proving to be cost effective and preferred by many.

Exeter Area Visiting Nurse Association, Inc., 26 Prospect Avenue, Exeter, NH. Tel. 603-772-2981. Office hours: 8 a.m. to 4 p.m. Monday through Friday. Medicare/Medicaid Certified. Member of Homecare Association of New Hampshire and National Association of Home Care.

Alan Vrooman,  
W. Everett Doe, Jr.,  
Brian McCaffrey,  
*Representatives,  
Board of Directors.*

## Recreation and Parks

The year 1984 was a very productive year not only with our revenue produced through fees, charges and donations, but, with our programming. The overall budget for 1984 came out in the

black with a few accounts in the red, but, the total budget is on line. In 1984 we brought in more than one hundred and fifteen thousand dollars to help offset the requested amount from the town.

The programs were well received with good attendance in most of the activities from sports, puppetry, special events, and the arts. A new idea of busing students to a PlayCamp in 1984 met with great response requiring the department to add a staff member and an extra bus. Now that the idea has been tested we have plans to provide more of this type of activity and supervision. The program is offered for eight weeks at the Recreation Park on the Hampton Road Monday through Friday late June through mid-August. The program, format was patterned after our daycamp and combined the best program ideas from our summer playground and our daycamp and added more activities and special events.

One highlight of the year was the vote of you the people of Exeter to renovate the old fire house next to the Recreation Center to be used as a Senior Citizens Center with the completion date of early May 1985. With this new facility, we hope to be able to serve our senior citizens better and provide more activities and meals on a daily basis. The center will also provide a much needed hall for groups to meet here in Exeter. We thank you for your support on this project.

With the retirement of Don Chick, our Town Manager, we have lost one of the best supporters of not only

Recreation, but, of the senior citizens. He was always there to fight to provide you the citizens of Exeter with the best programs and facilities that the budget would allow. Don will be missed not only for his support, but, for his love of his fellow man. He was a people oriented Town Manager, he loved people and did his best to understand what they were trying to accomplish. We wish Don and Shirley continued good health in their retirement in Florida.

What do we look for in 1985? We not only look for you to continue your support, but, to get you involved in Recreation here in Exeter. Our profession's national slogan is and has been for the last five years, "LIFE BE IN IT," and we believe in this program and want you to join us in making your free hours more enjoyable as a participant or volunteer in any number of activities.

We estimate that more than 60 percent of the residents here in Exeter have participated in one or more of our activities from trips and sports, to crafts, and the arts including concerts, and other organized recreation of one form or another. We would like in 1985 to make that figure go to 75 percent or more. We are always open to new ideas and need your input to make the programs your programs. We are here to provide the best we can within our budget. Come share your ideas with us.

I would like to thank the people who supported me during my illness last spring. Your support of the department made my difficult time easier. Thanks

again for your love and support expressed to me.

Yours in Recreation,  
Douglas E. Dacey,  
*Director,*  
Recreation & Parks Dept.

Maren Bourne, *Secretary.*

## Public Library

1984 has been very busy and it certainly went out with a bang when the furnace blew up. We've had more programs than ever in the children's department, thanks to Barbara Young and her staff. They have run at least three story hours a week plus a Wednesday after school craft program, plus extras such as the Alice in Wonderland Birthday party and the big summer reading program and floats in all the town parades.

In the adult section I was a bit skeptical at first of running the Council on the Humanities sponsored "1984" series. but a surprising number of people came out on some bitterly cold nights to hear and take part in a group of really good lecture-discussions.

Staff changes, although I wish it wouldn't. Shirley Brunell followed her husband out to Michigan last summer and was replaced by Judy Schultz, who has worked here before. And Nancy Merrill is no longer at the desk; she's down in the basement working on the town history. I know we need a new town history but we all miss Nancy.

We have a little computer of our own now. It printed all the mailing labels for our Christmas letter, which doesn't sound like much, but it took most of the year to type everybody's name and

address into the computer's memory. This year it can learn some new tricks, such as keeping track of who has what overdue. It can already tap into the big computer at the state library, and once their system goes online we will be able to do interlibrary loan really fast, as opposed to the months it seems to take now.

We've done a merciless weeding: about a quarter of the fiction went into the big sidewalk-sale booksale in front of the town hall, where we made almost \$400. And we added Books on Tape, so that you don't have to qualify as disabled to enjoy being read to.

The building committee is gearing up for another try, under Andrew Carnegie. This time we are looking at the old Clemson plot by the string bridge, and it would be a lovely site right over the falls. Of course a new building with lots of room will be a lovely sight anywhere.

As usual we get by with help from our friends. Marjorie Rowell has been carrying books and films and tapes to the nursing homes and homebound people: that circulation has definitely increased. Anne Rogers has been coming in to type and tape and paste. Sue Oleson has been reading along the shelves to keep the books in order while her daughter was at story hour.

But the people who did the most under the worst conditions were Tom and Jeff Merrill, who rehung our monster front door after a hinge broke. We make do with lots of things, but really, we have to have a front door.

Respectfully submitted,  
 Pamela Gjettum,  
 Librarian.

## Conservation Commission

The Conservation Commission warmly welcomes new members David Weber and Helen Winebaum and sadly accepts the resignations of Bruce Ellis and Sheila Duff.

Park expansion and increased open space for the people of Exeter highlighted the Conservation Commission's 1984 calendar. In July, Eleanor Manix Dawson of Hampton (formerly of Exeter) deeded approximately 175 acres of land to the Conservation Commission for wildlife preservation and passive recreation. Sixty of those acres were purchased by the Commission using funds from its land acquisition account appropriated by the town in 1978. The purchase was desired in order to increase the size of Henderson Swasey Park and protect its bounds. The remaining 115 acres were Mrs. Dawson's gift to the people of Exeter. Thirty of these acres are located in the town of Brentwood and are in the process of being turned over to that town's Conservation Commission under a conservation covenant guaranteeing the land shall be permanently protected from development. The balance of this extraordinary gift is composed of various sized parcels located in the Oaklands which the Commission hopes will eventually link into a permanent, protective greenbelt around the town. The Commission salutes Eleanor Manix Dawson for her generosity, Mr. Benjamin Dagostino, Sr. for expediting the transaction and foregoing the realtor commission and Mr. Charles

Tucker whose legal services were also donated.

The month of July also saw the acquisition of a deed to 30.39 acres of land off Hampton Falls Road known as the Enwright property. This land encompasses a 12 acre area classified as one of the town's valuable wetlands deserving protection.

One of the major goals of the Conservation Commission is the fostering of public awareness of ecological/environmental concerns through education. To that end the Commission traditionally sponsors two Junior High School students to attend the Society for the Protection of New Hampshire Forests' conservation camp. This year David Ouellet, Jr. and Dana Anderson were our sponsored campers. Their personal reports to the Commission of their camping experience were greatly appreciated. The Commission is proud of their achievements and mature observations.

In another educational endeavor funded by the Commission and arranged by David Weber, an Audubon program entitled "Wild About Mammals" was presented to Exeter Elementary School pupils. The Commission also donated money to the sponsors of Forest Field Days, a hands-on workshop for 4th, 5th and 6th grade pupils, held this October in Durham. This was acclaimed a resounding success by the approximately 1,500 students and teachers who attended the two day event. In an effort to continue its own environmental education the Commission sent one representative to a two day conference on acid rain and three representatives to the annual

New Hampshire Association of Conservation Commissions conference. The topic of this conference was the protection of ground water in New Hampshire.

The tree planting program continues to be a major focus for the Commission. This year with the help of Exeter's Tree Warden, Richard Niebling, and the Highway Department, 20 new shade trees grace our streets.

Henderson Swasey Park is benefiting from the work of the Vocational Educational School Forestry students under the guidance of teacher Andy Anderson. One of their larger projects this year has been the improvement of the fire road. They have brushed out both sides of the road from the gas line toward Fort Rock for a distance of about 1,200 feet, made wider spots at intervals to facilitate turning around, reset one culvert and replaced another and plan to fill one low spot with gravel.

At the request of the Commission, Roger Sloan has undertaken the long overdue job of remarking the bounds of Henderson Swasey Park and the new Manix Dawson land.

This has been a very active, very rewarding year for the Commission, and we would like to thank everyone who has helped us and made our various projects possible.

## Historic District Commission

The Historic District Commission is responsible for reviewing requests for changes within the Front Street and Downtown historic district for compliance to the district ordinances. The Commission presently consists of six members appointed by the selectmen. One selectman also acts as an additional member of the board.

During 1984 the Commission

has reviewed and evaluated applications for changes in existing facades, site features, new construction, changes to existing signage and new signs to be erected within the historic districts. The Commission has also provided advice and guidance to individuals and businesses seeking information regarding general maintenance and preservation measures appropriate to their specific structures.

The Commission meets the third Tuesday of every month at the Town Offices. All meetings are open to the public and citizen participation and input is encouraged.

John W. Merkle,  
*Chairman,*  
Betsy MacDonald,  
*Vice Chairman,*  
Mona Minnon,  
*Secretary,*  
Kathleen Spitzer,  
William Armstrong,  
Evelyn Zarnowski,  
Vernon Sherman.

## Zoning Board of Adjustment

The Board convened for 14 public meetings in 1984, at which time 55 petitions for variance or special exceptions were heard. Of the 31 variance requests, 19 were approved and 18 of 24 special exceptions were approved.

Robert Deshaies was recently appointed by the Selectmen to complete the term of Francis Doherty, who resigned.

The Board of Adjustment sits as a quasi-judicial body to hear appeals such as variances when it is alleged that the strict

enforcement of the ordinance creates an unique hardship when applied to the owners land. A special exception may permit a use in a zone upon a finding by the Board that all conditions of the zoning ordinance have been complied with.

Board of Adjustment hearings are scheduled on the first Tuesday of each month at 7:00 p.m. in the Nowak Room. Applications for appeals are due in the planning office two weeks prior to a scheduled hearing.

Respectfully Submitted;  
Daniel Jones,

## Veterans' Council

Since I became Commander of the Disabled American Veterans of Chapter 13 here in Exeter, there has been no active Veteran's Council. At present, I am involved in recruiting active members for our Chapter with some success, but the interest of Veterans getting involved is at an all time low. Unless we can organize an active Council of all Veteran's Organizations and strive to stimulate interest and pride that Veterans should have, some organizations will lose their charter and be abolished.

I found that cooperation from some organizations to organize Veteran's and Memorial Day parades and services is not interested in helping even if they

are paid, such as the Exeter High School Band, the local Brass Band, and Pease Air Force Band.

The Town of Exeter has treated me very well during times of hardship and assisted me financially when my Veteran's benefits were being reviewed. I owe the Town of Exeter and would like to see that the Town has the proper parades and services on those special days during each year honoring Veterans who gave their lives for this Country, and those that served so honorably from World War I through the Viet Nam conflict.

During 1985, I will try to organize an active Veteran's Council. I would also like some office space to offer counselling and assistance to Veterans a few hours per week. I would be willing to man the office myself, but will accept help from other veterans organizations.

The amount budgeted for the Veteran's Council has been more than enough because very little was spent. I hope the Town will continue to allot money for our use, and hope to use it in 1985.

Sincerely,

Salvatore Collela, Sr.,

*Commander — DAV, Chapter 12.*

## Building Inspector

Building construction increased in 1984. Interest rates were favorable and there was a built up demand for new homes, apartments and renovations. People want to live in Exeter. Permits were issued in the amount of \$15,757,843, which generated \$60,945.37 in revenue for the town. The Building Inspector's office, Fire Department and Board of Health all in-

teract with each other. Many times we visit sites together to save duplication of effort.

The B.O.C.A. Code came into effect just in time for the largest project of the year — the Apollo Computer Plant. The building is located in two towns, Exeter and Stratham, with 222,567 sq. ft. in Exeter and 38,513 sq. ft. in Stratham. The major building components are steel, concrete and bricks.

In November and December we had to use the Merit System of our Growth Control Ordinance. The Planning Board is reviewing the Ordinance and is making recommendations.

My sincere thanks is given to the citizens of Exeter for allowing

me to serve as your Building Inspector.

Respectfully submitted,  
E. Melvin Bowley,  
*Building Inspector.*

### Council on Aging

The year 1984 proved to be one of joy and excitement as the voters of Exeter at a special September meeting approved one-hundred and twenty thousand

dollars from surplus funds to be used to renovate the old fire station next to the Recreation Center to be used for a Senior Citizens' Center. The money added to the 1984 Town Meeting vote of twenty thousand dollars from Revenue Sharing funds and donations through the Exeter Senior Citizens Trust Fund will enable us to, we hope, meet the needs of the seniors here in Exeter for a number of years. The center is a dream of many of our seniors and a goal set by the Exeter Council On Aging many years ago. The Board of Selectmen appointed a committee made up of Selectman Sherman Chester, Town Manager Thomas Powers and Council On Aging Chairman Doug Dicey to oversee the renovations. The building is expected to be completed by late April or early May of 1985. There is still a need for funds to help furnish the building. Some people have donated money for equipment, curtains, and other items that will be needed once the building is completed.

To the seniors here in Exeter, the council is pleased to announce that we signed another discount taxi contract with the Exeter Taxi Service for 1985 with help from COAST Cooperative Alliance for Seacoast Transportation, to provide ten thousand, eight hundred discount rides for senior citizens and the general public. This will mark the eleventh year the council has operated the discount taxi program.

There are many senior adults and younger people here in Exeter who give hundreds of hours volunteering their services to help

the Exeter Senior Citizens, we thank them all.

Our monthly newsletter has grown to more than fifteen hundred copies each month! This newsletter provides you with information on taxes, special events and a joke or two now and then. To Vernon, keep up the good work.

A special thank you to the volunteers who sell taxi tickets here at the center weekly.

Respectfully submitted,

Douglas E. Dicey,

*Chairman,*

Exeter Council On Aging.

## Welfare

Direct relief is to assist persons whose income is not sufficient to maintain a decent standard of living. Emergency assistance is available only on a temporary basis and, due to a continuing low unemployment rate, this portion of the budget has decreased slightly.

In the State of New Hampshire, each town pays a share of costs for eligible persons receiving state assistance or confined to nursing homes. In January of 1984, there were 25

recipients and at year's end 23 recipients.

Lowered child placement costs continued in 1984. The town is responsible for the costs of all children in placement if the parents of said child have lived in that town for a year.

Many costly out of home placements can and have been avoided through use of the Mediation Program.

Overall, it has been a good year and I look forward to more gains in 1985.

Respectfully submitted,

Maureen Barrows,

*Welfare Director.*

## Old Home Day

There was a threat of rain, a wedding going on down the street, the band that was to lead the way was late, but the Old Home Day Parade finally got underway at 1:30 p.m. Each year the number of people involved grows; this year was no exception. Many organizations and groups entered floats, surrounding towns graciously donated their fire trucks. The antique cars were there, as well as motorcycles, bikes, bands, politicians (it was an election year), and kids who love to be in parades. As always it lined up at Lincoln Street School, went down Front Street, down Water Street, and into Swasey Parkway.

Roco the Clown, who joined us for the parade, led a toddler-parent fitness group in the Parkway starting off the afternoon fun. The Fire Department put on a demonstration,

magic tricks filled the afternoon's air, the Reactions entertained with their rock sounds, and Roco the Clown came back encouraging children of all ages to join him in another fitness fun session before dinner.

During the afternoon the Exeter Lions manned their dunking booth, and the Jaycees came through again by running the games.

Thanks to the PEA kitchen staff we once again had a delicious picnic supper of hot dogs, hamburgers, corn on the cob, chips, cookies, coffee or soda. While supper was served by the Exeter Lioness, Lions, and friends, the Exeter Brass Band gave their first concert of the season and the Exeter Minstrels led a sing-along. Then record albums donated by WERZ were given away, and awards and prizes were passed out to parade entries and afternoon game winners.

At 7:00 p.m. NHAAG'S gave a gymnastics demonstration, Julie Lunardo's Studio of the Dance performed, and Newburg gave us a marvelous show. The evening finished with a fireworks display.

None of this could have been accomplished without the help and support of all the townspeople. Special thanks go to all the firms who loaned trucks for the parade, Bob Strout, the Highway Dept., the Rec. Dept., the Library staff, Martha Walsh, Exeter Banking, Rohrs' Family Restaurant, McDonald's, Pizza Hut, WERZ, Jaycees, Exeter Lions and Lioness, members of

the Baha'i Faith, Bob Croall, and Conner Bottling Works.

Respectfully submitted,  
*Old Home Day Committee,*  
Barbara Young,  
Sue Doyle,  
Cheryl Sturgis.

## Mosquito Control

The mosquito control program serves Exeter, Hampton Falls, Newfields, and Stratham, and is a municipally run and owned operation. The goal of the program for 1985 like 1984 and the years before is to use mosquito surveillance techniques to obtain the most reduction with the least amount of insecticides. It is necessary to keep mosquitoes from soaring in numbers (they still do at times) because of the annoyance that affects what people can do and because of the dog heartworm and encephalitis virus that can be transmitted more at high mosquito population levels.

As the other years, all insecticides used have been extensively researched to be shown effective and safe in our applications and are approved for use by the State Pesticide Control Board.

Eastern equine encephalitis (EEE) has not caused an upset in New Hampshire since it was responsible for the death of 9 horses in 1982 (70 in 1973). Human incidents continue to pop up in Massachusetts that show how Rockingham County is not free from danger. Mosquito survey findings are shared with the State Epidemiologist for this reason and disease vector populations are watched closely.

A saltmarsh where fish can prosper at the expense of mosquito larvae is a goal of the future when repeated spray applications would no longer be needed and money would be saved on a long term basis. Cooperation will be made with the State and UNH through the Jackson Estuarine Laboratory in 1985 as the technique known as open marsh water management is field tested on a limited basis. Federal and State Grants are being searched out to save Town money to further assist this work.

Field trials were done in 1984 to test the effectiveness of the street fogger which will be repeated in 1985 to further measure efficiency. A field experiment was performed with a biological bacterial insecticide on saltmarsh mosquito larvae and a more extensive use of the bacteria is planned for 1985. The bacterium is the same species used for the gypsy moth, spruce bud worm, and a number of garden pests.

1984 was a difficult year for the program because the saltmarshes hatched many mosquitoes along with freshwater breeding sites that did the same. Early in April our crew of 3 was out surveying and treating the aquatic mosquito larvae that hatched in snow-melt pools. The early hatching species are responsible for a surge of mosquitoes "on the wing" in late May and early June. Cool spring weather that causes slow development allows over a month to treat the early brood, but hatching into the same areas after summer rains results in quick growth in the heat and only a week may be available to

larvicide. That is what happened to us in 1984 and many of the freshwater mosquitoes escaped. At the same time the tidal marshes were "producing" but control there was accomplished since the viciousness and the long flight range of the saltmarsh mosquitoes warranted high priority be given. Adulticiding with the spray truck is for a backup and supplement and control by this means is limited compared to larviciding.

Goals probably beyond 1985 are to set greenhead fly traps around the saltmarshes, and to look into how extensive the source is of black flies, that is whether pestiferous species are produced in a limited, treatable area in the Town or are produced in many streams. Control could

be to sweep free the attached larvae or to use the bacterial insecticide. Another goal is to find out how to deal with the mosquito species found in permanent swamp situations attached to aquatic plant roots.

A mosquito problem around a household can be caused by a small easy to prevent place. Almost anything that holds water such as a bird bath or bucket is an example. One should change the water weekly or when the wiggly larvae appear throughout the summer. Buckets should be kept inside or upside down and abandoned tires should be filled with soil. If a small ground depression near a home holds water, it can be filled with soil or with raked leaves that can be composted there; a drain

should not be obstructed from an accumulated body of standing water. A resident can sometimes do a lot to control the mosquitoes that have the greatest effect on him or herself.

If mosquitoes become intolerable, please leave word at the Exeter Town Office building (where my office is) so we can better target control efforts.

The commissions and I wish to thank everyone for their cooperation and support. To control the mosquito is quite an involved process, and to work together through scientific methods and common sense is how we can lower mosquito populations safely and efficiently.

Respectfully submitted,

Mark Weaver,

*Supervisor.*
