# ADDENDUM

*The following Town Warrant Articles were inadvertently omitted in the printing of this year's Annual Town Report.*

## ARTICLE 39

On petition of Marilyn Kellogg and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to assist the Newmarket/Exeter Child Care Centers, Inc., a non-profit child care agency.

## ARTICLE 40

On petition of Marilyn Spoerl and others, to see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for Seacoast Big Brother/Big Sister, a non-profit volunteer organization, to help defray some of the expenses for fiscal year 1987.

## ARTICLE 41

On petition of Flavia J. Page and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to help defray some of the expenses for fiscal year 1987-1988 of the Retired Senior Volunteer Program (RSVP).

## ARTICLE 42

On petition of Beryl F. Burbank and others, to see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) to assist Seacoast Hospice, a non-profit organization.

## ARTICLE 43

On petition of Beverly D. Causey and others, to see if the Town will raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.00) to assist Rockingham Child and Family Services, a private, non-profit social service organization.

## ARTICLE 44

On petition of Katharine B. Cornell and others, to see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) for A Safe Place, a shelter for battered women and their children operated by the Seacoast Task Force on Family Violence, a non-profit organization.

## ARTICLE 45

On petition of Karen Moyer and others, to see if the Town will vote to raise and appropriate the sum of Seven Thousand Seven Hundred Thirty-Seven Dollars (\$7,737.00) for the Greater Raymond Community Action Center, a part of Rockingham County Community Action Program, Inc, a private, non-profit, anti-poverty agency.

## ARTICLE 46

On petition of Mary Frances Dagostino and others to see if the Town will vote to raise and appropriate the sum of Six Hundred Five Dollars (\$605.00) to assist in funding of the Rape Crisis Intervention Program of the Women's Resource Center.

## ARTICLE 47

On petition of Lynn Hansell and others to see if the Town will vote to raise and appropriate the sum of One Thousand Eight Hundred Dollars (\$1,800.00) for the Richie McFarland Children's Center.

## **The Founders of Exeter**

**1638 - 1988**

In the Spring of 1638, the Reverend John Wheelwright and upwards of 125 exiles from Massachusetts founded Exeter at the falls of the Squamscott River. Wheelwright procured a deed to the land from the sagamore of the "Piscatoquake" Indians and, in 1639 he wrote, and thirty-five freemen signed, the Exeter Combination that formed the legal basis for Exeter's government as an independent republic until it voluntarily joined Massachusetts in 1643.

These early settlers faced great hardships, but with resolution and skill they made the land and the river serve them. The river and the forests were their only resources beyond their own stout hearts and bodies. The river provided abundant fish for sustenance, marsh hay for their cattle, a roadway to the sea, and water power for mills. The forest provided the raw materials for a lumber and ship building industry which eventually became the basis for the town's prosperity.

With these meager resources, which had to be exploited mostly by hand, these early settlers laid the foundation for the pleasant and thriving town which is Exeter today.

- Edward S. Chase

# WARRANT 1988

State of New Hampshire

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said state, qualified to vote in town affairs: You are hereby notified to meet at the Town Hall in said Exeter, on Tuesday, the eighth day of March next, at eight o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year, by official ballot, and to take other action required to be inserted on said official ballot; the polls to open at eight o'clock in the forenoon and to close not earlier than eight o'clock in the evening, and thereafter to reconvene at the Exeter High School gymnasium on Monday, March 14, 1988 at seven o'clock in the afternoon, for the purpose of acting on all other matters to come before the meeting.

## ARTICLE 1

To choose by ballot and plurality vote one (1) selectmen for the term of three (3) years.

## ARTICLE 2

To choose by ballot and plurality vote three (3) members of the Library Committee for the term of three (3) years.

## ARTICLE 3

To choose by ballot and plurality vote one (1) Trustee of the Trust Funds for the term of three (3) years.

## ARTICLE 4

To choose by ballot and plurality vote one (1) Trustee of the Robinson Fund for the term of seven (7) years.

## ARTICLE 5

To choose by ballot and plurality vote one (1) Trustee of the Swasey Parkway for the term of three (3) years.

## ARTICLE 6

To choose by ballot and plurality vote one (1) Supervisor of the Checklist for the term of six (6) years.

## ARTICLE 7

To choose by ballot and plurality vote one (1) Town Moderator for a term of two (2) years.

## ARTICLE 8

To choose by ballot and plurality vote two (2) School Board Members for a term of three (3) years.

## ARTICLE 9 - Zoning Amendment # 1

Are you in favor of the adoption of Amendment # 1 to the Zoning Ordinance as proposed by the Planning Board for the Town Zoning Ordinance as follows?

To amend the Ordinance by creating an additional overlay district "A" - "Aquifer Protection Overlay District", with its attendant rules and regulations, as posted herewith; and amend the Zoning Map of the Town of Exeter by delineating the known boundaries of existing and gravel aquifers, as shown on the map posted herewith:

### PART I ADMINISTRATION — Purpose & General Regulations

A. Administration: The provisions of the Aquifer Protection District shall be administered by the Planning Board. All development proposals, other than single-

family residential construction not involving the subdivision of land, shall be subject to subdivision and/or site plan review and approval in accordance with Planning Board rules and regulations. Such review and approval shall precede the issuance of any building permit by the Town.

B. Purpose: The Aquifer Protection overlay district (A) is designed to protect, preserve and maintain potential ground water supplies and related ground water recharge areas within a known aquifer identified by the Town. The objectives of the district are:

1. to protect the public health and general welfare;
2. to promote future growth and development, in accordance # with the Master Plan, by ensuring the future availability of public and private water supplies;
3. to encourage uses that can appropriately and safely be located in the aquifer recharge areas;
4. to control development and land-use practices that may detrimentally affect the quality of the groundwater contained in the aquifer by directly contributing to pollution or by increasing the long-term susceptibility of the aquifer to potential pollutants;
5. to ensure that any proposed use will not cause a significant reduction in the long-term volume of water contained in the aquifer or in the storage capacity of the aquifer;
6. to ensure against discharge of waste water on site other than that typically discharged by domestic waste water disposal systems, and against on-site storage or disposal of toxic or hazardous wastes as herein defined.

### C. General Regulations:

#### 1. District Boundaries:

a. The Aquifer Protection overlay district is defined as the area(s) delineated and labelled "Aquifer Protection Overlay District" (A) on the official zoning map of the Town of Exeter.

b. For the purposes of this ordinance, the primary recharge area for an identified aquifer is considered to occupy the same area as that aquifer.

c. Appeals: Where the bounds of the identified aquifer or recharge area, as delineated, are in doubt or in dispute, any landowner aggrieved by such delineation may appeal the boundary location to the Planning Board.

Upon receipt of such appeal, the Planning Board shall suspend further action on development plans related to the area under appeal and shall engage, at said landowner's expense, a qualified hydrogeologist to prepare a report determining the proper location and extent of the aquifer and recharge area relative to the property in question. The aquifer delineation shall be modified by such determination subject to review and approval by the Planning Board.

2. Design and Operations Guidelines: Where applicable, the following design and operation guidelines shall be observed within the Aquifer Protection District:

- a. Safeguards. Provision shall be made to protect

against toxic or hazardous materials discharge or loss resulting from corrosion, accidental damage, spillage, or vandalism through measures such as, but not limited to: spill control provisions in the vicinity of chemical or fuel delivery points; secured storage areas for toxic or hazardous materials; and indoor storage provisions for corrodable or dissolvable materials. All fuel storage shall comply with NH Administrative Rule W.S. 411, notwithstanding exemptions provided therein. For operations which allow the evaporation of toxic or hazardous materials into the interiors of any structures, a closed vapor recover system shall be provided for each such structure to prevent discharge of condensate into the groundwater.

b. Location. Where the premises are partially outside of the Aquifer Protection Overlay Zone, potential pollution sources such as on-site waste disposal systems shall be located outside the Zone to the extent feasible.

c. Drainage. All runoff from impervious surfaces shall be recharged on the site, and diverted toward areas covered with vegetation for surface infiltration to the extent possible. Dry wells shall be used only where other methods are not feasible, and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.

### 3. Use Regulations:

a. Minimum Lot Coverage: Within the Aquifer Protection District (A), no more than ten percent (10%) of a single lot, may be rendered impervious to groundwater infiltration.

#### b. Hydrogeologic Study:

1. Site Plan. For Multi-family, commercial, or industrial development proposals within, or partially within, the Aquifer Protection District (A), a hydrogeologic study shall be performed by a registered hydrologist. This study shall evaluate the development's impacts to groundwater within both the parcel to be developed and the surrounding land. The groundwater quality beyond the property lines of said site shall not be degraded by polluting substances such as nitrates, phosphates, bacteria, etc. Larger lots may be required based on findings of said study.

2. Subdivision: For single-family subdivision proposals of four (4) lots or greater, within the Aquifer Protection District (A), a hydrogeologic study shall be performed by a registered hydrologist.

For subdivisions of three (3) lots or less, the Planning Board will determine, on a case-to-case basis, the need for a hydrogeologic study. Particularly sensitive sites may include areas that have septic systems in close proximity to wells, or may contain excessively drained soils or steep slopes.

Maximum Lot Coverage: Within the Aquifer Protection District (A), no more than ten percent (10%) of a single lot, may be rendered impervious to groundwater infiltration.

d. Septic System Design and Installation. In addition to meeting all local and state septic system sighting requirements, all new on-lot waste water disposal systems installed in the (A) district shall be designed by Sanitary Engineer licensed in New Hampshire. These systems shall be installed under the supervision of said engineer who shall perform a basal area inspection, in person, as part of said supervision.

A designated agent of the Town shall inspect the installation of each new system prior to covering, and shall certify that the system has been installed as designed.

Septic systems are to be constructed in accordance with the most recent edition of the "Guide for the Design, Operation and Maintenance of Small Sewage Disposal Systems" as published by the New Hampshire Water Supply and Pollution Control Division.

However, the following more stringent requirements shall apply to all septic system construction:

1. At least 24 inches (rather than 6 inches) of natural permeable soil above the seasonal high water table.

2. Four feet (rather than three feet) of natural soil above bedrock.

3. Standards for fill material: Fill materials consisting of organic soils or other organic materials such as tree stumps, sawdust, wood chips and bark, even with a soil matrix, should not be used.

The in-place fill should have less than 15% organic soil by volume.

The in-place fill should not contain more than 25% by volume of cobbles (6 inch diameter).

The in-place fill should not have more than 15% by weight of clay size (0.002m and smaller) particles.

The fill should be essentially homogeneous. If bedding planes and other discontinuities are present, detailed analysis is necessary.

e. Prohibited Uses: The following uses are prohibited in the Aquifer Protection Zone:

1. Disposal of solid waste.

2. Storage and disposal of hazardous waste.

3. Disposal of liquid or leachable wastes except that from one- or two-family residential subsurface disposal systems, or as otherwise permitted as a conditional use.

4. Industrial uses which discharge contact type process waters on-site. Non-contact cooling water is permitted.

5. Outdoor unenclosed storage or use of road salt or other de-icing chemicals, except by duly authorized municipal employees on municipally maintained roads in the performance of their duties.

6. Dumping of snow containing de-icing chemicals brought from outside the district.

7. Animal feedlots.

8. Automotive service and repair shops, junk and salvage yards.

9. All on-site handling, disposal, storage, processing or recycling of hazardous or toxic materials.

10. Sand and gravel excavation and other mining within eight (8) vertical feet of the seasonal high water table.

11. Any use or activity that, in the opinion of the Zoning Board of Adjustment or its agent, is detrimental or more so than the above uses.

**PART II DEFINITIONS**

A. Animal Feedlot: Any animal feedlot shall be considered one or which more than five (5) animals, other than house pets, are raised simultaneously.

B. Aquifer: For the purpose of this Ordinance, aquifer means a geologic formation, group of formations, or part of a formation that is capable of yielding quantities of groundwater usable for municipal or private water supplies. C. Groundwater: All the water below the land surface in the zone of saturation or in rock fractures capable of yielding water to a well.

D. Groundwater Recharge: The infiltration of precipitation through surface soil materials into groundwater. Recharge may also occur from surface waters, including lakes, streams and wetlands.

E. Leachable Wastes: Waste materials, including solid wastes, sludge, and agricultural wastes that are capable of releasing contaminants to the surrounding environment.

F. Mining of Land: The removal of geologic materials such as topsoil, sand and gravel, metallic ores, or bedrock to be brushed or used as building stone.

G. Recharge Area: The land surface area from which groundwater recharge occurs.

H. Solid Waste: Any discarded or abandoned materials including refuse, putrescible materials, septage, or sludge, as defined by New Hampshire Solid Waste Rules He-P 1901.03. Solid waste includes solid, liquid, semi-solid, or contain gaseous waste materials resulting from residential, industrial, commercial, mining, and agricultural operations and from community activities.

I. Toxic or Hazardous Materials: Any substance or

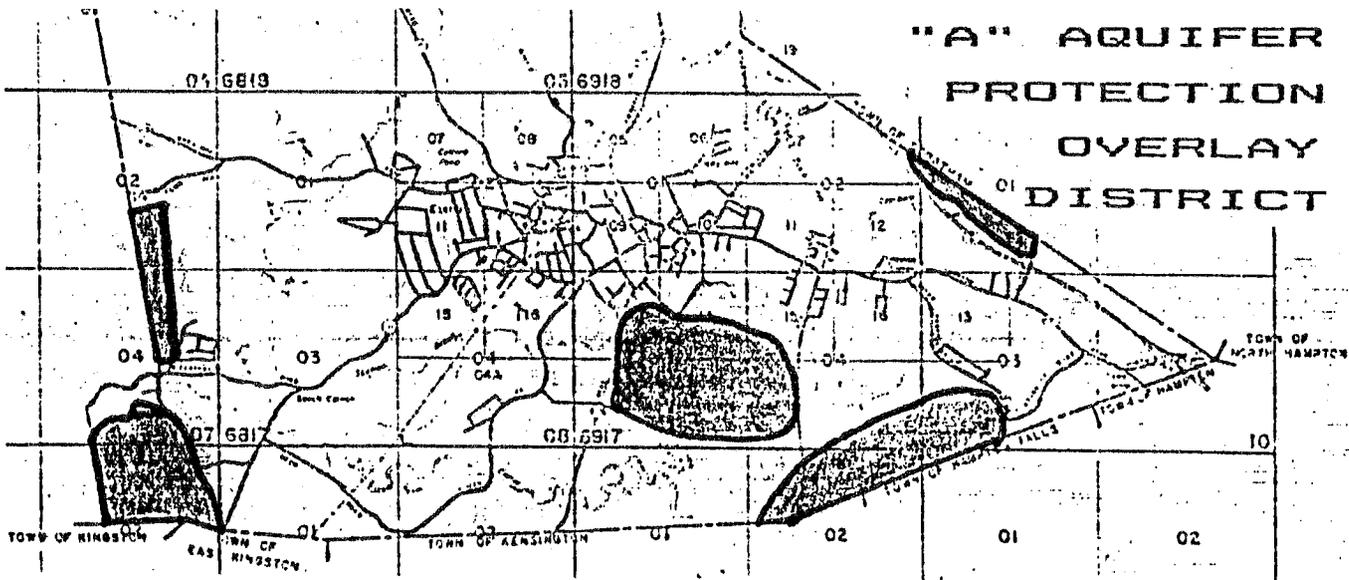

mixture of such physical, chemical, or infectious characteristics as to pose a significant, actual or potential hazard to water supplies, or other hazard to human health, if such substance or mixture were discharged to land or waters of this Town. Toxic or hazardous materials include, without limitation, volatile organic chemicals, petroleum products, heavy metals, radioactive or infectious wastes, acids and alkalies, and include products such as pesticides, herbicides, solvents and thinners; and such other substances as defined in New Hampshire Water Supply and Pollution Control Rules, Section Ws 410.04 (1), in the New Hampshire

Solid Rules He-P 1901.03 (v), and in the Code of Federal Regulations 40 CFR 261, as examples. Wastes generated by commercial activities such as, but not limited to, the following, are presumed to be toxic or hazardous, unless and except to the extent that anyone engaging in such an activity can demonstrate the contrary to the satisfaction of the Planning Board:

- Airplane, boat and motor vehicle service and repair;
- Chemical and bacteriological laboratory operation;
- Dry cleaning;
- Electronic circuit manufacturing;
- Metal plating, finishing and polishing;
- Motor and machinery service and assembly;
- Painting, wood preserving and furniture stripping;
- Pesticide and herbicide application;
- Photographic processing
- Printing

**PART III - ADDITIONAL INFORMATION AND REGULATIONS**

- A. Landscaping, walls & screening
- B. Off-Street Parking.
- C. Signs.
- D. All underlying zoning district classifications.

**ARTICLE 10 - Zoning Amendment # 2**

Are you in favor of the adoption of Amendment # 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows? Amend the Zoning Ordinance by combining three existing zoning districts; Land Conservation District, Flood Hazard District, and Wetland Conservation District, to form one - Conservation.

Overlay District, for the purposes of codification and administration. No change to the current regulations shall occur.

**ARTICLE 11 - Zoning Amendment # 3**

Are you in favor of the adoption of Amendment # 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows? Amend the Zoning Ordinance by deleting, in their entirety, all regulations pertaining to signs in all sections of the Ordinance and adopting in their place, the revised Sign Ordinance as posted herewith, and making appropriate notations in each district to consult this new ordinance.

**REVISION OF SIGN SECTION**

**PART I**

**A. Purpose**

The sign regulations section is designed to provide standards for the installation of signs so as to promote the general welfare of the community. This is accomplished by encouraging the creation of an aesthetic appearance along street frontages through the use of attractive signing. The sign regulations as set forth in this section are designed to be both logical and equitable for the various uses and identification needs. These sign standards and regulations help to effectuate an aesthetic and functional street environment.

**B. Definitions**

1. Sign: any device providing identification, advertising or directional information for a specific business, service, product, person, organization, place or building. Included in this definition as signs are graphic devices such as logos, attention attracting media such as banners or logo sculpture, and obtrusive colored fascia or architectural elements.

2. Advertising Sign: a sign which includes any copy and/or graphics relating to any service, product, person, business, place, activity or organization in addition to simple identification, excluding directional information.

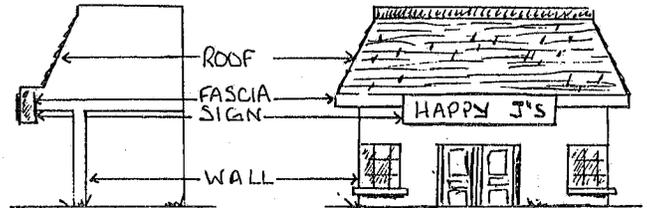

3. Directional Sign: a sign that does not contain either identification or advertising copy, but includes pertinent information including assisting in the flow of traffic.

4. Directory Sign: a sign listing the names and/or uses, and/or locations of the various business or activities

within a building, or a multi-tenant development, not for the purpose of advertising products, goods or services to the attention of vehicular traffic.

5. Fascia Sign: a sign which is permanently affixed to the horizontal piece covering the joint between the top of a wall and the projecting eaves of the roof.

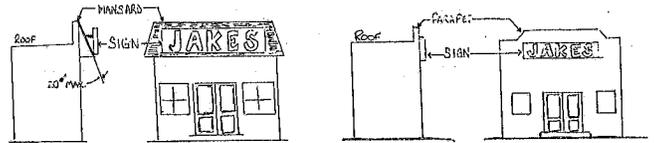

6. Free-standing Sign: an identification sign which is erected of or mounted upon its own self-supporting permanent structure, detached from the supporting elements of the main building which it identifies. Such signs shall have a maximum height of ten (10) feet and a maximum area of twenty-four (24) square feet, or as hereinafter provided.

7. Identification Sign: a sign that includes, as copy, only the name of the business, place, organization, building or person it identifies.

8. Illuminated Sign: a sign whose surface is lighted internally or externally and which identifies, advertises, or attracts attention to a use or activity on the premises.

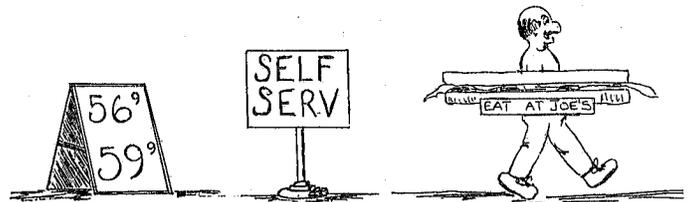

9. Mansard and Parapet Signs: a sign permanently affixed to a wall or surface designed to protect the edge of a roof, constructed no more than 20 degrees from vertical.

10. Menu Board: a permanently mounted sign displaying the bill of fare of a drive-in or drive-thru restaurant.

11. Price Sign: a permanently mounted sign displaying the retailing cost of gasoline on the premises of a service station.

12. Sandwich Sign: any sign which is not permanently affixed to any structure on the site or permanently ground mounted; any portable sign.

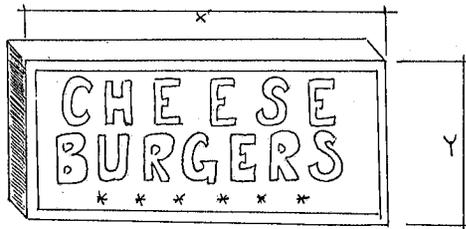

13. Wall-mounted Sign: an identification or advertising sign which is fastened to any vertical portion of the main building which it identifies, or advertises.

**C. GENERAL REGULATIONS**

1. Sign Area shall be measured as follows:

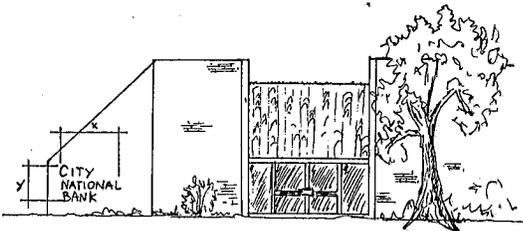

a. Sign copy mounted or painted on a background panel or area distinctively painted, textured or constructed as a background for the sign copy:

Sign area is measured as that area contained within the outside dimensions of the background panel or surface.

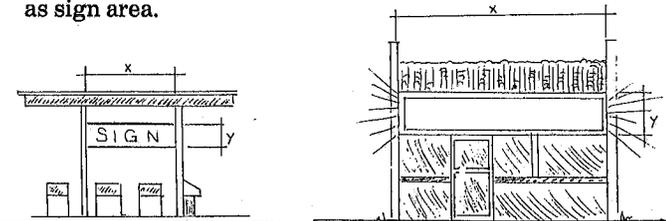

b. Sign copy mounted as individual letters and/or graphics against a wall or fascia of a building or other structure that has not been painted, textured or otherwise altered to provide a distinctive background for the sign copy:

Sign area is measured as the area enclosed by the smallest single rectangle that will enclose all sign copy.

c. Sign copy mounted or painted on an illuminated sign or illuminated architectural element of a building:

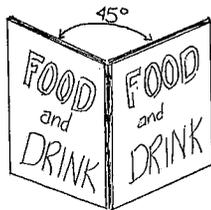

The entire illuminated surface or illuminated architectural element which contains sign copy, will be counted as sign area.

d. Number of Sign Faces

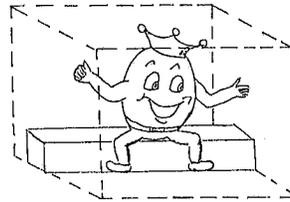

One — area of the single face only.

Two — if the interior angle between the two sign faces is 45 or less, the area will be the area of one face only; if the angle between the two sign faces is greater than 45 the sign area will be the sum of the areas of the two faces.

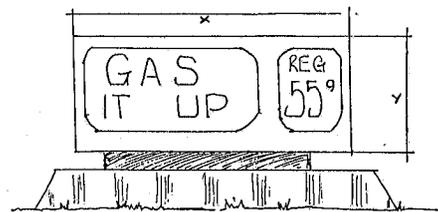

Three or more — the sign area will be the sum of the areas of the three or more faces.

Spherical, Free Form, Sculptural, Other Non-Planar Signs - sign area will be the sum of the areas of the four vertical sides of the smallest polyhedron that will encompass the sign structure.

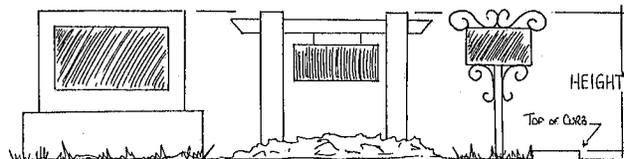

e. Sign area will include the areas of all permitted signs, except non-residential district directional signs assisting in the flow of traffic, street address- es, or signs necessary for safety (e.g., "STOP ENGINE" "NO SMOKING" that do not exceed two square feet in area.

f. For a sign having more than one component (e.g., a service station identification/price sign combination mounted on the same surface) the sign area will be the area of the smallest rectangle that will encompass the several components of the sign.

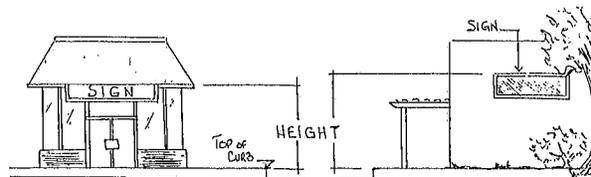

2. Sign Height shall be measured as follows:

a. Free-standing Sign: height shall be the distance from the top of the sign structure to the top of the curb or crown of roadway where no curb exists. The height of any monument base or other structure erected to support or ornament the sign shall be measured as part of the sign height.

b. Wall or Fascia Mounted Signs: height shall be the distance from the top of the sign structure to the top of the curb or crown of road where no curb exists.

3. Signs not specifically authorized are prohibited, including but not limited to the following.

a. Political signs in public property or public right-of-way.

b. Sandwich signs except as otherwise provided (see Temporary Signs).

c. Signs mounted, attached or painted on trailers, boats, or motor vehicles when used as additional advertising signs on or near the premises.

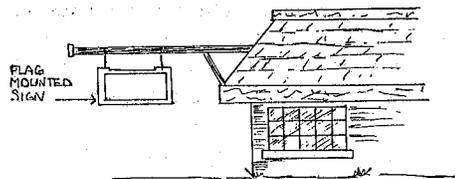

d. Roof-mounted signs; or signs that project above the highest point of the roofline, parapet, or fascia of the building.

e. Any sign emitting sound.

f. Any sign with intermittent or flashing illumination, animated or moving signs.

g. Awning signs except as otherwise provided for non-residential uses.

h. Flag mounted signs; or signs that project from the roof or wall of a building perpendicular to a wall surface except as otherwise provided for non-residential uses.

4. Whenever the name of a business changes, the signs on the premises shall be modified to bring them into conformance with these regulations, even though the intended change is a change of sign copy only. This regulation shall not apply to directory signs designed with interchangeable letters or panels.

5. Non-conforming free-standing signs, sign structures, poles and other related equipment that has been abandoned or not in use for more than one (1) year shall be removed.

6. The source of a sign's illumination shall not be visible from any adjacent residential areas or streets.

7. No sign shall be erected or placed within any traffic median or any public sidewalk or bicycle path. The Town employees may remove any sign located in these areas.

8. When any window sign or signs are placed so as to attract the attention of persons outside the building where such signs are displayed, the total area of all such window signs shall not exceed (25%) of the total area of the window in which such sign is placed.

## PART II

Signs permitted for residential uses in all zoning districts in accordance with the following:

### A. One and Two Family Dwellings

1. Identification Signs: a sign not exceeding one (1) square foot in area, giving the name only of the land or building on which displayed, or of the owner or leasee thereof.

2. Temporary Signs: see Part IV.

3. Permanent Subdivision Identification Signs: for re-

corded subdivisions in accordance with the following:

a. Maximum area of such sign to be twenty-four (24) square feet with a maximum height of ten (10) feet.

b. Such signs to be monument type; i.e., individually mounted letters on a free standing wall.

c. Final location of such signs to be approved by the Town Planning Department.

d. Such signs shall be located in a landscaped area of at least two (2) square feet per each one (1) square foot of sign area.

4. Directional Signs: not to exceed two (2) square feet in area or three (3) feet in height.

### B. Multi-Family Dwellings

1. All signs permitted in Part II.A One and Two Family Dwellings, above.

2. Identification signs for apartments and condominium complexes and such uses as follows:

a. One free-standing sign, not exceeding twenty-four (24) square feet in area. Such sign shall not exceed ten (10) feet in width or ten (10) feet in height. Such sign must be located at least five (5) feet from any property line.

b. One wall mounted sign, not exceeding six (6) square feet in area. Height of such sign shall not exceed ten (10) feet.

### C. Mobile Home and Trailer Parks

1. All signs permitted in Part II.A One and Two Family Dwellings, above.

2. One (1) identification sign for each entrance to the park, not to exceed a total of four (4) such signs. Each sign shall not exceed twenty-four (24) square feet in area, ten (10) feet in height, nor ten (10) feet in width.

## PART III

Signs permitted for non-residential uses in the following districts:

### A. RU, R1, R2, R3, R4, R5, M, MS

1. All signs permitted in Part II.A One and Two Family Dwellings.

2. Civic organization such as the Kiwanis, Rotary, Jaycees, etc., may be identified on group display structures in accordance with the following standards:

a. Such structures shall be on arterial streets and in commercial or industrial districts and within 1/4 mile of the Town limits of Exeter.

b. Structures shall not be over ten (10) feet in height or an area in excess of sixty (60) square feet.

c. The signs shall not be illuminated.

d. Each civic organization shall be limited to a maximum area of two (2) square feet.

e. Churches shall not be included in the above.

f. Exact location and design of the sign structure shall require approval of the Planning Board.

3. Identification signs displaying only the name of the building or tenant business with a total maximum sign area not exceeding twenty-four (24) square feet. Such signs may be wall-mounted with a maximum height of ten (10) feet, and/or, such signs may be free-standing according to the following.

a. One (1) free-standing identification sign shall be permitted with a maximum height of ten (10) feet. A second free-standing sign shall be permitted for a lot whose front property line measures greater than eighty (80) lineal feet. Where the free-standing signs are permitted, they shall be located at least sixty (60) feet apart.

b. Free-standing identification signs shall be located at least five (5) feet from any property line.

c. A landscaped area shall be provided on-site, at the street frontage at the base of the free-standing sign, with said landscaped area to have a minimum area of four (4) square feet for each one (1) square foot of sign area.

4. In addition to the above, each tenant may be allowed three (3) square feet of non-illuminated sign area, identifying his business to be located on the wall adjacent to the entry of the tenants business.

5. In addition to the above, a directory with a maximum area of six (6) square feet and a maximum height of ten (10) feet may be permitted behind the required front yard setback.

B. C1, C2, C3, I, I3, WC, PP

1. All signs permitted in Part II.A One and Two Family Dwellings.

2. Civic organization identifications signs same as Part III.A.2.

3. Business signs shall be in accordance with the following regulations:

a. The total aggregate area of one (1) face of all signs on the premises pertaining to any one (1) business shall not exceed fifty (50) square feet. However, if the portion of the building adjacent to its lot's street property line measures more than fifty (50) feet then the aggregate area of one face of all such signs on the premises may be increased in area to the rate of one (1) square foot of sign area for each foot of building frontage in excess of fifty (50) lineal feet; but the total aggregate area of one face of all such signs on the premises shall not exceed 100 square feet for each business. For corner buildings only the main entrance frontage shall be so measured.

b. Free-standing identification signs shall be counted as a portion of the total aggregate sign area of the premises and shall be restricted to the following:

1. One (1) free-standing identification sign for each street upon which the lot has frontage.

2. Such signs shall have a maximum area of twenty-four (24) square feet.

3. Such signs shall not be closer than thirty (30) feet to any residential district.

4. A landscaped area shall be provided on site, at the street frontage, at the base of the free-standing sign, with said landscaped area to have a minimum area of four (4) square feet for each one (1) square foot of sign area.

c. For building complexes or centers, the regulations listed below in Part III.C.2 shall apply and preclude those listed heretofore. For purposes of this section a building complex or center shall mean any number of businesses greater than one which buildings share the same site,

using common points of ingress and egress to and from the site.

4. Price signs, for service stations only, in accordance with the following:

a. Maximum area shall not exceed twelve (12) square feet each and shall be counted in the total aggregate sign area of the premises as permitted above.

b. Maximum height shall not exceed ten (10) feet.

c. One (1) free-standing price sign per each street frontage on which the service station has frontage.

d. A landscaped area shall be provided, on site at the street frontage, at the base of the free-standing sign, with said landscaped area of four (4) square feet for each one (1) square foot of sign area.

e. The maximum sign area for free-standing signs per street frontage shall not exceed twenty-four (24) square feet including all identification and price signs.

5. Menu boards, for drive-in or drive-thru restaurants, in accordance with the following:

a. One (1) free-standing or wall mounted menu board per business and shall be located not less than forty-five (45) feet from the street property line.

b. Maximum area shall not exceed twelve (12) square feet and shall be counted in the total aggregate sign area of the premises.

c. Maximum sign height shall not exceed ten (10) feet for free-standing menu signs.

d. A landscaped area shall be provided, at the base of the free-standing sign with said landscaped area of four (4) square feet for each square foot of sign area.

6. In addition to the above, the following signs may be permitted for non-residential uses.

a. Awning signs, with the following requirements may be permitted on tenant leased areas.

1. Business name and building address numerals only to be allowed on the vertical portion of the awning with a maximum copy height of ten (10) inches.

2. Logos may be permitted on the diagonal portion of the awning.

3. Total area of logo or awning sign not to exceed 25% of allowed sign area and to be deducted from that area.

4. Awnings and signs to be displayed on tenants frontage or leased area only.

5. Flashing or intermittent illumination of awnings is not allowed.

b. Flag-mounted signs, with the following requirements, may be permitted on individual tenants' leased areas only. Maximum area of six (6) square feet, from allowed sign area.

2. Height to be eight (8) feet minimum to the bottom of the sign and fifteen (15) feet maximum to the top of the sign centrally located on the tenants leased area.

3. Signs to be wall mounted and non-illuminated.

C. Building complexes and centers with any number of businesses greater than one (1) which buildings share the same site, using common points of ingress and egress to and from the site.

1. All signs permitted in Part II.A and Part III.A.2 and Part III.B.6.a.

2. Business signs shall be in accordance with the following regulations:

a. The total aggregate area of one (1) face of all signs on the premises pertaining to any one business shall not exceed forty (40) square feet. However, if the portion of the building adjacent to its lots' street property line measures more than forty (40) feet, then the total aggregate area of one face of all such signs on the premises may be increased in area at the rate of one (1) square foot of sign area for each foot of building frontage in excess of forty (40) lineal feet; but the total aggregate area of one face of all such signs on the premises shall not exceed eighty (80) square feet for each business. For corner buildings, only the main entrance frontage shall be so measured.

b. One (1) free-standing identification sign per street frontage of the entire site is permitted in accordance with the following:

1. Such signs shall identify the center only, and shall not be counted in the total aggregate sign area for individual business identification.

2. Maximum area of twenty-four (24) square feet per sign.

3. A free-standing sign identifying an individual business rather than the center shall be obtained only by the approval of the Planning Board. Such sign shall be limited to twenty-four (24) square feet and shall be counted as a portion of the total aggregate sign area allowed for the business.

4. A landscaped area shall be provided on-site at the street frontage at the base of the free-standing sign, with said landscaped area of four (4) square feet for each one (1) square foot of sign area.

c. All wall or fascia-mounted signs for individual businesses shall be uniform in terms of colors, shapes, and maximum vertical dimension with all other such signs in the center. A proposal for signing for the entire center shall be submitted and approved prior to the issuance of any sign permit.

3. Service station price signs shall be as specified in Part III.B.4.

4. Menu boards shall be as specified in Part III.B.5.

#### **PART IV**

Temporary Signs: the following signs shall be permitted in all zoning districts according to the following regulations.

A. Sale, Lease or Rent Signs: non-illuminated and not exceeding six (6) square feet in aggregate area and eight (8) feet in maximum height pertaining only to the land or building upon which displayed.

B. Subdivision Advertising Signs: to be located on the site or within a 3/4 mile radius of the recorded subdivision and in accordance with the following.

1. One (1) sign per arterial street or major entry.

2. Maximum sum of all such signs to total one hundred

sixty (60) square feet.

3. Maximum height above grade level shall be eighteen (18) feet for all such signs.

4. Such signs may be illuminated only by non-flashing lights and so shielded that only the face of the sign is illuminated.

5. Such signs may be maintained for a period of two (2) years, or until all the lots in the subdivision are sold, whichever occurs first.

6. Such signs may not be located within one hundred (100) feet of any existing residential structure.

7. All off-site subdivision signs must be approved by the Planning Board.

C. Future Development Signs: signs announcing the proposed development of property prior to issuance of a building permit for the purpose of displaying the name of the project, contractors, architect, and any additional information pertaining to the site on which the signs are located are allowed in accordance with the following.

1. Maximum sign area shall not exceed twenty-four (24) square a development and must be removed upon issuance of a certificate of occupancy.

2. Prior to obtaining building permits for a proposed development a sign permit must be obtained from the Town of Exeter Planning Department for all development signs located on the site.

D. Banners, Pennants, and Displays: shall be allowed on a one time basis for a maximum of fourteen (14) consecutive days during the grand opening of a business. A permit shall be obtained prior to the installation of any banners, pennants, or displays.

E. Open House Directional Signs: temporary sign used to direct traffic to a home for sale.

1. There shall be a maximum of four (4) such signs for each house for sale.

2. These signs may be a maximum of four (4) square feet and three (3) feet in height and shall be portable.

3. These signs may be double-faced.

4. These signs shall not be illuminated.

5. These signs may be used only when a sales person is on duty at the home for sale and in no event may be left overnight.

6. No such sign may be positioned so as to create a traffic hazard as determined by Town staff.

7. No such sign may be placed in a traffic median or on a public sidewalk or bicycle path.

F. Home, Religious Organizations, or Non-Profit Service Organization Boutique Directional Signs: temporary signs used to direct traffic to a boutique.

1. Maximum of four (4) such signs per boutique.

2. Each sign shall not exceed four (4) square feet in area.

3. These signs may be double-faced and shall not be illuminated.

4. These signs may be used only when the boutique is actually open for business and in no event shall be left standing overnight.

5. The operator of the boutique shall provide the Town with the specific location where each sign shall be displayed.

6. No such sign shall be placed so as to create a traffic hazard as determined by Town staff.

7. No such sign shall be placed in a traffic median or on a public sidewalk or bicycle path.

G. Flags: State, United States, and Corporate flags for registered corporations or flags of foreign nations.

1. Only one of each type of flag mentioned above with a maximum of three (3) flags on any one site or structure shall be allowed.

2. Any flag flown in conjunction with the United States and/or State of New Hampshire flag must be flown beneath them and must not exceed them in size.

3. The maximum size of any corporate flag shall not exceed fifteen (15) square feet, no one dimension to exceed six (6) feet in any direction.

4. Flags shall not include any advertising copy.

5. A permit is required to display any corporate flag.

6. Corporate flags shall be permitted in the I, I3, and PP districts only.

#### **PART V HISTORIC OVERLAY DISTRICTS**

In addition to the preceding regulations, properties within the boundaries of the HISTORIC DISTRICTS, as defined on the official zoning map for the Town of Exeter, must comply with the following regulations and receive approval from the HISTORIC DISTRICT COMMISSION. Exeter Historic Districts

Sign Ordinance - Commerical District: The goals and standards of the Exeter Historic District Commission in reviewing and approving applications, as well as considering requests for exceptions in special cases shall be:

1. To insure that the visual impact of all signs shall be consistant with the historical and architectural qualities of the Historic District as a whole.

2. To preserve to the extent practicable, the period architectural details of the facades of the buildings in the Historic District.

3. To promote the general visual attractiveness of the Historic District.

4. All other goals and standards consistent with Revised Statutes Annotated Section 31:89-f.

##### **I. Sign Application Procedures:**

1.1 All signs erected within the Historic District shall require an approved application from the Historic District Commission. Applications must be presented by the building owner or his agent. Applicants are urged to consult the Historic District Commission guidelines booklet for definitions of terms and helpful suggestions.

(Only one face of a two-sided sign shall be used in computing sign area.)

##### **II. Size**

2.1 Total signage shall be limited proportionate to the length of street frontage (per Table A).

2.2 Signs required by Federal and/or State law and Historical Markers will not be considered as part of the total signage.

##### **III. Number of Signs/Business**

3.1 Each business shall be permitted one preliminary and one secondary sign per street facade.

3.2 In case of multiple occupancies, the owner of the building is responsible for an overall signage plan. Directory signs shall be designed and constructed with provision to allow for changes of occupancy without reconstruction of the entire sign.

Placement of a Director Sign may be:

3.2.1 Within a hallway;

3.2.2 In case of recessed doorways, directories may be located on a wall of the recess;

3.2.3 A projecting sign may be hung over the entrance, but it is not to exceed sixteen (16) square feet per face.

IV. Trademarks and Product Names shall be discouraged in favor of names of proprietors, business owners or business names. If trademarks and product names are desired, the Historic District Commission shall review them carefully to insure that said signs in design, size, colors, materials and visual impact are consistent with the goals and standards of the Historic District.

##### **V. Location**

5.1 A parallel sign can project no more than six inches (6') from the building surface.

5.2 No projecting sign may overhang beyond a line five feet (5') from the building face. The height of such signs shall be according to the individual building, but no less than eight feet (8') for safety.

5.3 Free-standing signs on permanent posts are not allowed in the Commercial Historic District.

5.4 An awning or canopy may not extend over two-thirds of the sidewalk or six feet (6') from the building face, whichever is the lesser. It shall not extend beyond the street light or trees. It is subject to review by the Historic District Commission. Color and style must be appropriate to the building and lettering will be considered part of the total signage.

5.5 Roof signs are prohibited.

5.6 Animated and moving signs are prohibited.

5.7 Permanent window signs may not take up more than ten percent (10%) of the window area.

5.8 Doors leading to multiple occupancies shall have the building name and street number only.

5.9 Each below-street level establishment may have an appropriate sign at its primary entrance.

5.10 Commercial establishments located at above-street levels will be permitted window signs only.

##### **VI. Existing Signs**

6.1 Every sign or advertising structure, lawfully in existence at the time of adoption of this ordinance, may continue in existence and maintained, but shall not be replaced, altered or moved unless it be made to comply with the provisions of this ordinance.

**VII. Temporary Signs**

**7.1 Window Signs:** These are allowable only as they advertise sales or events for a period of not more than thirty (30) days. They may cover no more than twenty-five percent (25%) of the area of the window in which they appear.

**VIII. Materials**

**8.1 Materials** appropriate to the Historic District, such as wood, brass, glass, or wrought iron, will be permitted.

**IX. Illumination**

**9.1 Signs** shall be illuminated only by steady, stationary, shielded light sources directed solely on the sign without causing glare for motorists, pedestrians, or neighboring premises.

**X. Lettering**

**10.1 Lettering** should be appropriate to the definitions in the guidelines.

**XI. Maintenance**

**11.1 The Historic District Commission** has the right to request reasonable maintenance in the Historic District, to be carried out within the calendar year of the request.

**XII. Special Cases**

**12.1 Requests** for exceptions for any of the above will be reviewed by the Historic District Commission.

**Sign Ordinance - Residential District** The goals and standards of the Exeter Historic District Commission in reviewing and approving applications, as well as considering requests for exceptions in special cases under Section XII, shall be:

1. To insure that the visual impact of all signs shall be consistent with the historical and architectural qualities of the Historic District as a whole.

2. To preserve, to the extent practicable, the period architectural details of the facades of the buildings in the Historic District.

3. To promote the general visual attractiveness of the Historic District.

4. All other goals and standards consistent with Revised Statutes Annotated Chapter 31:Section 89-f.

**I. Sign Application Procedures**

**1.1 All signs** erected within the Historic District shall required an approved application from the Historic District Commission. Applications must be presented by the building owner or his agent.

**1.2 Signs** required by Federal and/or State law and Historical Markers will not be considered a part of the total signage.

**II. Location**

**2.1 A parallel sign** can project no more than six inches (6') from the building surface.

**2.2 No sign** may project from the building face for more than three feet (3') or be more than four square feet in size.

**2.3 Free-standing signs** on permanent posts are not encouraged but area allowed on private land so long as requirements for size, location, materials, lettering and illumination are met, as stated in Sign Ordinance - Commercial District, and Town of Exeter Zoning Ordinance of 1973.

**HISTORIC DISTRICTS**

**TABLE A -- ALLOWABLE SIGN AREA**

**TO USE THIS CHART:** Determine Lineal Frontage of Establishment (top line of chart) Decide on Proposed Sign Type (column at left)

The intersection of the 2 columns shows maximum allowable sign area in square feet.

SIGN TYPE	SIGN LOCATION	LINEAL FRONTAGE (FEET)											
		8	12	16	20	24	28	32	36	40	44	48	52

- 1. AREA BASED ON FORMULA -- SIGN AREA =  $4\sqrt{\text{Lineal Frontage}}$
- 2. AREA BASED ON FORMULA -- SIGN AREA =  $2.5\sqrt{\text{Lineal Frontage}}$
- 3. AREA BASED ON FORMULA -- SIGN AREA =  $1.5\sqrt{\text{Lineal Frontage}}$

**PART VI**

**Sign Permits; Fees**

A. It shall be unlawful for any person to erect, install, and/or modify any sign within the Town without first applying for and obtaining a sign permit from the Planning Department. 'Modify', as it is used herein shall mean any change in or to an existing sign, its face, copy, colors, and/or supporting structures.

B. It shall be unlawful for any person to erect, install, and/or modify any sign within the Town except in full compliance with the provisions of this ordinance. 'Person', as it is used in this section shall include person, firm, partnership, corporation, or other business association engaged in the business of erecting, installing, and/or modifying signs in exchange for consideration.

C. Failure to conform to the conditions of a sign permit, including an conditions and/or stipulations attached thereto by the Planning Board, Zoning Board of Adjustment, and/or Board of Selectmen shall render such permit void.

D. Fees for sign permits shall be required and payable in such sums as the Board of Selectmen may from time to time establish by resolution.

E. A sign permit does not include electrical work; however, this exemption shall not be deemed to grant authorization for any work to be done in violation of the provisions of any other laws or ordinances.

**Fee Schedule**

The application fees for sign permits are based on the type of use the sign will be associated with. The prices listed are for each sign, not each use.

**Use Application Fee Per Sign**

- Residential \$10.00
- Home, Religious, Non-Profit, etc. \$10.00
- Commercial \$25.00
- Industrial \$25.00

NOTE: No pre-existing rights are implied or intended with this schedule.

**ARTICLE 12 - Zoning Amendment # 4**

Are you in favor of the adoption of Amendment # 4 as proposed by the Planning Board for the Town Zoning

Ordinance as follows?

Amend the Zoning Ordinance by deleting Article "7.20 - Building Code", in its entirety, and adopting "Building Codes" as posted herewith. Said change being an expanded and updated listing of codes currently in use.

**BUILDING CODES**

**PART I: BUILDING CODES**

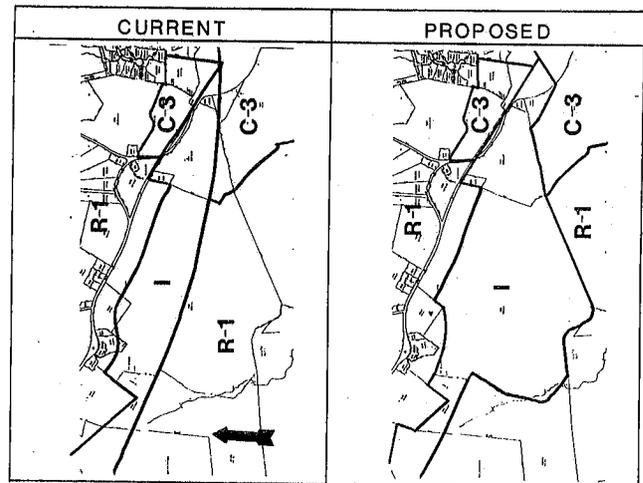

A. The following regulations are hereby made part of this Ordinance. In the event of contradictions between regulations, the regulation imposing the higher standard shall apply.

1. STATE
  - a. NH Barrier Free Design Code
  - b. NH Energy Code
2. NATIONAL
  - a. BOCA Basic National Building Code
  - b. BOCA Basic National Plumbing Code
  - c. BOCA Basic National Mechanical Code
  - d. BOCA Basic National Fire Prevention Code
  - e. National Electrical Code
  - f. National Fire Prevention Assoc. Codes & Standards
  - g. Life Safety Code 101
  - h. River & Harbor Act of March 3, 1899
  - i. Clean Water Act
  - j. Marine Protection, Research & Sanctuary Act of 1978

**ARTICLE 13 - Zoning Amendment # 5**

Are you in favor of the adoption of Amendment # 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

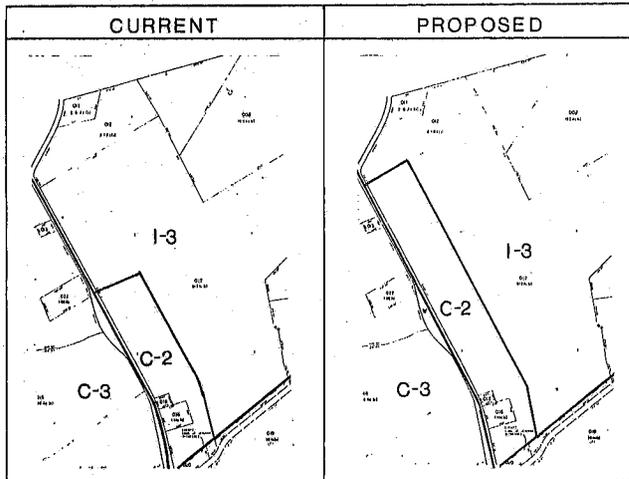

Amend the Zoning Map by altering the boundaries of the area now designated as "I - Industrial" on the south side of Route 101 and west of the intersection of Epping Road and Route 101 as shown on the map posted herewith.

**ARTICLE 14 - Amendment # 6**

Are you in favor of the adoption of Amendment # 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

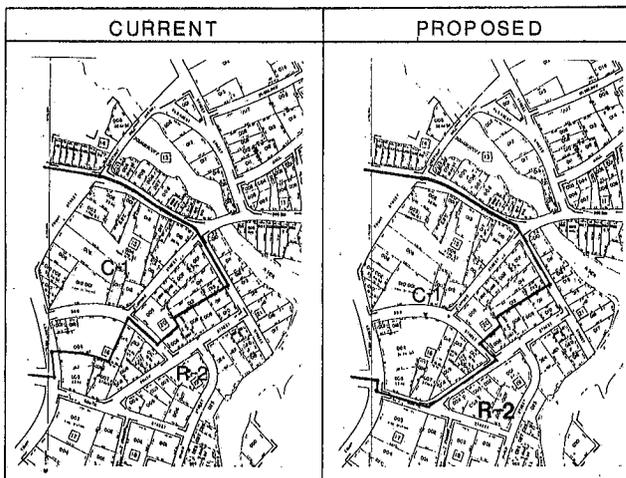

Amend the Zoning Map by altering the boundaries of the areas now designated as "C-2 Highway Commercial" and "I-3 Epping Road Highway Industrial" on the east side of Epping Road as shown on the map posted herewith.

**ARTICLE 15 - Amendment # 7**

Are you in favor of the adoption of Amendment # 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Zoning Map by altering the boundaries of the area now designated as "C-1 Central Area Commercial" so as to incorporate the area north of River Street and northwest of South Street as shown on the map posted herewith.

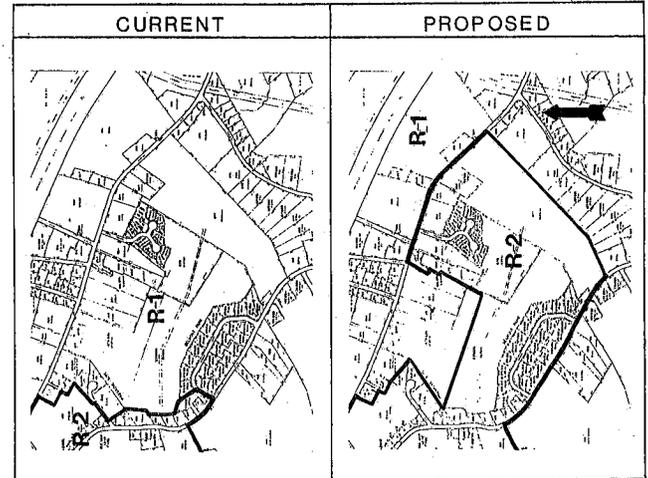

**ARTICLE 16 - Zoning Amendment # 8**

Are you in favor of the adoption of Amendment # 8, as

proposed by the Planning Board for the Town Zoning Ordinance, as follows?

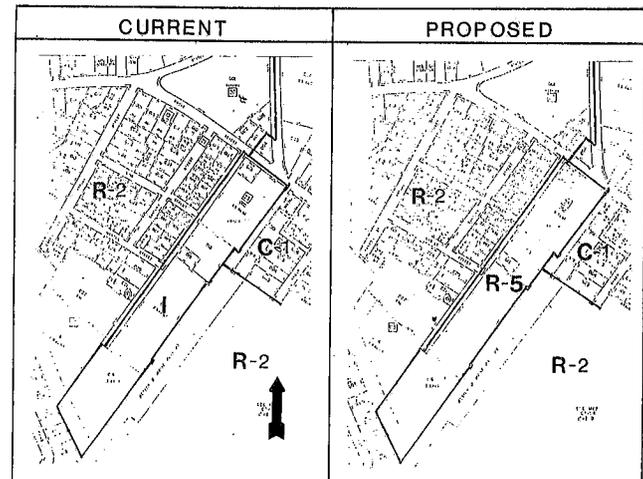

Amend the Zoning Map by altering the boundaries of the area designated as "R-2 Single Family Residential" east of Hampton Falls Road and south of Hampton Road as shown on the map posted herewith.

**ARTICLE 17 - Amendment # 9**

Are you in favor of the adoption of Amendment # 9, as proposed by the Planning Board for the Town Zoning Ordinance, as follows?

Amend the Zoning Map by changing the area now designated as "Industrial" east of Charter Street and south of Front Street to "R-5 Elderly/Multifamily" as shown on the map posted herewith.

**ARTICLE 18 - Amendment # 10**

Are you in favor of the adoption of Zoning Amendment # 10 as proposed by the Planning Board of the Town Zoning Ordinance as follows?

Amend the Zoning Map by altering the boundaries of all existing zones so as to follow property boundaries,

designated easements, roads, rivers, streams and other readily identifiable surface features so as to reduce the number of parcels split by zone lines, with the exceptions as outlined in Zoning Amendments # 1-9.

**ARTICLE 19**

Are you in favor of the adoption of this amendment as proposed by the Planning Board for the Town Ordinance as follows?

Amend the Town Ordinance by deleting reference to the "1984 BOCA Basic National Building Code" and adopting in its place the "1987 BOCA National Building Code".

**ARTICLE 20**

On petition of Lynn D. Morse and others to see if the Town will vote to amend the Town of Exeter Zoning Ordinance, adopted March 6, 1973, to establish two new zoning districts to be created from certain portions of the existing Industrial District, the new districts to be named the I-1 Route 101 Industrial District and the I-2 Route 51 Industrial District, and to make certain changes in the Bulk and Coverage Controls in the existing Industrial District, such amendments to have the following district boundaries, controls and regulations:

**Zoning Map Amendment**

Establish the I-1 Route 101 Industrial District to include that portion of the existing Industrial District, which lies Southerly of Route 101 commencing at its intersection with Epping Road and Route 51, and extending Westerly to the Brentwood Town line.

Establish the I-2 Route 51 Industrial District to include that portion of the existing Industrial District, which lies Southerly of Route 51 and the Stratham Town Line and extending Easterly to the Professional/Technology Park District.

**Article 3.10 - Establishment of Districts:**

I-1 Route 101 Industrial District

I-2 Route 51 Industrial District

**Article 4.20 - Schedule I Zoning Schedule of Use Controls**

DISTRICT	PERMITTED PRINCIPAL	PERMITTED ACCESSORY	SPECIAL EXCEPT.
I-1 Rte. 1 Industrial	Any use permitted in the Industrial District	Any accessory use permitted in the Industrial District	Any special exception permitted in the Industrial District
I-2 Rte. 1 Industrial	Any use permitted in the Industrial District	Any accessory use permitted in the Industrial District	Any special exception permitted in the Industrial District

**Article 5.23 Height Regulations in the I-1 Route 101 Industrial District**

a. Chimneys, cooling towers, elevators, fire towers,

**ARTICLE 4.30 SCHEDULE II : ZONING SCHEDULE OF BULK AND COVERAGE CONTROLS**

DISTRICT	LOT DIMENSIONS						MAXIMUM HEIGHT FT./STORIES	YARD DIMENSIONS			MAXIMUM LOT COVERAGE (%)
	No public water and sewer	Public water and sewer	Minimum lot area	Minimum lot area/dwelling unit	Minimum lot width	Minimum lot depth		Minimum front yard	Minimum side yard	Minimum rear yard

I-1 ROUTE 101 INDUSTRIAL			80,000	Not permitted	175	225	120/ 8	50	30/60	50	20 <sup>13</sup>
I-2 ROUTE 51 INDUSTRIAL			40,000	Not permitted	150	200	60/5	50	30/60	50	40

**REFERENCES:**

13. A minimum of 35% of the lot shall be maintained for open space and landscaped areas.

communications, radio and television towers or necessary mechanical appurtenances may be erected as to their structural design in accordance with good engineering practices and as determined by Federal and State regulations, guidelines and other requirements.

b. No sign, nameplate, display or advertising device of any kind whatsoever, shall be inscribed upon or attached to any chimney, cooling tower, elevator, fire tower, communications, radio or television tower or other structure which extends above the height limit.

(The Planning Board does not recommend passage of this article.)

#### **ARTICLE 21**

On petition of William Tappan and others to see if the town will vote to add an additional section 'Miscellaneous Uses, Section 6.89' to the Exeter Zoning Ordinance to require that no use requiring the storage, burning or disposal of refuse or waste materials shall be conducted in any zone where otherwise allowed unless said use is located a minimum distance of 2,000 feet from any previously existing residence or residential zone as defined by the Town of Exeter Zoning Ordinance. This section shall not apply to refuse or waste material generated on any site within the Town of Exeter and temporarily stored on said site awaiting removal and disposal or continued use of the existing Town waste disposal facilities.

(The Planning Board does not recommend passage of this article.)

#### **ARTICLE 22**

To choose all other necessary Town Officers, Auditors, or Committees for the ensuing year.

#### **ARTICLE 23**

To see if the Town will vote to authorize the Board of Selectmen to raise and appropriate the sum of Four Million One Hundred Thousand Dollars (\$4,100,000.00) for construction of the expansion of the Town sewer lagoons, by the issuance of serial notes or bonds of the Town under, and in accordance with, the provisions of Chapter 33 (Municipal Finance Act) of New Hampshire Revised Statutes Annotated, as amended; the discretion of fixing the dates, maturity, interest, or discount rate, the place of payment, the forms and other details of said bonds or notes, to be delegated to the selectmen.

#### **ARTICLE 24**

To see if the Town will vote to authorize the Board of Selectmen to raise and appropriate the sum of Seven Hundred Sixty Eight Thousand Dollars (\$768,000.00) for the Water Treatment Plant Upgrade - Phase I, by the issuance of serial notes or bonds of the Town under, and in accordance with, the provisions of Chapter 33 (Municipal Finance Act) of New Hampshire Revised Statutes Annotated, as amended; the discretion of fixing the dates, maturity, interest, or discount rate, the place of payment, the forms and other details of said bonds or notes, to be delegated to the selectmen.

#### **ARTICLE 25**

To see if the Town will vote to raise and appropriate a sum of Four Million Three Hundred Ninety Three Dollars (\$4,393,000.00) for the purpose of constructing sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed One Million Nine Hundred Seventy-Six Thousand, Eight Hundred Fifty Dollars (\$1,976,850.00) under and in compliance with the provisions of the Municipal Finance Act (NH Revised Statutes Annotated Chapter 33 Section 1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town, and to allow the selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto.

#### **ARTICLE 26**

To see if the Town will accept the provisions of Revised Statutes Annotated Chapter 53-B: Section 1-11 inclusive, providing for the establishment of a regional refuse disposal district, together with the towns of Brentwood, Danville, East Kingston, Fremont, Hampton, Hampton Falls, Kensington, New Castle, Newton, North Hampton, Rye, Sandown, and South Hampton, and the city of Portsmouth, and the construction maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the selectmen?

#### **ARTICLE 27**

On petition of Sherman E. Chester and others "to see if the Town will vote to adopt the provisions of Revised Statutes Annotated Chapter 80 Section 58-86 for a real estate tax lien procedure?"

These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.

#### **ARTICLE 28**

To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payment of the Town departments, for lighting streets, for defraying expenses of decorating the graves of soldiers, for payment of firemen during the ensuing year, and for other charges arising within the Town.

**ARTICLE 29**

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, and pursuant to New Hampshire Revised Statutes Annotated Chapter 33 Section 7 and Chapter 33 Section 7-a to incur debt for temporary loans in anticipation of 1988 taxes, and in anticipation of any bond issue which may be voted by the Town, and to issue, therefor, notes of the Town payable within one (1) year after their date, and to pay or renew the same by issue of new notes payable within one (1) year after the date of the original publication.

**ARTICLE 30**

To see if the Town will authorize the Board of Selectmen to apply for, receive and expend money from federal and state grants which may become available during the year, in accordance with New Hampshire Revised Statutes Annotated Chapter 31, Section 95-b, and also to accept and expend money from any other governmental unit or a private source requiring that such sums be used for purposes for which a town may legally appropriate money: to include (but not limited to) such monies as those provided by Land and Water Conservation Fund (LWCF), the Office of Coastal Zone Management, the Environmental Protection Agency, and the NH Land Conservation Investment Program.

**ARTICLE 31**

To see if the town will vote to raise and appropriate the sum of Seventy Four Thousand Eight Hundred Twenty Seven Dollars (\$74,827.00) for the payment of the town's share of the budget of the Southeast Regional Refuse Disposal District, or the Southeast Refuse Disposal District Planning Board until the district is formed, for the fiscal year of said district or planning board ending March 31, 1989, and to authorize the Treasurer to pay the appropriated amount to said district in four (4) quarterly installments commencing on April 1 and continuing on or before the first day of each successive calendar quarter; and to take action relative thereto.

**ARTICLE 32**

To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty-Nine Thousand Two Hundred Eighty-Two Dollars (\$169,282.00) to purchase a new 1500 gallon per minute pumper, and authorize the withdrawal of One Hundred Thirty Four Thousand Two Hundred Eighty Two Dollars (\$134,282.00) from the Capital Reserve Fund created for that purpose.

**ARTICLE 33**

To see if the Town will vote to raise and appropriate the sum of Eighty-Four Thousand Twenty-Two Dollars (\$84,022.00) to purchase a new rubbish packer, and to authorize the withdrawal of nineteen Thousand Twenty-Two Dollars (\$19,022.00) from the Capital Reserve Fund created for that purpose.

**ARTICLE 34**

To see if the Town will vote to adopt the provisions of Revised Statutes Annotated Chapter 36-A Section 3, as

amended, and thereby authorize the appointment of no more than five (5) alternate members to the Conservation Commission.

**ARTICLE 35**

To see if the Town will vote to adopt the provisions of Revised Statutes Annotated Chapter 677 Section 6, as amended, and thereby authorize the appointment of no more than five (5) alternates to the Historic District Commission.

**ARTICLE 36**

To see if the Town will vote to authorize the selectmen to negotiate and sell a 1.94 acre parcel of land on the easterly entrance of the Exeter Industrial Park and northerly of the parcel situated on the corner of Epping Road being retained by the Town for a substation or other municipal usage, for an amount not less than its fair market value to be confirmed by the Tax Assessor.

**ARTICLE 37**

To see if the Town will authorize the Selectmen to negotiate and implement an exchange of Town land on Portsmouth Avenue (also known as the old "snow dump", adjacent to Flynn's Car Wash) for property on Water Street (formerly Carl Bouchard's Gulf Station and Car Wash) provided that the property received by the Town will have a value at least as great as the value of the property being deeded by the Town (said values to be verified by the Town's Assessor) and to authorize the Selectmen to execute such deeds or other instruments as they shall deem necessary to implement the transaction.

**ARTICLE 38**

To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for use by the Exeter Waterfront Committee for design, engineering and construction associated with improvements to Exeter's waterfront.

**ARTICLE 39**

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to provide funds for the celebration of the 350th anniversary of the founding of Exeter.

**ARTICLE 40**

To see if the Town will vote to authorize the selectmen to negotiate and conclude a long term lease with the Exeter Historical Society, a non-profit society, for the use of the former town library, as the home, office, and display center of the Exeter Historical Society; for a period of ninety-nine years at an annual rent of one dollar; that the Exeter Historical Society will provide for all improvements, annual maintenance, and keep the former library property in good repair; and such other terms and conditions as may be agreed upon.

**ARTICLE 41**

To see if the Town will vote to fix the annual salary of the Town Clerk at Twenty Seven Thousand Two Hundred Ninety-One Dollars (\$27,291.00) and to raise and appro-

appropriate the sum of Two Thousand Seventy-Nine Dollars (\$2,079.00) above the sum budgeted therefor.

#### **ARTICLE 42**

To see if the Town will vote to raise and appropriate Two Thousand One Hundred Forty-Eight Dollars (\$2,148.00) for benefits for the Town Clerk, and to place the Town Clerk under the provisions of the Town of Exeter Personnel Plan as a salaried employee.

#### **ARTICLE 43**

To see if the Town will vote to fix the annual salary of the Town Treasurer at Seven Thousand Two Hundred Eighty-Seven Dollars (\$7,287.00) and to raise and appropriate the sum of Three Hundred Forty-Seven Dollars (\$347.00) above the sum budgeted therefor.

#### **ARTICLE 44**

To see if the Town will vote to fix the annual salary of the Town Trustee of the Trust Funds at Seven Hundred Fifty Dollars (\$750.00) and to raise and appropriate the sum of Two Hundred Fifty (\$250.00) above the sum budgeted therefor.

#### **ARTICLE 45**

On petition of John Herney and others to authorize the Town to provide snowplowing and road sanding on Indian Trail, Split Rock and Runawit Roads (private ways) so as to allow continuous undelayed access to emergency, fire, police, and other safety vehicles to these roads. General road maintenance and improvements costs are to remain the responsibility of the residents located on said roads.

#### **ARTICLE 46**

On petition of Walter E. Doe, Jr and others, to see if the Town will vote to raise and appropriate the sum of Nineteen Thousand One Hundred Ninety and Fifty-Two Hundredths Dollars (\$19,190.52) as partial reimbursement to the Exeter Area Visiting Nurses Association, Inc. for providing continual home health care services to residents of the Town of Exeter.

#### **ARTICLE 47**

On petition of Helen C. Dix and others to see if the Town will vote to raise and appropriate the sum of Eight Thousand Two Hundred Ninety Two and Twenty-Hundredths Dollars (\$8,292.20) as its contribution to the Rockingham Planning Commission.

#### **ARTICLE 48**

On petition of Joanna Pellerin and others to see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for the use of the Exeter Conservation Commission to enable it to purchase land, easements, or water rights, which purchase or purchases it deems to be in the public interest for the purpose of preserving open space and natural resources of the Town and to provide sites for passive recreation.

#### **ARTICLE 49**

On petition of Lee M. Campbell and others to see if the Town will vote to raise and appropriate the sum of Eleven Thousand Dollars (\$11,000.00) to defray a portion of the

cost of services rendered by the Area Homemaker-Home Health Aide Service, Inc.

#### **ARTICLE 50**

On petition of Barbara Blenk and others, to see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for Seacoast Big Brother/Big Sister, a non-profit volunteer organization, to help defray some of the expenses for fiscal year 1988.

#### **ARTICLE 51**

On petition of Marilyn Kellogg and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500.00) to assist the Newmarket/Exeter Child Care Centers, Inc., a non-profit child care agency.

#### **ARTICLE 52**

On petition of Wesley Thomas and others, to see if the Town will raise and appropriate the sum of Thirteen Thousand Five Hundred Dollars (\$13,500.00) to assist Rockingham Child and Family Services, a private, non-profit social service organization.

#### **ARTICLE 53**

On petition of Phillip Burbank and others, to see if the Town will vote to raise and appropriate the sum of Three Thousand Four Hundred Eighty Dollars (\$3,480.00) to assist Seacoast Hospice, a non-profit organization.

#### **ARTICLE 54**

On petition of Joseph Loch and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Four Hundred Dollars (\$2,400.00) to help defray some of the expenses for fiscal year 1988-1989 of the Retired Senior Volunteer Program (RSVP).

#### **ARTICLE 55**

On petition of Donna Schlachmann and others to see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Dollars (\$1,600.00) for the Richie McFarland Children's Center.

#### **ARTICLE 56**

On petition of Karen Moyer and others, to see if the Town will vote to raise and appropriate the sum of Seven Thousand Six Hundred Twenty-Seven Dollars (\$7,627.00) for the Greater Raymond Community Action Center, a part of Rockingham County Community Action Program, Inc, a private, non-profit, anti-poverty agency.

#### **ARTICLE 57**

On petition of Katharine B. Cornell and others, to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) for A SAFE PLACE/Seacoast Task Force on Family Violence, a private, non-profit organization which provides emergency shelter and support services for battered women and their children, and serves residents of the Town of Exeter.

#### **ARTICLE 58**

On petition of Gregory Burdwood and others, to see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the Seacoast Regional Mental Health Center.

**ARTICLE 59**

To transact any other business that may legally come before said meeting.

Given under our hands and seals this — day of February, 1988.

## Selectmen

Nineteen Eighty-Seven was an extremely busy year for the Board of Selectmen. Changes in personnel from the top on down created much extra activity to cope with in addition to the on-going sewer and water problems generated by a community growth rate that continues to escalate in spite of a national slow-down.

The year was marked with much controversy in many areas and really nothing was fully resolved. This is the price that must be paid for living in a democracy, and we wouldn't have it any other way. Only the future history of events which occurred in 1987 will be able to look back and depict with clar-

ity the mixed emotions that were experienced and judge their merits or lack of same.

As the year closed, we brought on board a new Town Manager and a completely new staff in the Assessor's office, along with other changes and rearrangements in the Town Office personnel. The Selectmen are looking forward to the completion of the revaluation of the town in 1988, and the forward movement of the sewer upgrading project, both of which are necessary to the viability and vitality of the Town of Exeter. We also look forward to working with the Regional Solid Waste District in seeking solutions to our solid

waste disposal 'dilemma in the making'.

We are very grateful to all our town employees who have worked so diligently in the past year to provide the services which we all enjoy but so often take for granted, and we are looking forward to the same continuing good working relations in the coming year.

Respectfully submitted,

Sherman E. Chester,

*Chairman*

Robert H. Stewart,

*Vice Chairman*

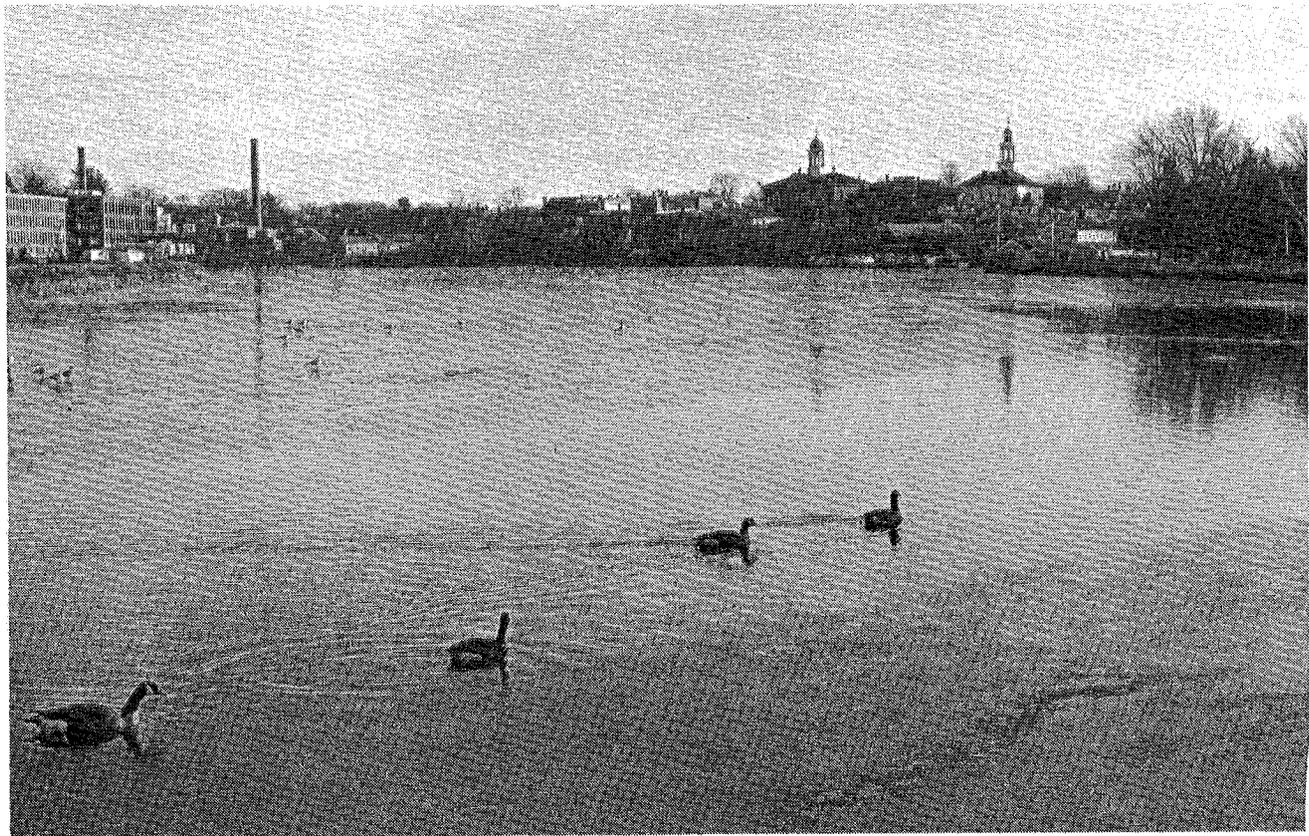

Helen C. Dix,

*Clerk*

*Victor Baillargeon*

*Evelyn H. Zarnowsk*

**BOARD OF SELECTMEN**

## Town Manager

The opening of Exeter's new library, the sale of all property in the industrial park, a new public works garage, and the renovation of the Town pool are just a few of the highlights in a very successful 1987 for the Town. As your new Town Manager, it's encouraging to begin my work on such a positive note.

Yet, with these successes come the seemingly inevitable problems. During 1987, we were required by the State to initiate a sewer moratorium, limiting new connections to the Town sewer system. The moratorium, while helping to insure that we are not fined by the EPA for polluting the Squamscott, has also led to a decline in commercial and industrial activity, and a resulting loss in tax revenues to the Town.

In October, we received correspondence from the State re-

quiring that we prepare a scope of study describing how we could go about closing the landfill. This type of correspondence is generally the precursor to a state mandate to close a landfill.

Yet another problem facing the Town during 1987 was the increase in traffic accidents on Portsmouth Avenue. Long a source of frustration in terms of delays and congestion, recently the Avenue has become the site of fully one-third of the Town's traffic accidents.

These problems, and no doubt others, will be faced during Exeter's 350th year. This year's Town warrant includes a bond issue aimed at making improvements in the lagoons and a subsequent lifting of the moratorium. The 1988 budget includes funds for developing a dump closure plan and for making initial safety improvements along Portsmouth Avenue.

As Town Manager, I intend to work with the selectmen and Town staff to continue to address problems expediently and forthright. Aggressively addressing problems facing the town will help to insure that Exeter continues to be the wonderful community we all enjoy.

I'd like to thank the selectmen and all the town employees for their help and support during my initial weeks on the job. I continue to be amazed at the quality and quantity of services Town employees render the citizens of Exeter. It is my goal to see that excellent services we all make use of continue to be provided during our 350th year and for years to come.

Respectfully yours,  
George N. Olson  
*Town Manager*

# Public Works Department

I am pleased to submit my third annual report to the citizens of Exeter. This Department oversees and maintains all town roads and sidewalks, the Water/Sewer Treatment and Distribution systems, the storm drain system, all municipal buildings and vehicles, the landfill, and two town dams. We also prepare contracts, specifications, and plans for outside work contracts. Reviews and inspections of sub-divisions and developments are now being done in our Engineering Division with the planning department.

During the past year, we started to design a new water and sewer treatment facility. The new water plant will continue to use the Exeter River as its main source of supply with Skinner Springs, the reservoir and three wells as supplemental supplies. The sewer treatment facility will involve increased dike height and aeration, septic facilities, a new grit removal system, and chlorination.

Both facilities are being designed for a 20-year period. Construction of the facilities should begin in the fall of 1988.

The town landfill is nearing capacity and we have begun work on a closure plan. A survey firm has been hired to survey the landfill and estimate the remaining capacity and time period of usage. It is critical that the Town's administration continue its search for a new disposal site. I see the solid waste situation and problems to become a costly and important issue in the future. There is no

simple and inexpensive solution.

I believe the Town buildings and equipment are beginning to show the benefits of the maintenance programs we have initiated. We have completed the Powder Mill railroad crossing with the exception of signalization. We completed another portion of the High Street reconstruction project. We have also completed a long-term paving program that will insure street paving on a priority basis. A brief itemization of our performance and accomplishments follows this report.

I invite any resident with problems, complaints and/or suggestions to contact me to discuss them. This department will always strive to serve the community in a professional, efficient and fair manner.

I would like to thank the Selectmen, Town Manager, fellow Department Heads, and Employees for their assistance and guidance this past year, and I look forward to working with all of them in the upcoming year.

Respectfully submitted,  
Keith R. Noyes  
*Public Works Director*

## Highway Division:

Road reconstruction: High St between Buzell Ave. & Drinkwater Road.

Road resurfacing: Linden Street.

Road stone chip seal: Grove St., Grove Ct., Hilliard Circle,

Leary Ct., Downing Ct., Stevens Ct., Cottage St.

Road sand seal: Oakland Rd., Beech Hill Rd., Powder Mill Rd., Cross Rd., Pickpocket Rd.

Ice Storms: 2

Snow: 74 ½"

## Water Division:

Water Breaks: 3

New Water Mains: 3,700 feet

Total Gallons treated:  
398,244,101

Average Daily flow: 1.09  
M.G.D.

68 days on pond; 297 days on river

## Sewer Division:

Sewer Breaks: 13

New sewer mains: 500 feet

Total gallons treated:  
671,400,000

Average Daily flow: 1.8  
M.G.D.

## Maintenance Division:

Misc: Handicap ramps at Town Hall and Office; refurbished portico on Town Hall.

## Engineering Division:

Misc: Provided inspections for road excavations, developments and sub-divisions; designed reconstruction project for Pine Rd.; completed pavement management program; provided planning reviews for planning department.

## Fire Department

The Exeter Fire Department experienced the busiest year in the history of the department during 1987. Dramatic increases were recorded in total emergency fire calls, structure fires and hazardous materials incidents.

In 1987, the fire department responded to 875 emergency fire calls, an increase of 225 or 35 percent over 1986. Of this total, 29 calls were structure fires, a 93 percent increase from 1986.

Hazardous material incidents increased the most significantly in 1987. The three categories of hazardous material incidents all showed large increases. Chemical emergencies increased 600 percent, while Hazardous Conditions Standby increased 100 percent and Spills and Leaks increased 67 percent. While these numbers seem extremely

high, this is expected to be the beginning of a trend on the Seacoast. The Seacoast has the largest concentration of hazardous material storage and transportation in the State.

Although structure fires increased 93 percent, total losses decreased by 4 percent. In 1987, losses totaled \$171,900, while losses in 1986 were \$178,760. The reduction in the losses, in spite of the large number of fires, was due to the quick response and action by the fire fighters.

Exeter is fortunate to have such a dedicated and talented fire fighting force. Many fires that had the potential for a major loss were kept small and resulted in minor damage because of the aggressive interior fire fighting of the crews.

The department was kept

busy with several major storms during 1987.

On January 11, 1987, a winter storm resulted in 21 emergency calls in a ten hour period. This day went on to be the busiest day in the history of the fire department. On April 6 and 7, the flood resulted in 36 emergency calls, including evacuations, in a 34 hour period. And on December 15, 1987, the department responded to 10 emergency calls in one hour during a snow storm.

I would like to thank all members of the Fire Department for their support and cooperation. I would also like to thank the Town Manager, Police, Highway, and all other Town Agencies for their assistance.

Respectfully submitted,  
William H. Pepler, Jr.  
*Fire Chief*

## Swasey Parkway

The Parkway had a very busy year with town events, weddings, concerts, and has become a gathering place at noon time for lunch meetings. You can go through the Parkway any day and see many species of wildlife that frequent the river throughout the year.

We have had to take down many trees in the Park the last few years, but hope to replace each tree we take down providing money is available. We will accept donations of trees, or money to purchase trees for the Parkway. If you would like to help, just send a check in whatever amount you would like to donate toward this tree program.

The crew the Parkway Trustees hired this year (Peter Wasiewski and Ken Goodridge) did a fine job of keeping the park looking nice throughout the summer months. We do have some good equipment that was purchased two years ago that should serve our needs for a few years.

Many of you might not be aware that the Parkway does not request any funds from the Town, but works off the interest of the trust fund. When we have damaged items at the Parkway, many times we are not able to replace them due to the amount we have to work with yearly.

The help, equipment, and insurance are all paid through the trust fund.

There is a possibility of a Boy Scout doing an Eagle Scout project for the Parkway. The young man would take a tree

and bush inventory that would enable us to see what has to be done to preserve the natural beauty of the Parkway.

We urge all of you to use the Parkway, and to help us to keep papers and other items picked up. It will make it easier for us to maintain the area.

Respectfully submitted,  
Douglas E. Dicey  
Wayne Raymond  
William Toland  
*Trustees*

## Planning Board

In 1987, the Planning Board held thirty-eight public meetings and numerous sub-committee meetings and site-walks. A total of fifty-five applicants appeared before the Board proposing a variety of residential, commercial and industrial subdivisions and site plan reviews.

The enormous developmental pressure being exerted by developers was partially offset by the moratorium on new connections to the Town's sewer system imposed by the State of New Hampshire. However, the Planning Board still approved a large amount of residential, commercial and industrial development. This development will contribute to the Town's overall economy by increasing the tax base, housing and job opportunities, and therefore enhancing Exeter's quality of lifestyle.

Recently, the Board has been reviewing zoning changes which were proposed by the Planning Department and citizen groups with the deadline of the March Town Meeting looming closer.

Members of the Board wish to extend their grateful appreciation to the citizens, businesses, and developers for their contribution and cooperation in Exeter's planning process.

Respectfully submitted,  
Robert J. Rodgers

## Exeter Housing Authority

Since its inception in 1968, the Housing Authority of the Town of Exeter has achieved significant growth towards the goal of assisting its community. During the past year, changes in both personnel and on the Board of Commissioners have had a major impact on the housing authority.

### Present Programs:

#### Public Housing:

Squamscott View..... 84  
Linden Fields ..... 15  
Auburn Street..... 3  
Portsmouth Avenue ..... 4

Public Housing Units: .....106

Section 8 Existing Units: .....169  
 Exeter Housing Authority  
 Total Units ..... 275  
 1987 Housing Assistance  
 Payments to private  
 Landlords: ..... \$477,977.50  
 1987 P.I.L.O.T. .... \$12,763.54  
 (Payment In Lieu Of Taxes)

The major goal and commitment of the Commissioners and staff is to provide safe, sanitary and decent housing for eligible elderly and family applicants in the Town of Exeter. It is their intent and desire to work harmoniously with Town Officials towards developing reasonable and attainable solutions to the complex question of shelter.

Persons interested in our programs should contact our office at 277 Water Street, or call for information at 778-8110.

The Exeter Housing Authority Commissioners' monthly meetings are usually held on the first Wednesday of every month, starting at 6:00 PM. These meetings are held in our conference room at 277 Water Street and are open to the public. Interested citizens are invited and encouraged to attend.

Respectfully submitted,

**BOARD OF COMMISSIONERS**

Rene L. Valiquet, Sr.,  
*Chairman*

Margaret D. Duhamel,  
*Vice Chairman*

Robert Curran,  
*Commissioner*

Anthony A. Dagostino,  
*Commissioner*

Constance Cochrane,  
*Commissioner*

Perley G. Beane, P.H.M.,  
*Executive Director*

## Ambulance Service

A record number of requests, 530, for the Exeter Fire Department Rescue Services was record for 1987. The summary of services rendered for the year is included elsewhere in this report.

Several Emergency Medical Technicians on the fire department were certified in Advance Care Life Support, specifically as defibrillator technicians. This advanced lifesaving skill, in conjunction with CPR, enables early defibrillation of patients in cardiac arrest.

There was a 24 percent increase in motor vehicle accidents in 1987 over 1986, reflecting growth and increased highway usage in the Exeter area. Several accidents required the use of the Hurst Rescue Tool, 'Jaws of Life' for extrication of victims trapped in the wreckage.

I wish to thank all members of the Fire Department for their support, and the townspeople of Exeter for which we serve.

Respectfully submitted,  
 John E. Carbonneau  
*Assistant Chief  
 Emergency Medical Services*

## Welfare / Mediation

Direct Relief is to assist persons whose income is not sufficient to maintain a decent standard of living. Emergency assistance is available only on a temporary basis and, due to a continuing low unemployment

rate, this portion of the budget has not increased.

The Exeter Mediation Program, a parent-child dispute resolution process, continues to meet with local families to assist them in resolving conflicts. Volunteer mediators donated over 200 hours of their time meeting with families in crisis in mediation sessions over the year. Hopefully, things will continue to go well in 1988.

Respectfully submitted,  
 Maureen Barrows  
*Welfare/Mediation Director*

## Police Department

**January:** Computers go on line; three full-time and one part-time police officers begin work; newly authorized secretary begins work; meeting with budget sub-committee, and full committee.

**February:** Implemented Taped Reporting System; Hampton man arrested for Forgery making counterfeit lottery tickets; Assisted with a Child Fingerprinting Program at the Bank Meridian where over 300 children were fingerprinted; Sgt. Kane accepted as a member of the New Hampshire Police Academy staff for the spring academy; Citizens Against Nuclear Energy receive permit to solicit.

**March:** One member of Citizens For Ten Mile Radius arrested at Town Dump for Criminal Trespass; Judge Joseph Nadeau, Superior Court, issues Ex Parte Order against Selectmen, Town Manager and Chief of Police; Dorchester,

Mass. man arrested for Sale and Possession of Cocaine; Epping man dies of cocaine overdose; Police display new uniform color combination; Town Meeting and election day.

**April:** Heavy rains and warm weather cause some flooding - EOC set up to establish emergency operations; Eleven individuals indicted by Rockingham County Grand Jury from Exeter PD case investigations; Local man struck by B & M train causing his death; quarterly report shows a 46% increase in motor vehicle accidents between January and March; three police officers subpoenaed for depositions in Moyer case; Traffic study to be done on Portsmouth Avenue; Selectmen want stronger enforcement on Water Street; snow storm April 28.

**May:** Bike rodeo sponsored by Exeter Kiwanis and Exeter Police held on Epping Road; Assisted Seabrook PD with demonstrations against power plant; Police Auction held; Assisted Epping PD with an oral board examination for new police officers; Chief Caracciolo participates in Boston Globe seminar on Police-Press relationships; 'Officer Friendly' in elementary schools; five individuals indicted by Rockingham County Grand Jury from Exeter PD case investigations; assisted applicants for police officer positions; Moyer trial tests town ordinance requiring permits for solicitation purposes.

**June:** Two officers teach at Cadet Police Academy in Manchester; enforcement increases in downtown area; Vice-

President George Bush visits Exeter and is guest speaker at the Exeter AtRea High School graduation; Exeter PD hosts first meeting of Rockingham County Chiefs of Police; Chief Caracciolo appointed member of Scholarship Committee for NH Chiefs of Police Association.

**July:** Testing for police and dispatch positions; Chief Caracciolo completes tenth year teaching at State Police Academy; Portsmouth Avenue Committee meets for third time; Exeter recognized by AAA for its commitment to pedestrian safety - 18 pedestrian fatality free years; Clerical Supervisor position approved; Selective Enforcement Traffic Project developed to increase awareness of motor vehicle laws in troublesome traffic spots; Four Exeter residents sue the town and its officials in a dispute over the constitutionality of the Town's solicitation ordinance.

**August:** Sgt. Charleston conducts robbery workshops at local banks; three police officers resign in July; Hearing held in Federal District Court, Concord, on C-10 civil suit against Town and its officials; Increased parking fines effective in September; Air National Guard assists Kiwanis Road Race.

**September:** Parking fines increase to \$5.00 up from \$2.00; New Parking signs posted in downtown area.

**October:** Portsmouth Avenue Committee presents recommendations to improve traffic conditions; \$2500 worth of drugs stolen from local pharmacy; Exeter 'Vice' Squad nets ten arrests for various liquor

law violations; Town Manager Thomas Powers resigns; George Olson appointed Town Manager; Lynn, Mass. man arrested for Don's Pharmacy burglary.

**November:** Two juveniles arrested for pulling six fire alarms boxes; Moyer case dropped by Attorney General; First snow storm; Armed Robbery reported at Texaco Station; according to the Training Academy in Concord, as of November, the January 1988 Recruit Academy is full, the March Academy is full, and they are now enrolling newly appointed police officers for the June Academy. The statewide turnover rate for police officers in NH was 15% last year, with 285 full-time officers leaving their departments; full-time officers are being hired at an average rate of 21 per month in the state.

**December:** Division commanders reassigned effective 1 Jan 88; End of year reports submitted; Police Union and Town agree on a three-year contract; Thirty local businesses donate \$7,900 to Officer Phil program for Child Safety course in the elementary schools.

The Police Department continues to report in many other areas as indicated in this report. We commit ourselves to serving you and welcome your thoughts and interest in the department. In conclusion, I wish to thank all members of the Police Department and all other Town Agencies for their cooperation and assistance through the year.

Respectfully submitted,

Frank S. Caracciolo

*Chief of Police*

## Recreation And Parks Department

The year 1987 saw many improvements in the department with the major item being the renovations of our outdoor swimming pool. At the Town Meeting in March, an appropriation of \$250,000 was approved that would allow us to do the entire renovation in one year rather than over a two year period. We now have one of the best, if not the best, outdoor pools in the area with a new stainless steel gutter system and a new and much more efficient filtration system.

We did get a late start in the spring due to the wet weather that put us behind schedule for the opening of the pool. Once we did open, the response from the people was just great as more than eight thousand people used the pool during the seven weeks we were open.

Our plan for 1988 is to open for twelve weeks, starting June 1st.

On behalf of the staff at the Recreation & Parks Department, we thank you for your support of this project.

We saw a great deal of growth in our youth programs in 1987, with some program showing increases of fifty or more students above the previous year's program. With the continued growth in this area, we expect to see these numbers continue to increase for at least two or three more years.

The parks and commons went through some changes this year as we tried to implement new ways to cut back on man hours

without sacrificing how they look. We did a complete renovation of two commons - the west end near the Knights of Columbus and the traffic island near the Rockingham County Court House on the Hampton Road. The Exeter Garden Club has been a big help in working with our department by setting out bulbs in the fall with us.

We both have the same goal for Exeter: to make it an attractive place to live and work by adding plants and flowers. We hope to change two or more of these small commons this year providing funds are available.

We will again try our gifts catalog. This will give you a chance to donate money to purchase trees, flowers, and playground equipment, plus other ideas as a way of supporting your Parks and Recreation Department. We should have these catalogs ready in a few weeks.

Stop by the office for your copy.

To the sponsors of our summer concert series and special events: we thank you for your continued support. To the many volunteers that help with programs throughout the year: without you we would not be able to offer the variety of activities that we provide throughout the year.

In regard to revenues, the department had its best year to date with more than one hundred seventy thousand dollars brought to the town through donations and fees for programs. When you look at our budget request in the town report, you must remember that half of the amount requested

comes in as revenue, thereby reducing the amount requested from taxes.

We look forward to working with the Exeter 350th Committee in 1988, with many of our activities to coincide with the Committee's programs.

We also look for more participation in our activities. We have tried our best and continue to try our best to provide you with programs that will enable all age groups to participate in Recreation in one form or another.

Respectfully submitted,  
Douglas E. Dacey  
*Director*

## Public Library

We are now in a beautiful new building and it's worth 2.3 million dollars. Most of you have been in already, but if you haven't you should: it's still within easy walking distance of downtown.

Appreciate what you have bought: a parking lot with covered and handicapped spaces, a big meeting room, a colorful children's room, two copying machines, a pay phone, a spacious local history room, and great sweeping view of the river and downtown.

We've been getting together materials suitable for this place, and next year we'll be reporting on services impossible in the old place. But we still did all right. Notice that the circulation went up even being closed for most of December during the move.

As usual, a lot of you gave a lot of help. The lion's share came from the appropriately named Andrew Carnegie, who was at the building site checking things just about every day. When the building was up he was still here every morning at six or seven meeting plumbers, electricians and elevator repairmen. This is, therefore, a Carnegie library.

We now have two people who drive books to the nursing homes. We need them because we now have four nursing homes. Edna Willey has been calling people to get their overdue books back for nearly a year now and several people have been reading shelves and putting theft-detecting strips in the books. And the Friends of the Library have had enough time and energy left from their giant booksale, and book-bag sale, and cookbook sale - the proceeds of which buy passes to four expensive Boston museums - to sponsor some splendid programs. Now that they actually have a place for programs they can do even more.

Lilacs and bulbs have already gone into the park, and the Founder's Park Committee has been raising money and making plans for a setting worthy of this beautiful building - Exeter's jewel in the crown, and my personal dream come true.

Respectfully submitted,

Pamela Gjettum  
*Librarian*

## Conservation Commission

The Conservation Commission warmly welcomes new Commissioners Glen Greenwood and Heywood Stanley who were appointed to fill the expired terms of David Ouellet and LaRue Lynch. Our sincere thanks and appreciation to David and LaRue for their hard work and dedication to the preservation of Exeter's natural resources.

At the 1987 Town Meeting, for the second time since the updating of the Town Master Plan, Exeter voters showed their concern for the preservation of open space by appropriating \$50,000 to add to the Town's Conservation Fund for purchase of open space, easements and water rights. The Commission anticipates making a similar request at each Town Meeting covered by Exeter's Capital Improvements Program for the years 1986-1991.

We are grateful for citizens who understand the precious nature of our remaining open lands and who are willing to help us reserve open space for future generations.

A gift of 75 acres of land highlighted the spring of 1987. It was given to the town by Edward Houck and Mike Kazanjian. The land lies to the north of Brentwood Road and is accessible by a public easement (included in the gift) which begins on the Exeter/Brentwood border. The gift is a generous one and greatly appreciated. The Commission is in the process of evaluating the parcel

and marking its boundaries.

Our Youth Conservation Campers this year were Albert Pace and Heather Graves. Their letters and subsequent personal reports to the Commission demonstrate the enormous value of Exeter's ongoing environmental education programs. Both Albert and Heather expressed appreciation for the opportunity afforded them and indicated a new awareness and understanding of the environment. The Commission, in a second educational endeavor, purchased acid rain testkits for use by Mr. Roy and the Junior High Science Department. Lastly, for its own continuing education, the Commission sent delegates to: the 1987 Natural Resource Lecture Series sponsored by the Rockingham County Conservation District and the Rockingham Planning Commission; the 1987 Soils Field Day put on by the Rockingham County Conservation District; the 17th Annual Meeting of the New Hampshire Association of Conservation Commissions.

The Commission values these opportunities to increase its knowledge and expertise.

Fifteen dredge/fill applications were reviewed this year, including site inspections, plan reviews and written recommendations to the State Wetlands Board. In addition, four Wetlands violations were reported, verified and submitted to the Wetlands Board.

Our program of deed and boundary research initiated in 1986 continues and is yielding valuable information on town-owned lands.

Current work is focusing on the area known as the Oxbow or Great-Round-About, the gift of the Molloy family.

With matching funds from the Agricultural Stabilization Service, the Commission has hired Charles Moreno, a consulting forester, to prepare an updated management plan for Henderson-Swasey Park. It is expected that revenues produced by proper management over the years will offset the cost of the consulting forester and upkeep of the Park.

In July, the Commission recommended the adoption of an erosion and sediment control regulation in the Town's planning regulations. The loss of top soil from poorly protected construction sites has been a significant problem in the last few years. The new regulation should help to correct the problem. Many thanks to the Planning Board for helping to review the regulation, for their support and, finally, for their vote to adopt.

We are happy to announce that with the help and cooperation of the Planning Board, Exeter voters will have the opportunity at March, 1988 Town Meeting to vote for an aquifer protection ordinance for the Town. Such an ordinance has been a high priority of the Commission for some time. It is hoped that the ordinance will provide protection for future well sites on Exeter's sand gravel aquifers.

These aquifers have the potential to yield the large amounts of water required for municipal supplies.

The orienteering maps pro-

duced by Anthony Federer of the New England Orienteering Club, and sponsored by the Commission, were completed this spring. The maps, which cover Henderson Swasey Park and its environs, are available for \$1.25 at the Recreation Office, the Town Clerk's Office, and the Chamber of Commerce. A beginner orienteering meet was held on May 3rd for Exeter area residents.

Those who attended experienced a new and pleasurable recreational activity. Many thanks for the enthusiasm and cooperation of abutting land owners, especially the Industrial Park, who permitted use of their parking lot and facilities.

We would like to remind everyone that the Commission's Open Space brochure is still available for \$ .25 at the Town Clerk's Office, the Recreation Department, and the Chamber of Commerce. The brochure describes and locates two of Exeter's largest passive recreation areas.

In addition to its regular duties and projects, the Commission attended meetings and workshops in preparation for eventual application to the newly created Land Conservation Investment Program.

Created by the New Hampshire Legislature in May, 1987, this program will help towns purchase land or interest in land which has been identified of local importance for protection from development. The Commission was able to carryout the initial steps in Exeter's application process, and hopes it has been of service to the newly assembled local Task Force ap-

pointed by the Board of Selectmen. We shall continue to make our support and assistance available to them in the coming months.

Our thanks, as always, to all who have given us their support and contributed time and energy to our efforts. We look forward to 1988 and reaffirm our committment to the protection of Exeter's natural resources.

Grand Total: 562.10 acres

## Historic District Commission

The Historic District Commission administers the requirements of the Exeter Zoning Ordinance relating to the Historic Districts. These districts include approximately 120 buildings in the downtown and Front Street areas. The zoning ordinances provide a full description of the Historic District's boundaries, the intent of the Historic Districts and the functions of the Historic District Commission.

Essentially, the Historic Districts' purposes are to preserve Exeter's heritage as seen in its architecture while promoting full use, and enabling consistent development and renovations. These purposes are intended to benefit both District property owners as well as citizens at large by maintaining Exeter's unique character, fostering civic pride and conserving property values.

The Historic District Com-

mission administers the zoning ordinances by reviewing and approving or disapproving applications for changes to structures within the Historic District.

Accordingly, certificates of approval are required from the Historic District Commission before any work can be performed to construct, move, alter, improve or restore structures within the Historic District. Approval is also required for additions or changes to signs within the Historic Districts.

Please contact the Town Building Inspector's office for further information if you are considering any changes to properties within the Historic Districts. Application forms and the Town zoning ordinances are also available to you at the Town Offices. The Historic District Commission meets on the third Tuesday of each month at the Town Offices, 10 Front Street, at 7:00PM.

The Historic District Commission works hard to help District property owners while preserving Exeter's architectural heritage. We thank you for your cooperation and we look forward to meeting and working with you.

## Zoning Board Of Adjustment

In 1987, the Board of Adjustment held 15 public meetings and conducted a number of sitewalks. A total of 65 petitions for relief from Exeter's Zoning Ordinance were heard. This includes 41 petitions for variances, of which 22 were approved; 20 petitions for special exceptions, of which 11 were approved; and 4 petitions for relief of Administrative Decision or development codes, of which 0 were approved.

The Board of Adjustment sits as a quasi-judicial body to hear appeals such as variances when it is alleged that the strict literal enforcement of the ordinance will result in an unnecessary and unique hardship to an owner's property. Special exceptions are granted upon the Board determining that certain specific criteria have been complied with and that the appeal is in keeping with the spirit and intent of the zoning ordinance.

## Mosquito Control

The Exeter Mosquito Control District consists of Exeter, Hampton Falls, Newfields, and Stratham. It resulted from a cooperation among towns that began in the late 1970's. Originally organized as separate programs, it was then found more economical to share such costs as a professional entomologist to manage and supervise mosquito control work. Research into the expansion of this cooperative program to include more towns was initiated in 1987.

The program was active early in 1987 as mosquito larvae hatched even before the snow had fully melted. All breeding sites were larger than normal after the flooding rains of March and April. The drenching weather required our tenacity, and our three man crew kept on the move to reach all documented Spring breeding sites. Treatment was concentrated on previously discovered breeding sites.

Records of these sites were updated with detailed maps drawn to complement site descriptions.

Dip samples were taken intensively and every one-half acre was sampled to insure it contained enough mosquito larvae to warrant treatment. This approach maximized efficiency; as a result our material usage was down compared to prior years of similar magnitude.

The Summer continued with the hatching of saltmarsh mosquito larvae, usually every 12 to

18 days. We monitored the 100 acres of breeding saltmarsh weekly to allow prompt treatment of each new brood; these broods can complete development in as little as six days. Also, some freshwater sites hatched as much as three times throughout the Summer with most pool activity in late June. These, and especially the most crucial were larvicided. Follow-up surveys of treated areas revealed excellent results with close to 100% control most of the time. This was important since a pint water sample would sometimes contain 80 to over 100 mosquito larvae before treatment!

In the midst of rapid larval development, we maintained treatment schedules while also monitoring the adult population. Adult surveillance involved the capture and identification of over 40,000 mosquitoes. The gathered data were used to determine truck spray schedules and to monitor mosquitoes of concern to human health.

Along with mosquito control, twenty-three greenhead traps were built in 1987 to bring the total to fifty-four. These 'black boxes' were constructed of scrap materials and were set on the saltmarshes to capture and control greenhead flies.

The goal of this program will continue to be the providing of safe and effective mosquito control as economically as possible. Both myself and the Commissioners thank everyone for their support in 'fighting the bite' and look forward to an-

other year of effective mosquito control.

Respectfully submitted,  
 Mark Weaver  
*Supervisor*

## Building Inspector

The last half of 1987 shows a softening of the new single-family home starts. There are no long lines of people standing in line for permits. Our Growth Control Ordinance has worked.

There is a serious problem with our sewer capabilities. Many of the projects that are pending depend on sewer capacity. The rapid growth will have to slow down a bit and let

our pipes, tubes and lagoons catch up.

As in past years, the Building Inspector's office works closely with the Planning Board, Public Works, Health Officer, Fire Department, Police Department, Historic District Commission and the Zoning Board of Adjustment.

Permits were issued in the amount of \$31,182,470.00, which generated \$118,137.15 in revenue for the Town.

My sincere thanks to the citizens of Exeter for allowing me to serve as your Building Inspector.

Respectfully submitted,  
 E. Melvin Bowley  
*Building Inspector*

EXETER SCHOOL DISTRICT WARRANT

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Town Hall in said Exeter on Tuesday, the eighth of March, 1988, to choose the following School District Officers, by ballot, the polls to open at eight of the clock in the forenoon, and to close no earlier than eight of the clock in the evening:

1. To choose two School Board members for the ensuing three years.
2. To choose a School District Treasurer.

Given under our hands on this 19th day of February, 1988.

EXETER SCHOOL DISTRICT WARRANT

To the inhabitants of the School District in the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon district affairs:

You are hereby notified to meet at the Exeter AREA High School in said Exeter on Monday, the seventh day of March, 1988, at seven o'clock in the evening to act upon the following articles:

1. To see if the District will vote to authorize the School Board to provide bus transportation to all children in grades R-5 outside one half mile from the school. Said transportation cost, not to exceed \$14,000.00, will be included as a portion of the 1988-1989 school transportation budget.
2. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of reconstructing the buildings of the Exeter Public Schools including associated engineering and architectural fees, and to appropriate to said Capital Reserve Fund all unencumbered surplus funds at the end of the 1987-1988 school year, and to designate the Exeter School Board as agents to expend, without further approval of the School District Meeting but only after public action by said School Board, any and all funds contained therein.
3. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; must not require the expenditure of other School District funds; and must be exempt from all provisions of RSA 32 relative to limitations and expenditures of School District monies.
4. To see if the District will vote to authorize the School Board to make application for, accept, and expend, on behalf of the School District all gifts, advances, grants in Aid, revenue sharing funds, or any other funds for educational purposes as may now, or hereafter be available or forthcoming from the United States Government, the State of New Hampshire, or any of its municipalities, or any other state, local or federal agency.
5. To hear reports of Agents, Auditors, and Committees or Officers heretofore chosen and pass any vote relating thereto.
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials and agents, and for the payment of the statutory obligations of the District.

7. To transact any other business which may legally come before this meeting.

Given under our hands this 19th day of February, 1988.

## REPORT OF THE SCHOOL ADMINISTRATORS

William J. Clancy, Superintendent  
Darrell J. Lockwood, Assistant Superintendent  
David C. Michaud, Assistant Superintendent

The school year 1987-1988 has been a year of major transition which has seen the appointment of many new administrators in SAU #16 communities. There is a new superintendent, two new assistant superintendents, a new elementary principal in Stratham, two new elementary principals in Exeter, and a new organization of the special education administration in the SAU, wherein a director has been appointed for Exeter and administrative services in the other communities have been assumed by the assistant superintendents.

In 1987-1988, the respective School Boards of SAU #16 have spent considerable time and effort developing proposals for addressing the space needs in Brentwood, East Kingston and Stratham. The Kensington school addition has been completed, and the Exeter School Board has begun the process of developing the project to address the facility needs of Exeter Area High School.

In addition, all boards have been involved in a study of the current Area Agreement, which has not been modified in the twenty-one years during which it has been in force. As a part of this study, the boards are currently studying the potential of a Cooperative Agreement to replace the current Area Agreement.
